FITNATE BT0408-CA

FITNATE Essential Oil Storage Case

Model: BT0408-CA

1. PRODUCT OVERVIEW

The FITNATE Essential Oil Storage Case is designed to provide secure and organized storage for your essential oil bottles. Constructed from durable Ethylene Vinyl Acetate (EVA) material, this case offers shockproof, waterproof, and dustproof protection. It features 56 individual compartments suitable for 5ml, 10ml, and 15ml essential oil bottles, ensuring they remain upright and protected during travel or storage. The case includes a comfortable handle for portability and a double zipper closure for easy access.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x FITNATE Essential Oil Storage Case
- 3 x Small Funnels
- 1 x Multifunctional Bottle Opener
- 1 x Sheet of Colorful Stickers (pre-printed and blank)
- 5 x Droppers/Pipettes

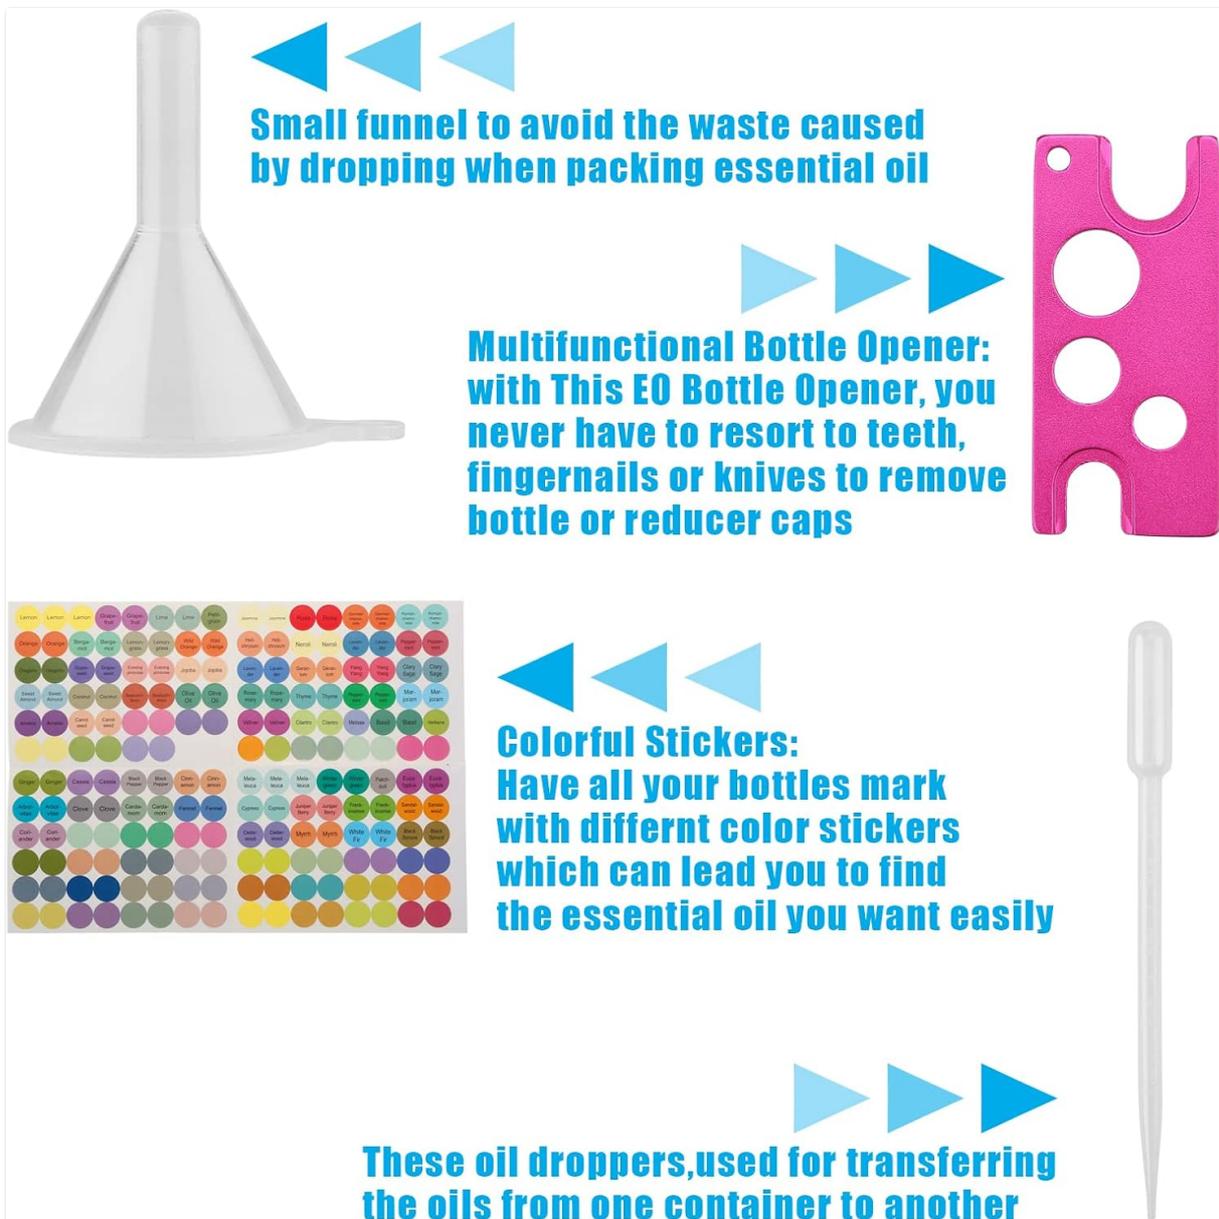

Image: Included accessories such as funnels, a bottle opener, colorful stickers, and droppers for convenient essential oil management.

3. SETUP

1. **Unpack the Case:** Carefully remove the essential oil storage case and all accessories from its packaging.
2. **Prepare Bottles:** Ensure your essential oil bottles are securely capped before placing them into the case.
3. **Insert Bottles:** Open the case using the double zipper. The interior features an elastic sponge tray with 56 pre-cut slots. Gently press each essential oil bottle (5ml, 10ml, or 15ml) into an available slot. The flexible foam will adapt to hold various bottle sizes securely.
4. **Organize Accessories:** Utilize the inner mesh pockets in the lid to store the included funnels, bottle opener, stickers, and droppers.
5. **Label Bottles:** Use the provided colorful stickers to label the tops of your essential oil bottles for easy identification. Pre-printed labels are available for common oils, and blank labels can be customized.

