# Ltvystore Mechanical Gaming Keyboard and Mouse Combo User Manual

Model: B099X86NWB

## PRODUCT OVERVIEW

---

This manual provides detailed instructions for the Ltvystore 87-Key Retro Punk Typewriter-Style Mechanical Gaming Keyboard and Mouse Combo. This combo is designed for both gaming and office use, featuring customizable RGB backlighting, durable mechanical switches, and an ergonomic design.

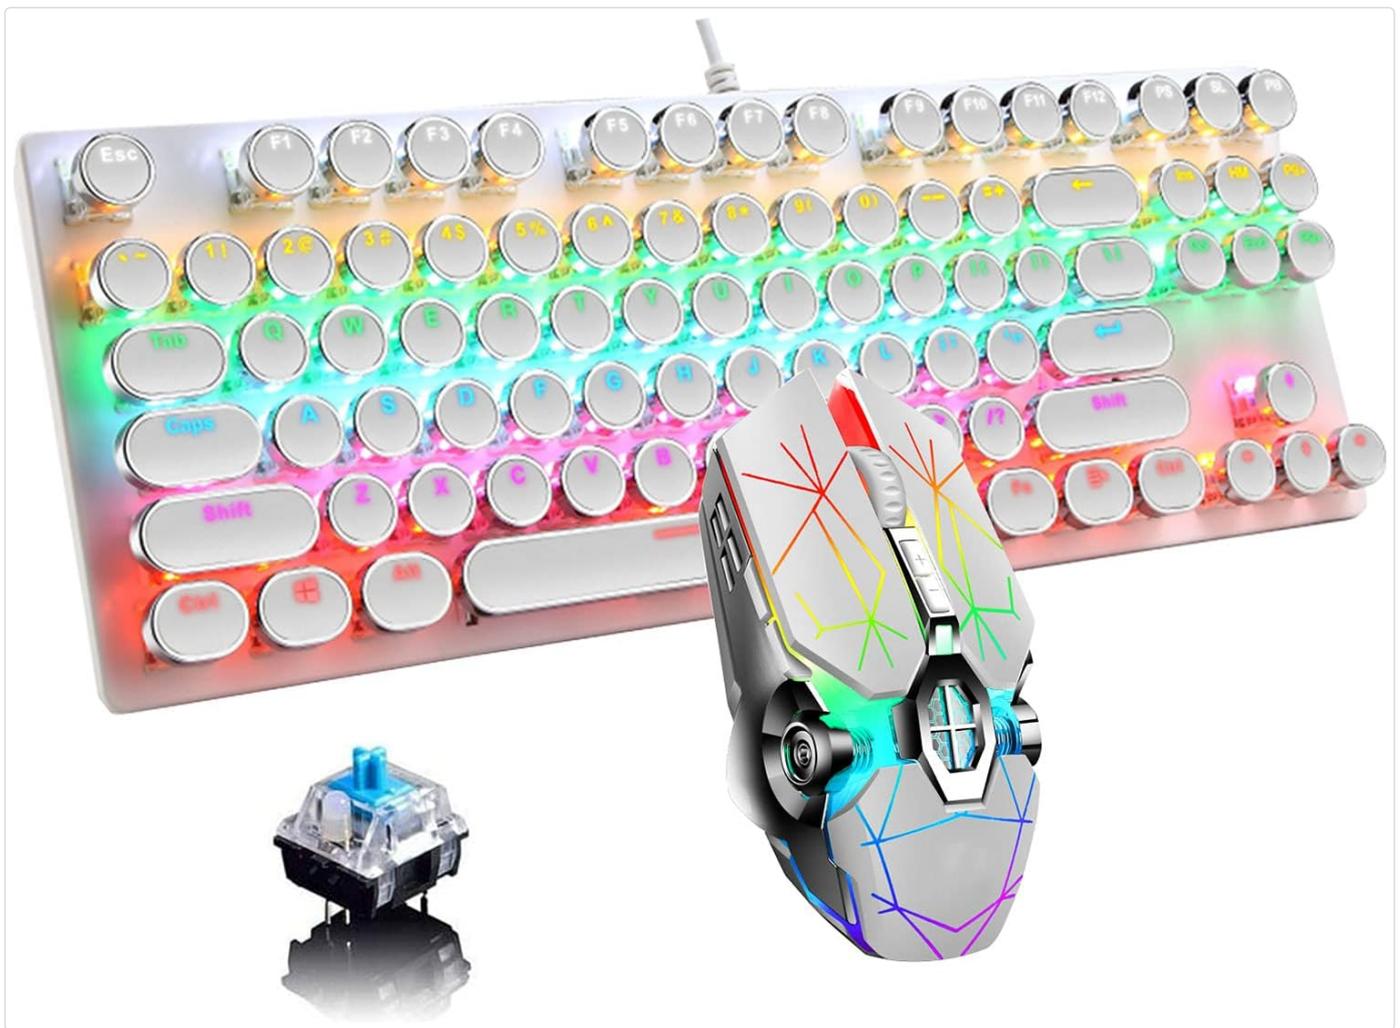

Image: The Ltvystore Mechanical Gaming Keyboard and Mouse Combo, featuring a white keyboard with round, retro-style keycaps and a white gaming mouse with colorful LED lighting.

## PACKAGE CONTENTS

---

- 1x Mechanical Gaming Keyboard
- 1x Gaming Mouse
- 1x USB Cable (integrated)
- 1x Instruction User Manual (this document)

## SETUP

---

### System Requirements

- Operating System: Win XP/7/8/10, MAC 10.2 and above
- Available USB Port

### Connecting the Device

1. Locate an available USB port on your computer.
2. Plug the USB connector from the keyboard and mouse combo into the USB port.
3. The device is plug-and-play and should be automatically recognized by your operating system. No additional drivers are typically required.

## OPERATING INSTRUCTIONS

---

### Keyboard Features

# RGB Mechanical Punk Keyboard

Press FN+INS to switch 9 special effect mode

