

ESSAGER EB01

ESSAGER Bluetooth 5.0 AUX Adapter EB01 User Manual

Model: EB01 | Brand: ESSAGER

1. INTRODUCTION

The ESSAGER Bluetooth 5.0 AUX Adapter EB01 is designed to convert traditional audio systems into Bluetooth-enabled devices, allowing for wireless audio streaming and hands-free calling. This adapter features Bluetooth 5.0 technology for stable signal transmission, noise cancellation for clear audio, and a built-in microphone for convenient hands-free communication. It is compatible with various devices and audio systems, including car stereos, home stereos, and wired speakers.

2. SAFETY INFORMATION

- Do not use this device while driving if it distracts you from operating your vehicle safely.
- Keep the device away from excessive heat and moisture to prevent damage.
- This device may interfere with other wireless devices. Ensure proper placement to avoid interference.
- Dispose of the device and any associated components according to local regulations.

3. PACKAGE CONTENTS

- ESSAGER Bluetooth 5.0 AUX Adapter EB01
- User Manual

4. SETUP INSTRUCTIONS

Follow these steps to set up your ESSAGER Bluetooth 5.0 AUX Adapter EB01:

1. **Connect the Adapter:** Plug the 3.5mm AUX jack of the adapter into your car's AUX input or your home stereo's AUX input. Then, plug the USB connector into a 5V USB power source (e.g., car USB port, car charger, power bank, computer, or USB wall adapter).

2. **Power On:** If in a car, start the car engine. The adapter's indicator light will flash red and blue alternately, indicating it is in pairing mode.
3. **Activate Bluetooth:** On your smartphone, tablet, or laptop, go to the Bluetooth settings and ensure Bluetooth is turned on.
4. **Pair with Device:** In the list of available Bluetooth devices, locate and select "Essager EB01" to initiate pairing. Once connected, the indicator light will turn solid blue.
5. **Start Audio Playback:** Open your preferred music player or navigation app on your connected device and begin playing audio.

Plug the product into the USB and AUX jacks

Start the car engine, the light flashes red and blue alternately

Turn on the bluetooth of the mobile phone, find Essager EB01

Find the music player and start playing music

5.2. Hands-Free Calling

- The built-in high-definition noise reduction microphone allows for hands-free calls.
- When a call comes in, the audio will switch to the call, and you can answer using your phone's controls.
- This feature enhances driving safety by allowing you to communicate without holding your phone.

6. MAINTENANCE

- Keep the adapter clean by wiping it with a soft, dry cloth.
- Avoid exposing the device to liquids, extreme temperatures, or direct sunlight.
- Do not attempt to disassemble or repair the adapter yourself, as this may void the warranty and cause damage.

7. TROUBLESHOOTING

- **Cannot Pair with Device:**

- Ensure the adapter is powered on and the indicator light is flashing red and blue.
 - Verify Bluetooth is enabled on your device and it is searching for new connections.
 - Move your device closer to the adapter (within 10 meters).
 - Restart both the adapter (by unplugging and replugging) and your Bluetooth device.
- **No Sound or Low Volume:**
 - Check if the 3.5mm AUX cable is securely connected to both the adapter and your audio system.
 - Ensure the volume on both your connected device and the audio system is turned up.
 - Confirm that your audio system's input is set to AUX.
- **Audio Interference or Noise:**
 - Ensure the adapter is receiving stable power from the USB port. Try a different USB power source if available.
 - Move the adapter away from other electronic devices that might cause interference.
 - Check the quality of the AUX input on your audio system.
- **Automatic Reconnection Fails:**
 - Ensure the adapter was previously paired with your device.
 - Check that Bluetooth is active on your device when the adapter is powered on.
 - If issues persist, manually re-pair the device.
