

Yaheetech 591934

Yaheetech Small Animal Cage with 2 Levels and 1 Ramp - Model 591934 Instruction Manual

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the Yaheetech Small Animal Cage, Model 591934. This cage is designed to provide a safe, comfortable, and stimulating environment for various small animals. Constructed from solid metal with a rust-resistant hammered paint finish, it offers durability and security. With a bar spacing of 2 cm and overall dimensions of 61 cm (L) x 42.5 cm (W) x 85.5 cm (H), it is suitable for small creatures such as rats, ferrets, chinchillas, guinea pigs, hedgehogs, and even kittens. Please read this manual thoroughly before assembly and use to ensure proper setup and care.

1.1 Package Contents

Before beginning assembly, please verify that all components listed below are present and undamaged.

- Small animal cage frame
- Assembly instructions
- Accessory kit (screws, nuts, tools)
- Storage compartment (mesh shelf)
- 1 x Plastic Platform
- 1 x Plastic Ramp
- 1 x Litter Tray
- 1 x Ramp Sleeve (fabric cover)
- 1 x Platform Sleeve (fabric cover)

What's Included

This image illustrates the various parts included in your package, such as the main cage structure, the plastic platform, the plastic ramp, the removable litter tray, and the soft fabric sleeves for the platform and ramp.

2. SETUP: ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Yaheetech Small Animal Cage. It is recommended to have a clear, spacious area for assembly.

- 1. Unpack Components:** Carefully remove all parts from the packaging and lay them out. Check against the package contents list (Section 1.1) to ensure everything is present.
- 2. Assemble the Base Stand:** Attach the four legs to the bottom frame of the stand. Secure them using the provided screws and tools. Ensure the legs are firmly attached.
- 3. Install Casters:** Insert the four 360° rotating casters into the bottom of the stand legs. Press firmly until they click into place or screw them in if threaded.