FN+↑/↓=Adjust brightness level bright(strength/weak)

FN+←/→= Adjust backlit breathing rate(Fast/slow)

Image: A close-up of the keyboard highlighting the RGB lighting and key functions for backlight control.

- **87-Key Layout:** Standard 87-key design with electroplated punk keycaps.
- **Mechanical Blue Switches:** Provides a tactile typing experience with an audible click. These switches are designed for durability and can be removed for cleaning or replacement.

Image: A close-up of the keyboard showing the blue mechanical switches beneath the keycaps.

- **RGB Rainbow Backlighting:** Features multiple lighting modes and effects.
  - **Switch Lighting Modes:** Press **FN** + **INS** to cycle through 9 different lighting modes and effects.
  - **Adjust Brightness:** Press **FN** + **↑** (Up Arrow) or **↓** (Down Arrow) to adjust the backlight brightness (3 levels).
  - **Adjust Breathing Speed:** Press **FN** + **←** (Left Arrow) or **→** (Right Arrow) to adjust the breathing speed of the backlight.
- **Multimedia Keys:** Features 12 dedicated multimedia keys for quick access to functions like volume control, media playback, and more.
- **WIN Key Disable:** The Windows key can be disabled during gaming to prevent accidental interruptions.
- **Ergonomic Design:** Stepped keycap design with optimized arc and slope for comfortable long-term typing.

