Maintenance and Care

To ensure the longevity and appearance of your Vicco Vanity Table Ania, follow these care guidelines:

- **Cleaning:** Wipe the surfaces with a damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the melamine resin coating.
- **Dusting:** Regularly dust the table and shelves with a soft, dry cloth.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the material.
- **LED Lights:** Ensure the LED lights are off and unplugged before cleaning them. Wipe gently with a dry or slightly damp cloth. Do not immerse in water.
- **Stability:** Periodically check the wall anchoring and all assembly screws to ensure they remain tight and secure.

Troubleshooting

If you encounter any issues with your Vicco Vanity Table Ania, please refer to the following common solutions:

Problem: Table feels wobbly or unstable.

Solution: Ensure all assembly screws are tightened. Verify that the table is properly anchored to the wall as per the safety instructions. Check that the floor surface is level.

Problem: LED lights are not turning on.

Solution: Check if the power cable is securely plugged into a working electrical outlet. Ensure the inline switch is in the "ON" position. Inspect the cable for any visible damage.

Problem: Drawers are difficult to open or close.

Solution: Check that the drawer runners are correctly installed and aligned. Ensure no objects are obstructing the drawer's movement.
