# Okaysou Aqua Q6 6L Smart Humidifier and Diffuser Instruction Manual

Model: Aqua Q6

## 1. INTRODUCTION

Thank you for choosing the Okaysou Aqua Q6 Smart Humidifier and Diffuser. This device is designed to improve air quality and comfort in your home by providing cool mist humidification and aromatherapy. With its 6-liter capacity, remote control, and smart features, it offers a convenient and efficient solution for maintaining optimal humidity levels in large rooms.

## 2. IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before using the appliance.
- Always place the humidifier on a firm, flat, water-resistant surface away from walls and heat sources.
- Do not immerse the base unit in water or other liquids.
- Unplug the humidifier before filling, cleaning, or moving it.
- Do not add water to the mist output nozzle.
- Keep out of reach of children and pets.
- Use only clean, cool tap water. Distilled water is recommended to prevent mineral buildup.
- Do not use essential oils directly in the water tank; use the designated essential oil tray.

## 3. PACKAGE CONTENTS

Please check the package for the following items:

- Okaysou Aqua Q6 Humidifier Unit
- Remote Control
- Instruction Manual

- Cleaning Brush

## 4. PRODUCT OVERVIEW

Familiarize yourself with the main components of your Okaysou Aqua Q6 Humidifier.

Image: Okaysou Aqua Q6 Humidifier showing its various components and features, including the mist outlet, control panel, water tank, and base.

- **Mist Nozzle:** Rotates 360 degrees to direct mist.
- **Water Tank:** 6-liter capacity for extended operation.
- **Control Panel:** Digital LED display for settings and status.
- **Base Unit:** Contains the ultrasonic atomizer and electronic components.
- **Essential Oil Tray:** For adding essential oils for aromatherapy.
- **Water Level Window:** Transparent window to easily monitor water level.

## 5. SETUP

### 5.1 Placement

Place the humidifier on a flat, stable surface at least 6 inches (15 cm) away from walls and furniture. Ensure it is not placed on carpet or near heat sources.

## 5.2 Filling the Water Tank

The Okayso Aqua Q6 features a convenient top-fill design.

1. Remove the top cover of the humidifier.
2. Pour clean, cool water directly into the water tank. Do not exceed the MAX water level indicator.
3. Do not add water into the mist output pipe.
4. Replace the top cover securely.

Image: A hand pouring water into the top opening of the Okayso Aqua Q6 humidifier, demonstrating the easy top-fill feature.

## 5.3 Initial Power On

Plug the power cord into a standard 120V AC electrical outlet. The humidifier will beep once, and the LED display will light up, indicating it is in standby mode.

## 6. OPERATING INSTRUCTIONS

## 6.1 Power On/Off

Press the Power button on the control panel or the remote control to turn the humidifier on or off.

## 6.2 Mist Output Adjustment

Press the Mist button on the control panel or remote control to cycle through low, medium, and high mist output levels. The current mist level will be displayed on the LED screen.

Image: The OkaySou Aqua Q6 humidifier emitting mist, with its digital display showing settings and a remote control nearby, highlighting adjustable mist volume.

## 6.3 Timer Function

Press the Timer button to set the operating time for 1, 2, 4, or 8 hours. The humidifier will automatically turn off once the set time has elapsed.

## 6.4 Sleep Mode (Quiet Operation)

The humidifier operates at a low noise level (24dB) for quiet operation, making it suitable for bedrooms and nurseries. To turn off the LED display for undisturbed sleep, press the Light/Heat button until the light turns off.

## 24dB - ALMOST SILENT OPERATION

Great for sensitive sleepers including babies and seniors.

The image shows a woman in a grey long-sleeved shirt leaning over a baby in a crib. A black OkaySou Aqua Q6 humidifier is on a surface next to the crib, emitting a mist. The scene is set in a nursery with a window in the background.

## 6.6 Essential Oils Diffuser

To use the aromatherapy function:

1. Pull out the essential oil tray located at the base of the humidifier.
2. Add a few drops of your favorite essential oil onto the aroma pad.
3. Push the tray back into the humidifier.
4. The aroma will diffuse with the mist.

## 7. MAINTENANCE

Regular cleaning is essential for optimal performance and hygiene.

### 7.1 Daily Maintenance

- Empty the water tank and base.
- Rinse the tank and base with clean water.
- Allow all parts to air dry before reassembling.

## 7.2 Weekly Cleaning

To remove mineral buildup (scale) and disinfect:

1. Unplug the humidifier.
2. Remove the top cover and empty any remaining water.
3. Pour 1 cup (250ml) of undiluted white vinegar into the water tank and base.
4. Let it soak for 30 minutes.
5. Use the provided cleaning brush to gently scrub the ultrasonic atomizer and other areas with scale buildup.
6. Rinse all components thoroughly with clean water until the smell of vinegar is gone.
7. Wipe the exterior with a soft, damp cloth.
8. Allow all parts to air dry completely before storage or next use.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	Lack of water in the tank	Refill the water tank.
	Mineral buildup on the atomizer	Clean the ultrasonic atomizer with vinegar and the cleaning brush.
	Mist nozzle blocked	Ensure the mist nozzle is clear of obstructions.
Water leakage	Tank not properly seated	Ensure the water tank is correctly placed on the base.
	Overfilling the water tank	Do not fill water above the MAX line.

Problem	Possible Cause	Solution
Unusual noise	Humidifier not on a flat surface	Place the humidifier on a stable, flat surface.
	Water level too low	Refill the water tank.