## Mouse Features

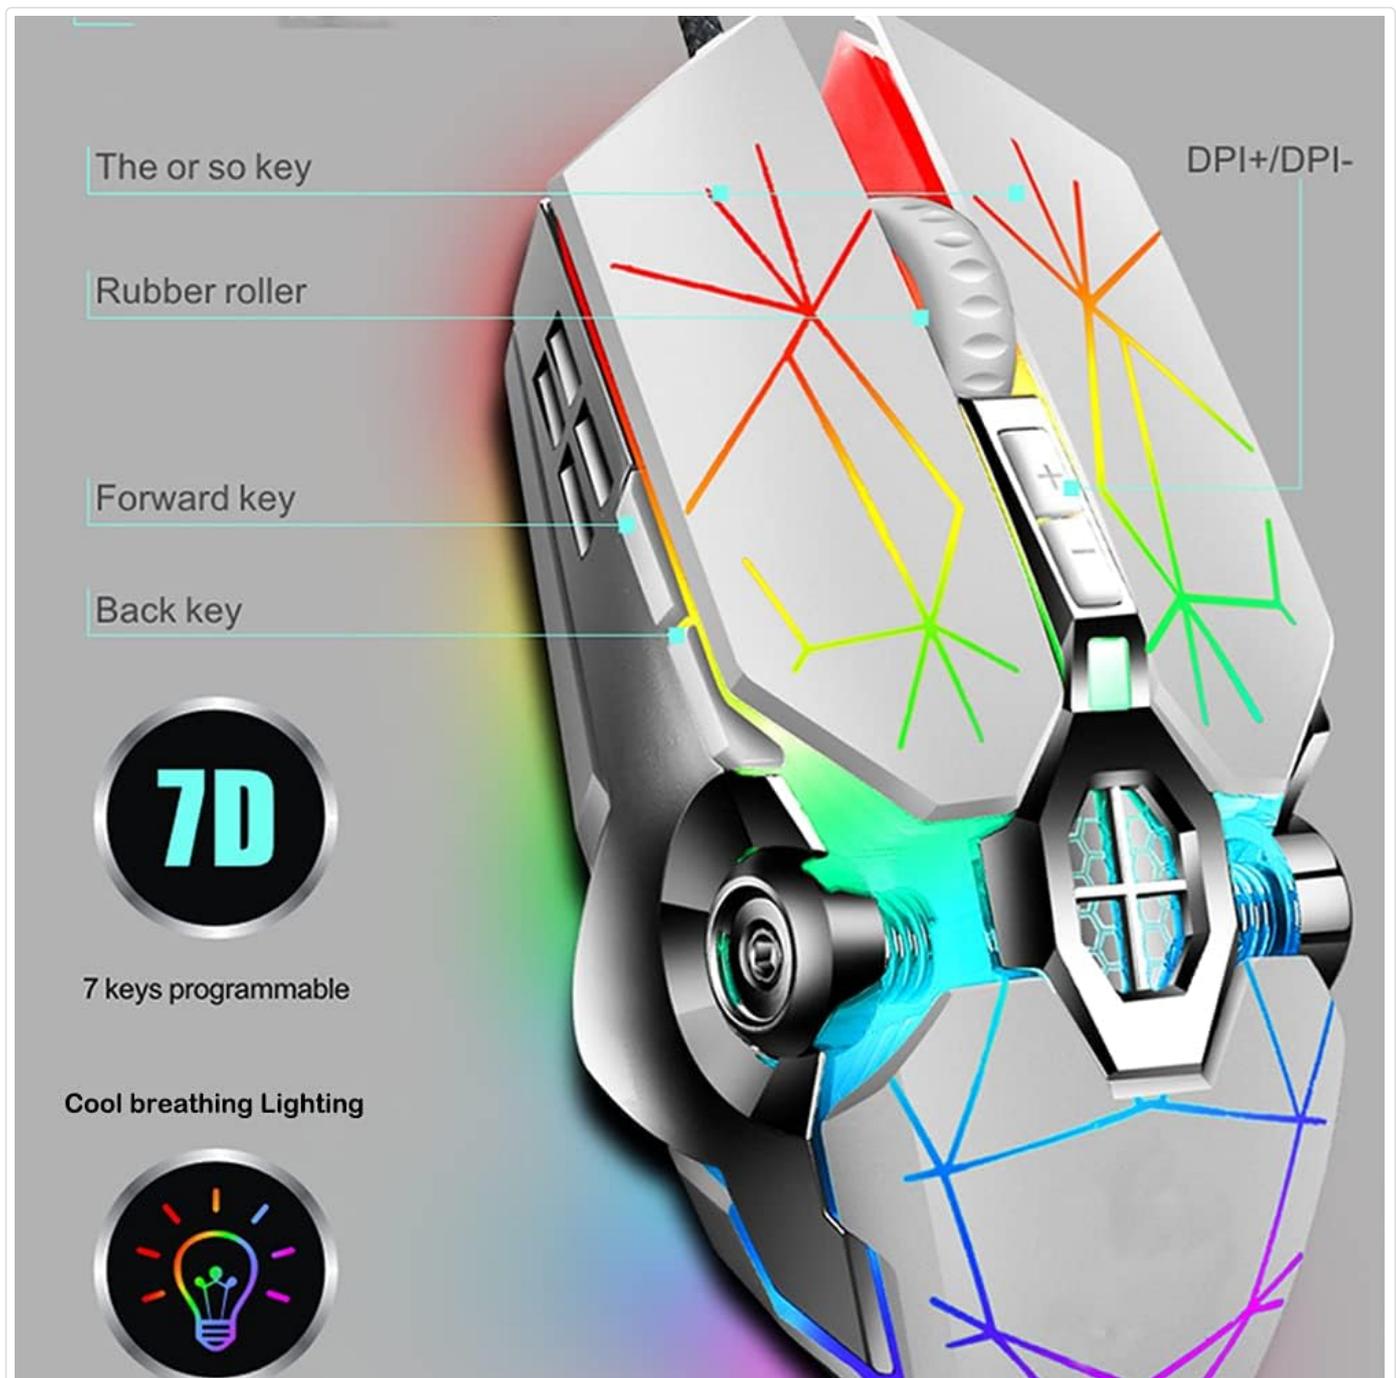

Image: A detailed view of the gaming mouse, pointing out its 7 programmable buttons, DPI switch, and cool breathing lighting.

- **Adjustable DPI:** Customize DPI settings with 4 levels: 800, 1600, 2400, and 3200 DPI. Use the dedicated DPI switch button to cycle through these settings.
- **7 Buttons:** Includes left click, right click, scroll wheel, two side buttons (forward/back), and a DPI switch button.
- **Cool Breathing Light:** The mouse features a dynamic breathing light effect.
- **Ergonomic Grip:** Designed for comfortable left-right hand operation, suitable for extended use.

## MAINTENANCE AND CARE

### • Cleaning the Keyboard:

- Disconnect the keyboard from your computer before cleaning.
- Use a soft, dry cloth to wipe down the keycaps and frame.
- For deeper cleaning, keycaps can be carefully removed. Use compressed air to clear debris from underneath the

keys.

- The keyboard features a splash-proof design, but avoid submerging it in liquids.

