Logitech 910-005878

Logitech G PRO X Superlight Wireless Gaming Mouse User Manual

Model: 910-005878
Brand: Logitech

INTRODUCTION

The Logitech G PRO X Superlight Wireless Gaming Mouse is engineered for peak performance, offering an ultra-lightweight design and advanced precision for competitive gaming. It features Logitech's proprietary LIGHTSPEED pro-grade wireless technology for a seamless, untethered experience.
Key features include:

- Meticulously designed in collaboration with leading esports professionals for the highest levels of performance.
- Ultra-lightweight at under 63 grams, achieving nearly 25% weight reduction compared to standard PRO Wireless mouse.
- Powered by LIGHTSPEED, ensuring fast and reliable wireless connectivity.
- Equipped with the HERO 25K Sensor for incredibly precise, fast, and consistent control.
- Features large, zero-additive PTFE feet for a smooth glide and fluid connection with the game.
- Designed for right-handed users with 5 programmable buttons.
- Offers a long battery life of up to 70 hours.
- Compatible with Windows 8 or later, and macOS 10.11 or later operating systems.

PACKAGE CONTENTS

Upon unboxing your Logitech G PRO X Superlight Wireless Gaming Mouse, please ensure all components are present:

- Logitech G PRO X Superlight Wireless Gaming Mouse
- LIGHTSPEED USB Receiver
- Charging/Data Cable
- Optional Grip Tape
- Cleaning Cloth

SETUP

1. Connecting the Mouse

1. Insert the LIGHTSPEED USB receiver into an available USB port on your computer.
2. Turn on the mouse using the power switch located on the bottom of the mouse.
3. The mouse should automatically connect to the receiver. If not, refer to the troubleshooting section.

2. Charging the Mouse

Connect the provided charging/data cable to the front of the mouse and to a USB port on your computer or a USB power adapter. The mouse can be used while charging.

3. Installing Logitech G HUB Software (Recommended)

For full customization of programmable buttons, DPI settings, and lighting, download and install the Logitech G HUB software from the official Logitech website (www.logitechg.com/ghub).

## OPERATING THE MOUSE

Programmable Buttons

The Logitech G PRO X Superlight features 5 programmable buttons. These can be customized using the Logitech G HUB software to assign macros, keybinds, or other functions for an optimized gaming experience.

HERO 25K Sensor and DPI Settings

The mouse is equipped with the HERO 25K optical sensor, offering a maximum DPI of 25,400. DPI settings can be adjusted via the Logitech G HUB software to match your preferred sensitivity for different games or tasks.

Smooth Glide with PTFE Feet

The mouse features large, zero-additive PTFE feet on its underside, designed to provide an exceptionally smooth and consistent glide across various surfaces, enhancing your control and responsiveness during gameplay.

Image: Underside view of the mouse, emphasizing the reduced friction and smoother glide provided by the zero-additive PTFE feet.

MAINTENANCE

Cleaning Your Mouse

To maintain optimal performance and appearance, regularly clean your mouse. Use the included fabric cloth to wipe off fingerprints and stains. For more stubborn marks, a lightly dampened cloth with a mild, non-abrasive cleaning solution can be used. Ensure the mouse is powered off and disconnected before cleaning.

Applying Optional Grip Tape

The mouse comes with optional grip tape to enhance handling, especially if you find the surface slippery. Before applying the tape, ensure the mouse surface is clean and free of any grease or residue. Use the provided cleaning cloth to prepare the surface. Carefully peel off the grip tape pieces and apply them to the designated areas on the mouse buttons and sides for improved grip.

TROUBLESHOOTING

Connectivity Issues

- Ensure the LIGHTSPEED USB receiver is securely plugged into a working USB port.

- Verify the mouse is powered on.

- Try plugging the receiver into a different USB port or a different computer to isolate the issue.

- If using a USB hub, try connecting directly to the computer.

- Re-pair the mouse with the receiver using Logitech G HUB software if available.

Battery Life Concerns

- Ensure the mouse is fully charged. A full charge can take a few hours.

- Check battery status in Logitech G HUB software.

- Reduce polling rate or disable unnecessary features in G HUB to extend battery life.

Rattling or Wobbly Parts

Due to its ultra-lightweight design, the mouse is constructed primarily from plastic. While designed for durability, some minor internal movement might be perceived. If you notice significant rattling or wobbly parts that affect performance, ensure all removable components (like the USB receiver cover) are properly seated. If the issue persists and impacts functionality, contact Logitech support.

SPECIFICATIONS

Feature	Detail
Product Dimensions	4.92 x 2.5 x 0.04 inches
Item Weight	0.01 ounces (product is under 63 grams)
ASIN	B09B388RT4
Item Model Number	910-005878
Batteries	1 Product Specific battery required (up to 70 hours battery life)
Date First Available	July 23, 2021
Manufacturer	Logitech
Brand	Logitech
Color	Black
Connectivity Technology	Wireless, LIGHTSPEED (2.5 GHz)
Special Feature	Wireless, Programmable Buttons, Lightweight
Movement Detection Technology	Optical (HERO 25K Sensor, 25,400 DPI)
Programmable Buttons	5
Compatibility	Windows 8 or later, macOS 10.11 or later
