3. OPERATING

This die-cast model is primarily a collector's item and is not designed for rigorous play. Its operation involves display and gentle handling.

- **Display:** Position the model in a secure location away from direct sunlight, extreme temperatures, and high humidity to preserve its finish and material integrity.
- **Handling:** When handling the model, hold it by the body rather than delicate parts like mirrors or spoilers to prevent accidental damage.
- **Movement:** The wheels are functional, allowing for gentle rolling on smooth surfaces. Avoid excessive force or impact.

4. MAINTENANCE

Proper care will ensure the longevity and appearance of your Hot Wheels die-cast model.

- **Cleaning:** To clean the model, gently wipe it with a soft, dry, lint-free cloth. For stubborn dust, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or solvents, as these can damage the paint and finish.
- **Storage:** Store the model in a dust-free environment. Original packaging or a display case is recommended to protect it from dust, scratches, and environmental factors.

The back of the product packaging provides additional details. It shows illustrations of other vehicles in the 'Exotic Envy' series, including McLaren Senna, Aston Martin Vulcan, Aston Martin Valhalla Concept, and '16 Bugatti Chiron. Important safety information, age recommendations (15+ years), and manufacturer details are printed in multiple languages.

Recycling symbols are also present.

5. TROUBLESHOOTING

Due to the nature of this product as a die-cast model, troubleshooting is generally limited. However, common concerns and their resolutions are listed below:
