Anker A25A0

Anker Magnetic Phone Grip (MagGo) Instruction Manual

Model: A25A0

Brand: Anker

INTRODUCTION

The Anker 610 Magnetic Phone Grip (MagGo) is designed to enhance your mobile experience by providing a secure grip and a versatile kickstand for your compatible iPhone. This manual provides essential information for proper setup, operation, and maintenance of your new phone grip.

SAFETY INFORMATION

- **Wireless Charging:** Do not use the ring holder with wireless chargers. Please remove the ring holder when charging your device.
- **Secure Handling:** Do not forcefully swing your phone with the ring holder attached. Anker is not responsible for damage resulting from misuse, including falls or intense movement.
- **Case Compatibility:** Only compatible with iPhone 12, 13, 14, 15, and 16 series, or with an iPhone-compatible magnetic phone case. Not compatible with iPhone 11 or earlier models.
- **Incompatible Cases:** Not compatible with non-magnetic phone cases, such as OtterBox defender cases. Cases made of metal and attachments like magnets, cards, keys, and pop grips will cause a weak connection.
- **Leather Cases:** If used with a leather case, circular imprints from compression may form on the leather. This is normal; consider a non-leather case if concerned.
- **Car Mounts:** The phone grip will not stick to a magnetic car mount.

PACKAGE CONTENTS

- Anker 610 Magnetic Phone Grip (MagGo)

SETUP

Attaching your Anker 610 Magnetic Phone Grip (MagGo) is simple and secure thanks to its strong magnetic connection.

1. Ensure your iPhone is a compatible model (iPhone 12/13/14/15/16 series) or is housed in an iPhone-compatible magnetic phone case.
2. Align the Anker 610 Magnetic Phone Grip with the magnetic area on the back of your iPhone or magnetic case. The strong magnets will ensure a secure fit.

Snap and Hold for iPhone 13

Leaves No Residue

Stronger Magnetic Connection

Video: An official Anker video demonstrating the simple process of attaching the Anker 610 Magnetic Phone Grip to your device.

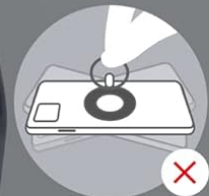

OPERATING

The Anker 610 Magnetic Phone Grip offers dual functionality as both a secure grip and a convenient kickstand.

Using as a Phone Grip:

Slide your finger through the ring to securely hold your iPhone, preventing accidental drops. The strong magnetic hold ensures your phone stays firmly in hand while texting, taking photos, or navigating.

Keep Your iPhone in Safe Hands

Do not swing
with force

Image: A user holding an iPhone with the Anker MagGo grip, illustrating how the ring provides a secure and comfortable hold.

Using as a Kickstand:

The ring holder can be rotated 360° and flipped up to 125°, allowing you to adjust your phone to various viewing positions for media consumption or video calls.

Flexible and Adjustable

Adjust the angle by pulling up the metal ring from the center.

Check for the Right Case and Charging Compatibility

Do Not Use With
Wireless Chargers

Magnetic Cases

Non-Magnetic Cases

Do not forcefully swing your phone with the ring holder on.

COMPATIBILITY

The Anker 610 Magnetic Phone Grip (MagGo) is specifically designed for optimal performance with the following devices and conditions:

- **Compatible Devices:** iPhone 14 / 14 Pro / 14 Plus / 14 Pro Max / 13 / 13 Pro / 13 Pro Max / 13 mini /

12 / 12 Pro / 12 Pro Max / 12 mini.

- **Case Requirement:** Use without a case or with an iPhone-compatible magnetic phone case.
- **Incompatible Models:** Not compatible with iPhone 11 or earlier models (even with a magnetic case).
- **Incompatible Cases:** Not compatible with non-magnetic phone cases, such as OtterBox defender cases. Cases made of metal and attachments such as magnets, cards, keys, and pop grips will cause a weak connection.

Stand for Freedom

Image: A visual representation of different phone cases, indicating which ones are suitable for use with the magnetic phone grip.

To ensure the longevity and optimal performance of your Anker 610 Magnetic Phone Grip, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surface of the phone grip with a soft, dry cloth to remove dust or smudges.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these can damage the finish of the product.
- **Storage:** When not in use, store the phone grip in a clean, dry place away from extreme temperatures.

TROUBLESHOOTING

If you encounter any issues with your Anker 610 Magnetic Phone Grip, please refer to the following common solutions:

Issue	Possible Cause	Solution
Grip not sticking securely.	Incompatible phone model or case; foreign objects between grip and phone/case; metal attachments interfering.	Ensure your iPhone is a 12/13/14/15/16 series model or has a compatible magnetic case. Remove any foreign objects. Avoid using with non-magnetic or metal cases/attachments.
Ring feels loose or does not hold position.	Normal wear and tear; excessive force applied to the ring.	The ring is designed for flexibility. While durable, continuous forceful manipulation may affect its rigidity over time. Use gently to maintain optimal function.
