4. CARE AND MAINTENANCE

Proper care ensures the longevity and appearance of your Nautica sleep top. Always refer to the care label inside the garment for the most accurate instructions.

General Care Instructions:

- **Machine Wash:** Wash in cold water with similar colors.
- **Detergent:** Use a mild detergent. Avoid harsh chemicals or bleach.
- **Drying:** Tumble dry on low heat or lay flat to dry to prevent shrinkage and maintain fabric integrity.
- **Ironing:** If necessary, iron on a low setting. Do not iron directly on the logo.
- **Fabric Composition:** 60% Cotton, 40% Polyester.

5. TROUBLESHOOTING

This section addresses common concerns related to garment care.

Common Issues and Solutions:

- **Shrinkage:** To minimize shrinkage, always wash in cold water and tumble dry on low heat or air dry. High heat can cause cotton blends to shrink.
- **Color Fading:** To preserve color, wash inside out with similar colors and avoid direct exposure to strong sunlight during drying.
- **Pilling:** Pilling (small fabric balls) can occur with wear and washing. To reduce pilling, wash garments inside out on a gentle cycle and avoid excessive friction.
