BaBylissPRO BNTPB1UC

BaBylissPRO Nano Titanium Thermal Paddle Brush

Model: BNTPB1UC

IMPORTANT SAFETY INSTRUCTIONS

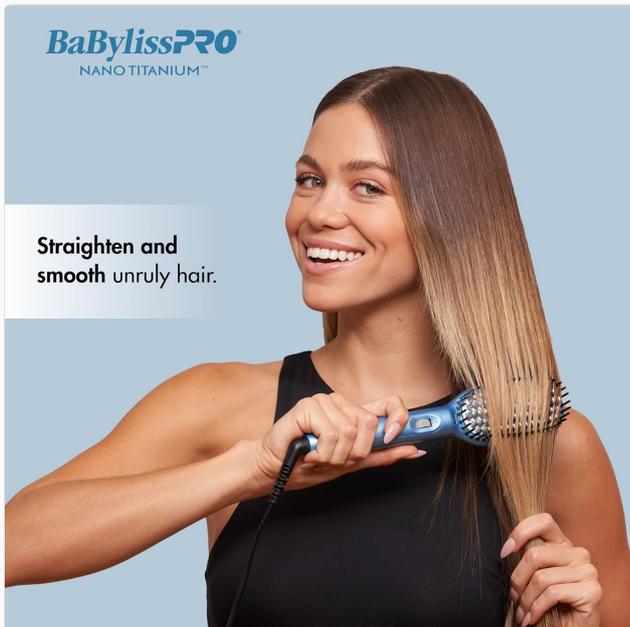

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

- **DANGER** – Any appliance is electrically live even when the switch is off. To reduce the risk of death by electric shock:
 - Always unplug appliance immediately after using.
 - Do not use while bathing or in a shower.
 - Do not place or store appliance where it can fall or be pulled into a tub or sink.
 - Do not place in or drop into water or other liquid.
 - If an appliance falls into water, unplug it immediately. Do not reach into the water.
- **WARNING** – To reduce the risk of burns, electrocution, fire, or injury to persons:
 - An appliance should never be left unattended when plugged in.
 - Do not pull, twist, or wrap line cord around appliance.
 - This appliance should not be used by, on, or near children or individuals with certain disabilities.
 - Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
 - Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped or damaged, or dropped into water.
 - Keep the cord away from heated surfaces.
 - Never use while sleeping.
 - Never drop or insert any object into any opening.
 - Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
 - Do not use an extension cord with this appliance.
 - This appliance is hot when in use. Do not let eyes or skin touch heated surfaces.
 - Do not place the appliance on any surface while it is operating.

- Do not touch hot surfaces of the appliance. Use handles or knobs.
- Before plugging in, read the dual voltage information contained in the "Operating Instructions" section of this manual.

PRODUCT OVERVIEW

The BaBylissPRO Nano Titanium Thermal Paddle Brush is designed for efficient hair straightening and smoothing. Its advanced features ensure professional results while protecting hair health.

Front view of the BaBylissPRO Nano Titanium Thermal Paddle Brush, showcasing its sleek design and bristle layout.

Side view of the thermal paddle brush, highlighting its ergonomic handle and power cord connection.

Key Features:

- **Nano Titanium-coated bristles:** Provide ideal tension to smooth and add shine for all hair types.
- **LED Digital Display:** Allows easy selection of optimal heat settings up to 400°F.
- **Ion Generator:** Reduces frizz and adds shine as you pass through the hair.
- **Straightens Hair:** Achieves straight hair without compromising volume.
- **360° 8-foot Swivel Cord:** Provides flexibility and ease of use.
- **Dual Voltage (120V/240V):** Suitable for international travel.

Temperature Settings Guide:

Select the appropriate temperature based on your hair type for optimal results and to minimize heat damage.

Temperature	Hair Type
265°F - 320°F	Fragile, very fine hair
321°F - 355°F	Normal, textured hair
356°F - 400°F	Coarse, very thick hair

SETUP

1. **Unpack:** Carefully remove the thermal paddle brush from its packaging. Ensure all components are present and undamaged.
2. **Connect to Power:** Plug the appliance into a suitable electrical outlet. The brush features dual voltage (120V/240V) for versatile use.
3. **Power On:** Press the dial on the handle to power on the brush. The LED digital display will illuminate.
4. **Select Temperature:** Scroll the dial to select your desired temperature setting based on your hair type (refer to the Temperature Settings Guide). Once selected, press the dial again to set and lock the temperature. The brush will begin to heat up.

OPERATING INSTRUCTIONS

For best results, ensure your hair is completely dry before using the thermal paddle brush. Apply a heat protectant spray to minimize heat damage.

Step-by-Step Usage:

1. **Prepare Hair:** Ensure hair is dry and detangled. Apply a heat protectant.
2. **Section Hair:** Divide your hair into manageable sections. Smaller sections generally yield better results.
3. **Straightening and Smoothing:**

- Take a section of hair and slowly glide the brush through it from root to tip.
- Apply gentle tension as you brush to ensure even heat distribution and effective straightening.
- Repeat on all sections until desired smoothness is achieved.

4. **Adding Volume (Optional):** For added volume at the roots, use the brush on the underneath layers of your hair, gliding upwards and outwards from the root.

5. **Curling Ends (Optional):** To create a subtle curl or bevel at the ends, gently curve the brush under or over the hair section as you reach the ends.

A user demonstrating the straightening and smoothing action of the thermal paddle brush on unruly hair.

Illustrates how the brush helps achieve a flat iron finish while maintaining hair volume.

MAINTENANCE

- **Cleaning:** Ensure the brush is unplugged and completely cool before cleaning. Use a soft, damp cloth to wipe down the body of the brush. For bristles, gently remove any trapped hair. A small brush or toothbrush can be used to clean between the bristles.
- **Storage:** Store the brush in a cool, dry place. Do not wrap the power cord around the appliance, as this can damage the cord.

TROUBLESHOOTING

- **Brush Not Heating:**
 - Ensure the brush is properly plugged into a working electrical outlet.
 - Verify that the power dial has been pressed and a temperature has been selected and locked.

- **Hair Not Straightening Effectively:**

- Ensure hair is completely dry before use.
- Use smaller sections of hair.
- Increase the temperature setting if your hair type is coarse or very thick (refer to Temperature Settings Guide).
- Apply gentle tension while gliding the brush through the hair.

- **Excessive Frizz:**

- Ensure the ion generator is functioning (the brush is designed to reduce frizz).
- Consider using a leave-in conditioner or anti-frizz product before styling.

SPECIFICATIONS

- **Product Dimensions:** 2.5 x 14 x 5.25 inches
- **Weight:** 1.04 Pounds
- **Item Model Number:** BNTPB1UC
- **UPC:** 074108450111
- **Manufacturer:** BaBylissPRO
- **Color:** Blue
- **Shape:** Oblong
- **Special Feature:** Straightening and smoothing unruly hair.
- **Voltage:** 120V/240V Dual Voltage
- **Cord Length:** 8-foot swivel cord
