Important Note: Some users have reported challenges with screw hole alignment or accessing screws during leg assembly due to drawer placement. Take your time and ensure proper alignment before tightening. If the mirror does not feel secure after assembly, consider reinforcing the connection points as needed, ensuring not to damage the unit.

- **Mirror Care:** Clean the mirror surface with a glass cleaner and a lint-free cloth.

- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