4. OPERATING INSTRUCTIONS

1. **Storing Essential Oils:** Place essential oil bottles into the designated slots within the elastic sponge tray. The snug fit prevents bottles from shifting or breaking.
2. **Using the Bottle Opener:** For bottles with stubborn reducer caps, use the multifunctional bottle opener to safely remove them without damage to your nails or bottles.
3. **Transferring Oils:** Use the small funnels and droppers for precise and mess-free transfer of essential oils between containers.
4. **Portability:** When traveling or moving the case, ensure the double zippers are fully closed. Use the integrated handle for convenient and secure carrying.

5. MAINTENANCE

- **Exterior Cleaning:** Wipe the exterior of the EVA case with a damp cloth and mild soap if necessary. Avoid harsh chemicals.
- **Interior Cleaning:** The foam insert can be gently wiped with a damp cloth. Ensure it is completely dry before reinserting bottles.
- **Zipper Care:** Keep zippers free of debris. If they become stiff, a small amount of zipper lubricant can be applied.
- **Storage:** Store the case in a cool, dry place away from direct sunlight to preserve the material and pattern.

6. TROUBLESHOOTING

- **Bottles do not fit:** Ensure bottles are 5ml, 10ml, or 15ml in size. The foam is designed to be flexible but may not accommodate significantly larger bottles.
- **Zippers are stiff:** Check for any fabric or debris caught in the zipper teeth. Apply a small amount of zipper wax or a graphite pencil to the teeth to improve smoothness.
- **Case appears damaged after impact:** While the case is shockproof, extreme impacts may cause damage. Inspect the case and bottles for any cracks or leaks.

7. SPECIFICATIONS

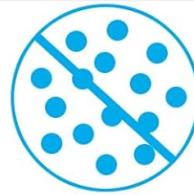

Product Dimensions	12.99"L x 9.06"W x 3.54"H
Weight	1.34 Pounds
Model Number	BT0408-CA
Material Type	Ethylene Vinyl Acetate (EVA)
Closure Type	Zipper
