

## Rock EB60

# Rock Space EB60 TWS Bluetooth Earbuds User Manual

Model: EB60 | Brand: Rock

## INTRODUCTION

The Rock Space EB60 TWS Bluetooth Earbuds offer a true wireless audio experience, providing cable-free stereo music. Designed for comfort and portability, these lightweight earbuds come with a convenient charging case for on-the-go power. This manual provides essential information for setting up, operating, and maintaining your EB60 earbuds.

## PRODUCT OVERVIEW

An image showing the black Rock Space EB60 TWS Bluetooth Earbuds. One earbud is shown outside the charging case, while the other is partially visible inside the open charging case. The charging case has four small LED indicator lights on the front.

The EB60 earbuds are designed for a secure and comfortable fit, weighing approximately 5.5g each. They feature a metal protective net to prevent foreign items from entering the cavity, enhancing durability. The included charging case not only stores your earbuds but also charges them automatically when placed inside.

## SETUP

---

### 1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case; they will begin

charging automatically. The charging case has a 400mAh capacity, and the earbuds each have a 100mAh battery. Full charging time is approximately 1.5 hours.

## 2. Pairing with a Device

1. Ensure your earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your mobile phone or Bluetooth-enabled device, go to the Bluetooth settings.
4. Search for available devices and select "Rock Space EB60" (or similar name) from the list.
5. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

## 3. Adjusting Fit

The EB60 earbuds come with silicone earbud tips in sizes Small (S), Medium (M), and Large (L). Choose the size that provides the most comfortable and secure fit for optimal sound quality. Adjust the fit by gently rotating the earbud until it feels snug and stable in your ear canal.

## OPERATING INSTRUCTIONS

---

### Music Playback

- After successful pairing, you can play music from your connected device.
- The earbuds support approximately 3.5 hours of music playback on a single charge.
- Control music playback (play/pause, next/previous track) directly from your connected mobile phone.

### Bluetooth Connectivity

The EB60 earbuds utilize Bluetooth 5.0 for stable and efficient wireless connection. The effective transmission range is approximately 10 meters (33 feet) in an open environment.

## MAINTENANCE

---

### Cleaning

Regularly clean the earbuds, especially the silicone tips and the metal protective net, to ensure optimal sound quality and hygiene. Use a soft, dry, lint-free cloth. Do not use abrasive cleaners or immerse the earbuds in water.

### Storage

When not in use, always store the earbuds in their charging case. This protects them from dust and damage and ensures they remain charged for your next use.

## TROUBLESHOOTING

---

### Earbuds Not Connecting/Pairing

- Ensure both earbuds are charged.
- Turn off Bluetooth on your device and turn it back on.
- Forget "Rock Space EB60" from your device's Bluetooth list and attempt to re-pair.
- Ensure the earbuds are within the 10-meter transmission range of your device.

### Charging Issues

- Verify that the charging cable is properly connected to the charging case and a power source.
- Ensure the earbuds are correctly seated in the charging case.
- Check the charging indicator lights on the case.

## Poor Sound Quality

- Ensure the earbuds are clean and free of debris, especially the ear tips and protective net.
- Adjust the fit of the earbuds in your ears.
- Move closer to your connected device to avoid interference or range issues.

## SPECIFICATIONS

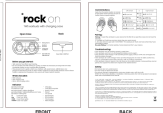

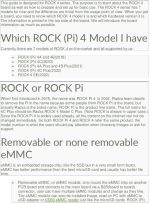

Model Number	EB60
Manufacturer Number	RAU0656
Brand	Rock