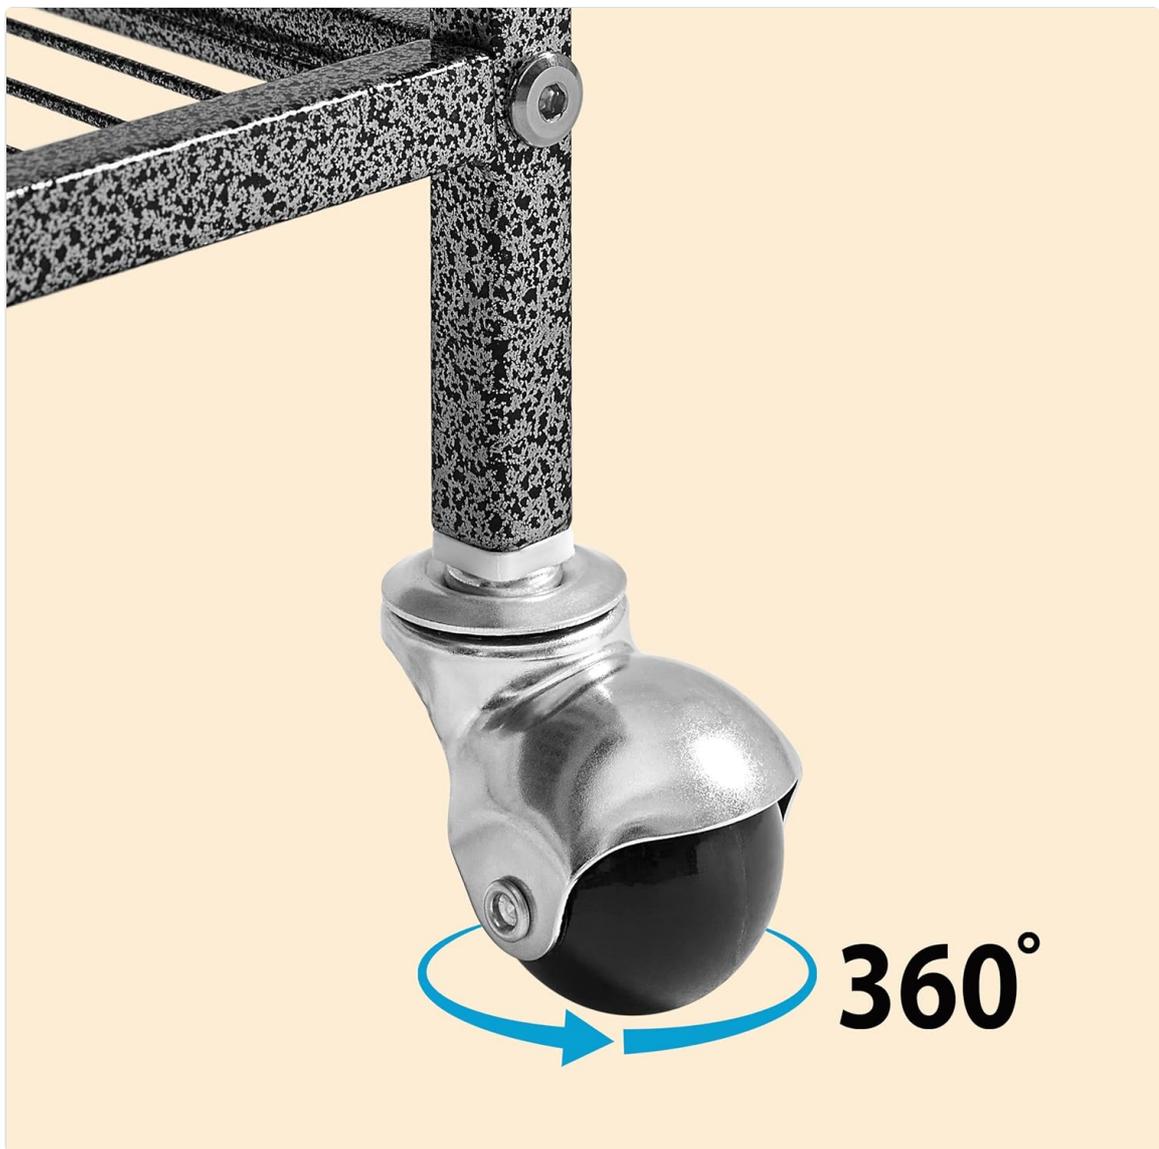

Figure 2: Caster Wheel Detail

This image shows the flexible 360-degree rotating castor wheel, which allows for easy movement of the cage.

4. **Attach Mesh Storage Shelf:** Position the mesh storage shelf onto the designated supports on the base stand, typically above the casters and below the main cage area. Secure it if necessary.
5. **Assemble the Main Cage Frame:** Connect the side panels, front, and back panels of the cage. Use the provided connectors and screws to form the main enclosure. Ensure all connections are tight and secure.
6. **Install Plastic Platform:** Place the plastic platform inside the cage at the desired height. Secure it to the cage bars using the clips or fasteners provided. Cover the plastic platform with the fabric platform sleeve for added comfort.
7. **Install Plastic Ramp:** Attach the plastic ramp between the main cage floor and the plastic platform. Ensure it is securely hooked or fastened. Cover the plastic ramp with the fabric ramp sleeve.

