AULA F3287

AULA F3287 Wired TKL Mechanical Gaming Keyboard User Manual

INTRODUCTION

This manual provides detailed instructions for the AULA F3287 Wired TKL Mechanical Gaming Keyboard. Please read this manual thoroughly before using the product to ensure proper setup and operation. This keyboard features an 80% compact tenkeyless design, tactile blue mechanical switches, and customizable rainbow LED backlighting.

PACKAGE CONTENTS

Verify that all items are present in the package:

- AULA F3287 Mechanical Gaming Keyboard

- USB Cable (attached)
- User Manual (this document)

SETUP

Connecting the Keyboard

1. Locate an available USB port on your computer.
2. Plug the USB cable of the AULA F3287 keyboard into the USB port.
3. The operating system will automatically detect and install the necessary drivers. No additional driver installation is typically required for basic functionality.

Software Installation (Optional)

For advanced customization, including macro programming and detailed lighting effects, download the official software from the AULA website. The software allows for personalized settings beyond the onboard controls.

Basic Keyboard Functions

The AULA F3287 functions as a standard 87-key keyboard. All keys perform their labeled functions directly.

Backlight Control

The keyboard features 20 rainbow LED backlit effects. Use the following key combinations to control the backlighting:

- **Fn + Ins:** Cycle through 20 different preset lighting modes.
- **Fn + Home:** Activate or switch between 8 preset game modes.
- **Fn + PgUp:** Activate or switch between 2 self-defined light modes (requires software customization).
- **Fn + ↑ / ↓:** Adjust backlight brightness levels.
- **Fn + ← / →:** Adjust the flowing speed of dynamic lighting effects.

Programmable Macro Keys

The AULA F3287 supports programmable macro keys. To utilize this feature, download and install the dedicated

software from the official AULA website. The software interface will guide you through creating and assigning macros to specific keys or key combinations.

MAINTENANCE

Cleaning the Keyboard

To maintain optimal performance and appearance, regularly clean your keyboard:

- Disconnect the keyboard from your computer before cleaning.
- Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe the keycaps and chassis.
- For dust and debris between keys, use compressed air.
- Avoid using harsh chemicals, abrasive cleaners, or spraying liquids directly onto the keyboard.

Keycap Removal and Replacement

The AULA F3287 features durable two-color injection molded keycaps. If necessary, keycaps can be carefully removed for deeper cleaning or replacement. Use a keycap puller (not included) for safe removal to avoid damaging the keycaps or switches.

TROUBLESHOOTING

- **Keyboard not responding:**
Ensure the USB cable is securely connected to both the keyboard and the computer. Try a different USB port. Restart your computer.
- **Specific keys not working:**
Check for any physical obstructions under the keycap. If the issue persists, it may indicate a switch malfunction. For advanced troubleshooting, consider using the official software to test key inputs.
- **Backlight not working or incorrect:**
Verify that the backlight is not turned off (Fn + ↑). Cycle through lighting modes using Fn + Ins. If custom modes are not displaying correctly, ensure the software is properly configured and applied.
- **Macros not executing:**
Confirm that the AULA software is installed and running. Ensure macros are correctly programmed and assigned to the desired keys within the software.
- **Intermittent connection issues:**
Ensure the USB cable is not damaged. Avoid using unpowered USB hubs if possible, or try connecting directly.

to a motherboard USB port.

SPECIFICATIONS

Feature	Detail
Model	F3287
Brand	AULA
Layout	87-Key Tenkeyless (TKL)
Switch Type	Mechanical Blue Switches
Connectivity	Wired (USB)
Backlighting	Rainbow LED (20 effects, 8 game modes, 2 self-defined modes)
