## Bestway 12752

# Bestway Steel Pro 15 Foot x 48 Inch Round Frame Above Ground Swimming Pool User Manual

Model: 12752

## 1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your Bestway Steel Pro 15 Foot x 48 Inch Round Frame Above Ground Swimming Pool. Please read all instructions carefully before assembly, operation, and maintenance to ensure proper setup and longevity of your product. This pool is designed for recreational swimming and includes an E-Z Pool All-in-1 Concentrated Pool Care Solution Blend for simplified water maintenance.

## 2. SAFETY INFORMATION

Your safety and the safety of others are paramount. Always follow these safety guidelines:

- **Adult Supervision:** Never leave children unattended in or around the pool.
- **Fencing and Barriers:** Ensure adequate fencing or approved barriers are in place around the pool to prevent unsupervised access by children.
- **No Diving:** This is an above-ground pool. Do not dive or jump into the pool, as this can result in serious injury or death.
- **Electrical Safety:** Keep all electrical devices away from the pool. If using a filter pump (not included), ensure it is properly grounded and installed according to manufacturer instructions and local electrical codes.
- **Chemical Handling:** Handle pool chemicals, including the E-Z Pool blend, with care. Follow all instructions on the product labels for safe handling, storage, and disposal. Keep out of reach of children and pets.
- **Emergency Preparedness:** Keep emergency equipment, such as a life ring or rescue pole, readily accessible.
- **Local Regulations:** Review your Homeowners Association (HOA) rules and local restrictions before purchasing and setting up this product. Not all housing agencies permit private above-ground pools.

## 3. PACKAGE CONTENTS

Please verify that all components listed below are present in your package:

- Bestway Steel Pro 15 Foot x 48 Inch Round Frame Above Ground Swimming Pool Liner
- Steel Frame Components (legs, horizontal beams, connectors)
- E-Z Pool All-in-1 Concentrated Pool Care Solution Blend
- Repair Patch
- Instruction Manual

**Note:** A filter pump and ladder are **not** included with this pool set and must be purchased separately if desired.

## 4. SETUP AND ASSEMBLY

The Bestway Steel Pro pool is designed for easy setup with no tools required for installation. Follow these steps for assembly:

### 4.1 Site Preparation

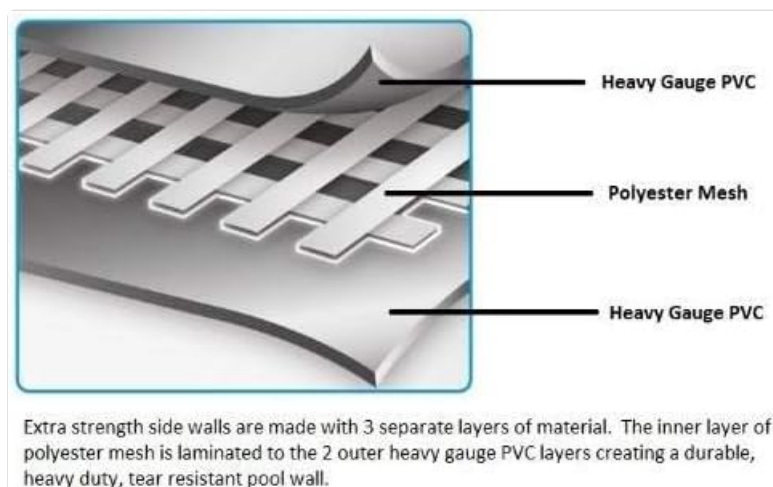

1. Choose a flat, level surface free of rocks, sharp objects, or debris. The ground must be firm enough to withstand the weight of the filled pool.
2. Ensure the chosen area is clear of overhead power lines, trees, and other obstructions.
3. Provide adequate drainage away from the pool area.

### 4.2 Pool Assembly

1. Unroll the pool liner on the prepared flat surface. Ensure the drain valve is positioned where you want it for future draining.
2. Assemble the steel frame components according to the diagrams in the included instruction manual. The Seal&Lock design ensures each joint connection is secure.
3. Insert the horizontal beams through the sleeves on the pool liner.
4. Connect the vertical legs to the horizontal beams and secure them.
5. Ensure the PVC support band is properly positioned around the pool wall for stability.

*Image: Diagram illustrating the durable 3-ply sidewall construction of the Bestway Steel Pro pool, consisting of heavy gauge PVC and polyester mesh.*

### 4.3 Filling the Pool

1. Once the frame is fully assembled and stable, begin filling the pool with water.

2. As the pool fills, gently smooth out any wrinkles in the bottom of the liner.
3. Fill the pool to the recommended water level indicated on the liner or in the detailed manual.

## 5. OPERATION

### 5.1 General Pool Use

The Bestway Steel Pro pool provides a refreshing and enjoyable swimming experience for kids and adults. Always ensure proper supervision, especially for children. Maintain a clean pool environment by showering before entering and keeping debris out of the water.

### 5.2 E-Z Pool All-in-1 Solution Blend Usage

The included E-Z Pool All-in-1 Concentrated Pool Care Solution Blend simplifies pool water maintenance. This multi-tasking formula is designed to:

- Oxidize impurities

- Control algae growth
- Clarify and condition water
- Maintain water balance
- Inhibit stain and scale formation

**Application:** This blend only needs to be applied once a week. Refer to the E-Z Pool product label for specific dosage instructions based on your pool's volume. The concentrated blend automatically helps balance the pool's pH between 7.2 and 7.6.

## 6. MAINTENANCE

Regular maintenance is crucial for the longevity and hygiene of your Bestway Steel Pro pool.

### 6.1 Water Draining

At the end of the season or when water needs to be changed, the drain valve allows for easy emptying. The drain valve attaches to a standard garden hose, enabling you to drain the water away from your lawn or desired area, preventing damage.

*Image: A close-up view of the Bestway Steel Pro pool's drain valve, designed for easy hose attachment.*

## 6.2 Cleaning the Pool

- Regularly skim the surface for leaves and debris.
- Brush the pool walls and floor to prevent algae buildup.
- If using a filter pump (not included), ensure its filter cartridge is cleaned or replaced regularly according to its manufacturer's instructions.

## 6.3 Winterization and Storage

At the end of the swimming season, it is recommended to properly drain, clean, and dry the pool liner and frame components before disassembling and storing them in a cool, dry place, protected from freezing temperatures.

## 7. TROUBLESHOOTING

This section addresses common issues you might encounter:

- **Water Clarity Issues:** If water appears cloudy or green, ensure you are applying the E-Z Pool blend weekly

as directed. Check for proper filtration if a pump is installed.

- **Leaks:** For small punctures, use the included repair patch. For larger leaks or structural concerns, contact Bestway customer support.
- **Frame Instability:** Ensure all frame components are securely connected and the pool is on a perfectly level surface.

## 8. SPECIFICATIONS

Feature	Detail
Brand	Bestway
Model Number	12752
Product Dimensions	180"L x 180"W x 48"H (15 ft x 15 ft x 4 ft)
Shape	Round
Color	Blue
Material	Polyvinyl Chloride (PVC), Alloy Steel
Assembly Required	Yes
Included Components	Pool, E-Z Pool All-in-1 Solution Blend
