

## VGR V-306

# VGR V-306 Electric Shaver

## USER MANUAL

### 1. PRODUCT OVERVIEW

The VGR V-306 Electric Shaver is a versatile and efficient grooming tool designed for both wet and dry shaving. Its advanced features ensure a comfortable and precise shave, adapting to the contours of your face and neck. The shaver is equipped with a powerful motor, long-lasting battery, and smart display for an optimal user experience.

#### Key Features

- **Smooth and Precise Shave:** Features 3D floating heads that adapt to facial and neck contours for a comfortable and close shave.
- **Pop-up Trimmer:** Integrated trimmer for precise detailing of beards and sideburns.
- **Fast USB Charging & LED Digital Display:** 1.5-hour quick charge provides 90 minutes of runtime. The smart LED screen displays usage time and remaining battery.
- **Wet & Dry Shaving, Easy Cleaning:** IPX7 waterproof design allows for comfortable dry shaving or refreshing wet shaving with foam/gel. The entire shaver can be rinsed directly under running water.
- **Travel Lock:** Press and hold the power button for 3 seconds to activate/deactivate the travel lock, preventing accidental activation.

#### Package Contents

- 1 x VGR V-306 Electric Shaver
- 1 x Beard/Sideburn Trimmer (integrated)
- 1 x USB Charging Cable (adapter not included)
- 1 x Protective Pouch
- 1 x Cleaning Brush
- 1 x User Manual

## 2. SAFETY INFORMATION

Please read all safety instructions carefully before using the VGR V-306 Electric Shaver to ensure safe operation and prevent injury or damage.

- Always ensure the shaver is turned off and unplugged before cleaning.
- Use caution when handling wet blades to avoid cuts.
- For safe charging, do not leave the device plugged in overnight or when not in use.
- Keep the shaver away from children.
- Do not disassemble or attempt to repair the shaver yourself. Contact customer support for assistance.
- Do not use the shaver if the blades are damaged or deformed, as this may cause skin irritation or injury.
- Only use the provided USB cable for charging.

## 3. SETUP

### Initial Charging

Before the first use, fully charge the shaver. A full charge takes approximately 1.5 hours and provides up to 90

minutes of cordless operation.

1. Connect the USB charging cable to the shaver's charging port.
2. Plug the other end of the USB cable into a compatible USB power source (e.g., computer, laptop, USB wall adapter, power bank).
3. The LED display will show the charging progress. Once fully charged, the display will indicate 100%.
4. Disconnect the shaver from the power source once charging is complete.

## 4. OPERATING INSTRUCTIONS

### Wet and Dry Shaving

The VGR V-306 shaver is designed for both dry and wet shaving, offering flexibility based on your preference.

- **Dry Shaving:** For a quick and convenient shave, ensure your skin is clean and dry. Turn on the shaver and move it gently over your skin in circular motions.

- **Wet Shaving:** For a refreshing and smoother shave, wet the area to be shaved or apply shaving cream/gel. Turn on the shaver and move it gently over your skin in circular motions. The IPX7 waterproof rating allows for use in the shower.

# IPX7 WATERPROOF

Whole body is washable  
Easier to clean or shave

Showerproof

Shave dry  
or with foam

## Using the Pop-up Trimmer

The integrated pop-up trimmer is ideal for shaping sideburns, mustaches, and other facial hair.

1. Locate the pop-up trimmer switch on the back of the shaver.
2. Slide the switch upwards to activate the trimmer.
3. Use the trimmer to precisely shape and define your facial hair.
4. Slide the switch downwards to retract the trimmer when finished.

## Travel Lock Function

To prevent accidental activation during travel, the shaver features a travel lock.

- **To Lock:** With the shaver off, press and hold the power button for 3 seconds. The LED display will show a lock icon, indicating it's locked.
- **To Unlock:** Press and hold the power button for 3 seconds again. The lock icon will disappear, and the shaver will be ready for use. You will hear an alert sound.

## 5. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the lifespan of your shaver.

### Cleaning the Shaver

Thanks to its IPX7 waterproof design, cleaning the VGR V-306 is simple and hygienic.

1. Turn off the shaver and disconnect it from any charging cable.
2. Press the release button to open the shaver head assembly.
3. Rinse the shaver head and the main body under running water to remove hair clippings and residue.
4. Use the included cleaning brush to remove any stubborn hair particles from the blades and internal components.
5. Allow the shaver head and body to air dry completely before closing the head assembly and storing the shaver.

## 6. TROUBLESHOOTING

If you encounter any issues with your VGR V-306 Electric Shaver, please refer to the following table for common problems and their solutions.

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is low or depleted. Travel lock is activated.	Charge the shaver fully. Deactivate the travel lock by pressing and holding the power button for 3 seconds.
Poor shaving performance.	Blades are dirty or clogged with hair. Blades are worn out.	Clean the shaver head thoroughly. Consider replacing the shaver head if performance does not improve after cleaning.
Shaver stops during use.	Battery is low.	Recharge the shaver.
LED display not working.	Shaver is off or battery is completely dead.	Turn on the shaver. Charge the shaver to see if the display reactivates.

## 7. TECHNICAL SPECIFICATIONS

Detailed specifications for the VGR V-306 Electric Shaver.

Specification	Value
Product Name	Shaver
Model Number	V-306
Brand	VGR
Blade Material	Stainless Steel
Color	Blue
Item Weight	250 grams
Battery Life	90 minutes
Included Components	Cleaning Brush, Battery
Power Source	Battery Powered
Special Features	Cordless, Rechargeable
Recommended Uses	Face, Body
Country of Origin	Egypt
Product Dimensions	12 x 7 x 19 cm
Battery Type	1 Lithium Ion battery (included)
Rated Voltage	100V - 240V
Input Voltage	5V

Specification	Value
Output Power	8W
Battery Capacity	800 mAh

## 8. WARRANTY AND SUPPORT

### Warranty Information

This product comes with a 1-year quality guarantee against defects in materials and workmanship, valid for 12 months from the date of original purchase (invoice required). This warranty does not cover intentional or unintentional damage caused by the user.

To initiate a warranty claim, please contact VGR customer service with a clear description of the problem, associated pictures, and a copy of your original invoice. Once the claim is verified, the company will, at its discretion, either repair or exchange the product if repair is not possible. Customers are responsible for the cost of transporting the product to VGR for service, while VGR will cover the return shipping cost if applicable.
