Oraimo OCC-21D

Oraimo OCC-21D Car Charger User Manual

Model: OCC-21D

1. Introduction

Thank you for choosing the Oraimo OCC-21D Car Charger. This manual provides essential information for the safe and efficient use of your device. Please read these instructions carefully before use and retain them for future reference.

2. Product Overview

2.1 Package Contents

- Oraimo OCC-21D Car Charger
- Micro USB Charging Cable (1 Meter)
- Lightning Charging Cable (1 Meter)

2.2 Key Features

- **Dual USB Output:** Charge two devices simultaneously.
- **Fast Charging:** Delivers efficient power to compatible devices.
- **Multi-Protection:** Built-in safeguards against overcurrent, overvoltage, and short-circuiting.
- **LED Light Indicator:** Provides visual confirmation of power status.

2.3 Product Diagram

Figure 1: Front view of the Oraimo OCC-21D Car Charger, showing the dual USB ports and LED indicator ring.

Figure 2: The Oraimo OCC-21D Car Charger alongside the included Micro USB and Lightning charging cables.

Figure 3: Close-up view of the included Micro USB and Lightning charging cables.

3. Setup

1. **Insert the Car Charger:** Firmly insert the Oraimo OCC-21D Car Charger into your vehicle's 12V/24V cigarette lighter socket. Ensure it is fully seated.
2. **Power Indicator:** Once properly inserted, the LED light ring on the charger will illuminate, indicating that the charger is receiving power and is ready for use.
3. **Connect Your Device:** Use one of the provided charging cables (Micro USB or Lightning) or your device's

original USB charging cable. Connect the USB-A end of the cable to one of the charger's USB ports and the other end to your mobile device.

4. Operating Instructions

- **Charging Single Device:** Connect your device to either USB port. The charger will automatically detect your device and begin charging.
- **Charging Two Devices:** You can charge two devices simultaneously by connecting each to a separate USB port. The total output is shared between the two ports.
- **LED Indicator:** The blue LED light indicates that the charger is powered on and functioning correctly. It does not change color to indicate charging status of connected devices.
- **Optimal Charging:** For optimal charging speed, ensure your device's charging cable is in good condition and compatible with the charger's output.

5. Safety Information

To ensure safe operation and prevent damage to the product or connected devices, please observe the following:

- Do not expose the charger to water, moisture, or extreme temperatures.
- Avoid dropping, disassembling, or attempting to repair the charger yourself.
- Ensure the car's cigarette lighter socket is clean and free of debris before inserting the charger.
- Do not use the charger if it appears damaged.
- Keep out of reach of children.
- Unplug the charger when not in use for extended periods.

6. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the surface of the charger. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

7. Troubleshooting

Problem: Charger LED does not light up.

Solution: Ensure the charger is fully inserted into the car's cigarette lighter socket. Check if the car's power outlet is functioning (e.g., by testing with another device). Verify the car's ignition is on if required for the outlet to be active.

Problem: Device is not charging or charging slowly.

Solution:

- Ensure the charging cable is securely connected to both the charger and your device.
- Try a different USB port on the charger.
- Test with a different charging cable to rule out cable issues.
- Ensure your device is compatible with the charger's output specifications.
- If charging two devices, the total output is shared, which might result in slower charging for each device compared to charging a single device.

8. Specifications

Model	OCC-21D
Input	DC 12V - 24V
Output	DC 5.0V / 2.1A MAX (per port, shared total)
USB Ports	2
Dimensions	15.8 x 8.1 x 3.3 cm
Weight	30 g