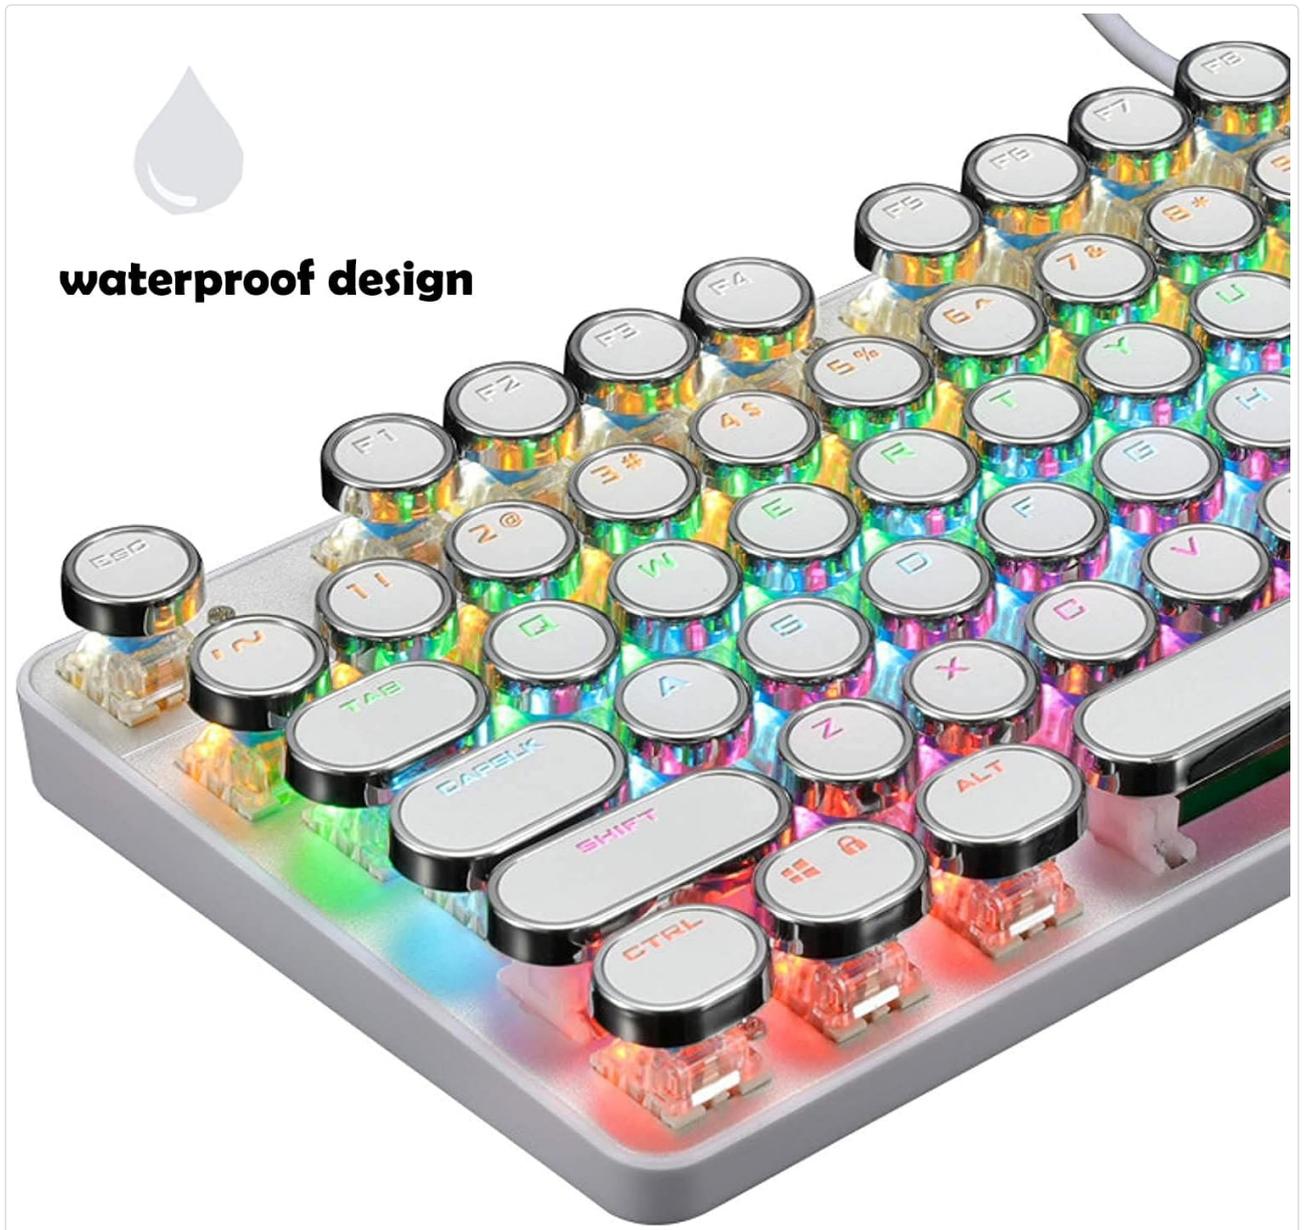

Image: A close-up of the keyboard highlighting its splash-proof design.

- **Cleaning the Mouse:**

- Disconnect the mouse from your computer.
- Use a soft, slightly damp cloth to wipe the surface of the mouse. Avoid excessive moisture.
- Clean the optical sensor area on the bottom of the mouse with a cotton swab if tracking issues occur.

- **Storage:** Store the keyboard and mouse in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Keyboard/Mouse not responding	Loose USB connection, faulty USB port, system driver issue.	Ensure the USB cable is securely plugged into a working USB port. Try plugging the device into a different USB port. Restart your computer.
Backlight not working or incorrect	Lighting mode not selected, brightness too low.	Press <b>FN</b> + <b>INS</b> to cycle through lighting modes. Press <b>FN</b> + <b>↑</b> to increase brightness.
Mouse cursor erratic or not moving	Dirty sensor, unsuitable surface, incorrect DPI setting.	Clean the optical sensor on the bottom of the mouse. Use the mouse on a clean, non-reflective surface or a mouse pad. Press the DPI switch button to change DPI settings.
Keys feel sticky or unresponsive	Debris under keycaps, worn switch.	Carefully remove the keycap and clean any debris. If a switch is faulty, it may need replacement (consult manufacturer for service).