Soft Fabric Sleeves for Additional Protection

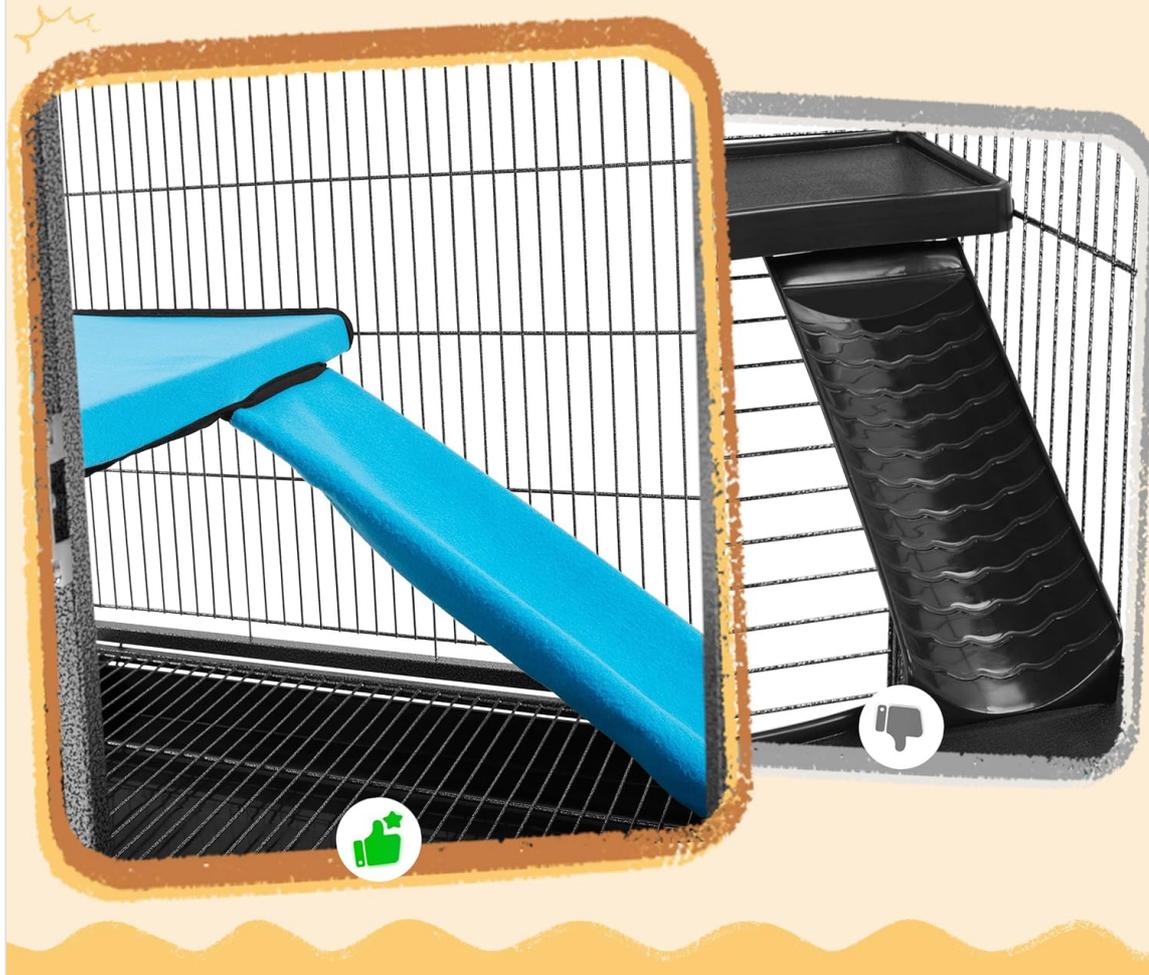

Figure 3: Soft Fabric Sleeves

This image highlights the soft fabric sleeves designed to cover the plastic ramp and platform, enhancing comfort and safety for your pet.

8. **Insert Litter Tray:** Slide the removable litter tray into the designated slot at the bottom of the main cage. Ensure it is fully inserted and flush with the cage.
9. **Final Check:** Double-check all connections, locks, and moving parts to ensure the cage is stable, secure, and ready for your pet.

3. OPERATING: USAGE GUIDELINES

3.1 Cage Placement

Place the cage in a quiet, draft-free area away from direct sunlight, extreme temperatures, and loud noises. Ensure the location is safe from other household pets that might pose a threat. The cage is designed for indoor use only.

Figure 4: Cage in a Home Environment

This image shows the assembled cage in a typical indoor setting, demonstrating its suitability for various small animals.

3.2 Introducing Your Pet

When introducing your pet to the new cage, ensure it is clean and set up with food, water, and bedding. Allow your pet to explore its new environment at its own pace. Monitor their behavior to ensure they adapt well.

Perfect For Most Small Animals

Figure 5: Suitable Small Animals

This image illustrates the range of small animals for which this cage is suitable, including ferrets, chinchillas, guinea pigs, and other rodents.

3.3 Security Features

The cage is equipped with a robust metal lock on the door to prevent escapes. Always ensure the door is securely latched after opening to keep your pet safe inside.

4. MAINTENANCE: CLEANING AND CARE

Regular cleaning is essential for maintaining a hygienic and healthy environment for your pet.

4.1 Daily Cleaning

- Remove any uneaten food and soiled bedding.
- Wipe down easily accessible surfaces with a pet-safe cleaner or damp cloth.
- Refill food and water dishes.

4.2 Deep Cleaning

Perform a thorough cleaning of the entire cage weekly or as needed.

1. **Remove Pet:** Safely transfer your pet to a temporary secure enclosure.
2. **Disassemble Accessories:** Remove all platforms, ramps, fabric sleeves, and toys from the cage.
3. **Remove Litter Tray:** Slide out the bottom litter tray. Dispose of all bedding and waste.

Figure 7: Slide-Out Tray

This image demonstrates the convenient slide-out litter tray, making cleaning quick and efficient.

4. **Clean Components:** Wash the litter tray, plastic platform, and plastic ramp with warm soapy water. Rinse thoroughly and dry completely before returning to the cage. The fabric sleeves can be machine washed on a gentle cycle and air-dried.
5. **Clean Cage Frame:** Wipe down all metal bars and surfaces of the cage frame with a pet-safe disinfectant or warm soapy water. Pay attention to corners and crevices. Rinse thoroughly to remove any soap residue.
6. **Dry and Reassemble:** Ensure all parts are completely dry to prevent rust and mold. Reassemble the cage, platforms, and ramps, and add fresh bedding.

5. TROUBLESHOOTING

If you encounter any issues with your Yaheetech Small Animal Cage, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cage feels unstable or wobbly.	Loose connections or uneven surface.	Ensure all screws and fasteners are tightened. Place the cage on a flat, level surface.
Door does not close or lock properly.	Misalignment or obstruction.	Check for any bent bars or debris blocking the latch. Gently adjust the door if slightly misaligned.
Casters are not rolling smoothly.	Debris in wheels or loose attachment.	Clean any hair or debris from the caster wheels. Ensure casters are fully inserted and secure.
Litter tray is difficult to slide out.	Accumulated waste or debris in the tray runners.	Clear any obstructions from the tray runners. Ensure the tray is inserted correctly and not at an angle.

6. PRODUCT SPECIFICATIONS
