Keter 252172

Keter 89.8 Qt Portable Outdoor Patio Cooling Chest (Model 252172) Instruction Manual

Your guide to assembly, operation, and maintenance.

PRODUCT OVERVIEW

The Keter 89.8 Qt Portable Outdoor Patio Cooling Chest is designed for outdoor beverage storage and serving. It features a large capacity, integrated bottle opener, and mobility for various outdoor settings. This unit is constructed from durable, weather-resistant resin material.

SETUP AND ASSEMBLY

This product requires assembly. Please ensure all components are present before beginning. The package includes the main cooler unit, handle, bottle opener, shelves, and wheels. Refer to the included assembly diagrams for detailed steps.

Patio Cooler & Beverage Cart

Image: Product dimensions are 23 inches deep, 37.6 inches wide, and 35.3 inches high. The lid opens to a total height of 52.7 inches.

The construction utilizes Evotech plastic resin composite, designed for straightforward assembly without specialized tools.

OPERATING INSTRUCTIONS

Familiarize yourself with the various features for optimal use:

- **Folding Top Lid:** The lid is equipped with easy-lift pistons for smooth opening and closing. It can remain open without support.
- **Cooling Chest Capacity:** The main compartment has an 89.8-quart (22.5-gallon) capacity for beverages and ice. Note that while insulated, it is not designed to keep ice for extended periods like a high-performance cooler.
- **Multi-Position Divider:** An adjustable divider allows for organizing contents within the cooling chest.
- **Fold-Down Shelves:** Two fold-out shelves are located on either side of the cooling chest, providing additional surface area for glasses, snacks, or other accessories. The inside of the lid also features a fold-down shelf for glassware.

- **Swivel Wheels:** The unit is designed with 360-degree swivel wheels for easy movement. The wheels can be locked to secure the cart in place during use.
- **Built-in Bottle Opener:** A bottle opener is integrated into the side of the unit for convenience.
- **Bottom Shelf:** A slatted shelf is located at the base of the cart for additional storage.
- **Drainage Tap:** A drainage tap is included for easy emptying of melted ice water.

Features

Image: Key features such as the 22.5-gallon cooler, hydraulic pistons for the lid, adjustable interior divider, bottle opener, and 360-degree swivel wheels are labeled.

MAINTENANCE

The Keter Cooling Chest is constructed from weather-resistant Evotech plastic resin composite, designed for minimal maintenance.

- **Cleaning:** Wipe surfaces with a damp cloth and mild soap as needed. Avoid abrasive cleaners.
- **Material Durability:** The resin material is UV resistant and designed to withstand various weather conditions without significant degradation, unlike traditional wood or metal.
- **Drainage:** Regularly empty the cooler using the drainage tap to prevent water stagnation.

The KETER logo is a red pill-shaped badge with the word "KETER" in white, bold, sans-serif capital letters.
