Decoraport B09B4RCCH7

DECORAPORT LED Bathroom Mirror User Manual

Model: B09B4RCCH7

1. PRODUCT OVERVIEW

The DECORAPORT LED Bathroom Mirror is designed to enhance your bathroom experience with its integrated lighting, anti-fog function, dimmable features, and smart Bluetooth connectivity. This mirror provides clear, natural, and soft illumination, making it suitable for various grooming tasks.

- **High-Definition Mirror:** Environmentally friendly, copper-free silver mirror design for superior clarity.
- **Integrated LED Lighting:** Provides comfortable visual lighting without flicker or UV rays.
- **Dimmable Function:** Adjust light brightness from 10% to 100% with a touch sensor.
- **Anti-Fog Feature:** Separately controlled anti-fog function ensures a clear reflection. Automatically shuts off after one hour.
- **Smart Bluetooth:** Connect your devices for audio playback through integrated speakers.
- **Versatile Mounting:** Can be mounted horizontally or vertically.

Figure 1: Overview of the DECORAPORT LED Bathroom Mirror's key functions.

2. SETUP AND INSTALLATION

This mirror is designed for wall-mounted installation. The back features an oxidized aluminum alloy frame for durability and safety. Both hardware and plug-in connections are supported.

2.1 Mounting Instructions

1. **Prepare the Wall:** Ensure the wall surface is clean, dry, and capable of supporting the mirror's weight.
2. **Measure Carefully:** Accurately measure the distance between the mirror's mounting hooks. **Important:** Do not rely solely on generic diagrams; measure the actual mirror's hook distances for precise placement.
3. **Mark Drill Points:** Transfer the measured hook distances to the wall and mark the drill points. Use a level to ensure horizontal or vertical alignment as desired.
4. **Drill Holes:** Drill holes at the marked points and insert appropriate wall anchors (if necessary, depending on wall material).
5. **Secure Mounting Hardware:** Install the mounting screws or brackets, ensuring they are firmly secured to the wall.
6. **Hang the Mirror:** Carefully lift the mirror and align its hooks with the installed mounting hardware. Gently lower the mirror until it is securely seated.

2.2 Electrical Connection

The mirror supports both hardwired and plug-in installations. The electrical part is built into a waterproof box, providing a safe DC110V output voltage suitable for wet bathroom environments.

- For hardwired installation, consult a qualified electrician to ensure proper and safe wiring according to local electrical codes.
- For plug-in installation, ensure the power outlet is easily accessible and meets electrical safety

standards.

Safe and Durable LED Light

energy conservation

50000+ hours lifespan

ultra-bright **CRI90+**

waterproof abilit **IP54**

3. OPERATING INSTRUCTIONS

The mirror features intuitive touch controls for its various functions.

3.1 Power and Brightness Control

- **Power On/Off:** Lightly touch the power icon on the mirror surface to turn the LED lights on or off.
- **Dimming:** While the lights are on, press and hold the power icon to adjust the brightness. The brightness will cycle between 10% and 100%. Release your finger when the desired brightness is reached.
- **Brightness Memory:** The mirror retains the last brightness setting used.

3.2 Anti-Fog Function

- **Activate Anti-Fog:** Lightly touch the anti-fog icon on the mirror surface to activate the defogging function.
- **Separate Control:** The anti-fog function operates independently of the LED lights.
- **Automatic Shut-off:** For energy saving, the anti-fog function automatically turns off after one hour of continuous use.

Figure 4: The anti-fog function provides a clear reflection in humid conditions.

3.3 Bluetooth Connectivity

The mirror includes integrated Bluetooth speakers for audio playback.

1. **Activate Bluetooth:** Ensure the mirror is powered on. The Bluetooth function is typically active when the mirror is on.
2. **Pair Device:** On your smartphone or other Bluetooth-enabled device, search for available Bluetooth devices. Select the mirror's name (e.g., "DECORAPORT Mirror" or similar) to pair.
3. **Play Audio:** Once paired, you can play audio from your device through the mirror's speakers.

Figure 5: Enjoy audio through the mirror's Bluetooth speakers.

4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your DECORAPORT LED Bathroom Mirror.

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into electrical components.

- **Frame Cleaning:** Wipe the aluminum alloy frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Electrical Safety:** The mirror has an IP54 waterproof rating, making it safe for wet environments. However, avoid direct water spray onto electrical components.
- **LED Lifespan:** The integrated LED lights have a lifespan of over 50,000 hours and do not require user replacement.

5. TROUBLESHOOTING

If you encounter issues with your mirror, refer to the following common solutions:

Problem	Possible Cause	Solution
LED lights do not turn on.	No power supply; loose connection; touch sensor malfunction.	Check power outlet and connections. Ensure the touch sensor is clean and dry. Lightly press the power icon.
Lights are too dim or too bright.	Brightness setting is not adjusted.	Press and hold the power icon to cycle through brightness levels until desired illumination is achieved.
Anti-fog function not working.	Anti-fog function not activated; automatic shut-off.	Ensure the anti-fog icon is pressed. If it was on for over an hour, reactivate it.

Problem	Possible Cause	Solution
Bluetooth not connecting.	Mirror not powered on; device not in pairing mode; interference.	Ensure mirror is on. Put your device in pairing mode and search again. Move closer to the mirror.
Mirror cannot be controlled by a wall switch.	The mirror's functions are controlled by its integrated touch sensors.	The mirror is designed to be operated via its touch controls, not an external wall switch.

If the problem persists after attempting these solutions, please contact customer support.

6. SPECIFICATIONS

Feature	Detail
Model Number	B09B4RCCH7
Dimensions	91.4L x 152.4W Centimetres (approx. 36L x 60W inches)
Frame Material	Oxidized Aluminum Alloy
Mirror Thickness	5mm Ultra-Clear Glass
Mounting Type	Wall Mount (Horizontal or Vertical)
Special Features	Fogless, Lighted, Dimmable, Touch Sensor, Bluetooth Speakers
LED Lifespan	Over 50,000 hours
Waterproof Rating	IP54
