## 2. PACKAGE CONTENTS

Upon opening the package, ensure all items listed below are present and in good condition. If any items are missing or damaged, please contact customer support.

## PACKAGE LIST

1. Projector
2. Cleaning cloth
3. Backpack
4. Instructions
5. Remote control board
6. Three-in-one AV cable
7. HDMI cable
8. Power cord

Image: Contents of the TOPTRO X3 Projector package, including the projector, cleaning cloth, backpack, instructions, remote control, AV cable, HDMI cable, and power cord.

- 1 x TOPTRO X3 Projector
- 1 x Cleaning Cloth
- 1 x Backpack (for portability)
- 1 x Instruction Manual
- 1 x Remote Control
- 1 x Three-in-one AV Cable
- 1 x HDMI Cable
- 1 x Power Cord

## 3. SETUP

### 3.1 Physical Placement

Place the projector on a stable, flat surface. Ensure adequate ventilation around the device. The optimal projection distance is approximately 3 meters for a clear image. The projector supports a projection distance of 1.5-6 meters, producing an image size of 50-350 inches.

### 3.2 Power Connection

Connect the power cord to the projector's power input and then to a power outlet.

Image: Side view of the TOPTRO X3 Projector showing various input ports and power connection.

### 3.3 Focus and Keystone Correction

Adjust the focus ring on the projector lens until the image is sharp and clear. The TOPTRO X3 features 4P/4D keystone correction, allowing you to adjust the image's four corners individually (4P) or the horizontal/vertical direction (4D) to achieve a rectangular image, regardless of the projector's angle.

### 3.4 Connectivity Options

The projector offers multiple connectivity options for various devices:

- **HDMI:** Connect to TV sticks, PS4/5, PCs, and other HDMI-enabled devices using the provided HDMI cable.
- **USB:** Directly read PPT, Word, Excel, and PDF files from a USB drive without needing a computer. Also supports media playback.
- **AV:** Use the three-in-one AV cable for older devices.
- **Wireless (2.4G/5G WiFi):** Connect to your home network for screen mirroring from iOS and Android devices.
- **Bluetooth 5.1:** Connect to external Bluetooth speakers or headphones for enhanced audio.

## 4. OPERATING INSTRUCTIONS

### 4.1 Power On/Off

Press the power button on the projector or the remote control to turn the device on or off.

### 4.2 Input Source Selection

Use the "Source" button on the remote control or the projector's control panel to cycle through available input sources (HDMI1, HDMI2, AV, USB, Screen Mirroring).

### 4.3 Wireless Screen Mirroring (iOS/Android)

To mirror your smartphone or tablet screen:

1. Ensure your iOS/Android device and the projector are connected to the same Wi-Fi network.
2. Select the "Screen Mirroring" option on the projector's main menu.
3. On your iOS device, swipe down from the top-right (iPhone X or later) or bottom edge (iPhone 8 or earlier) to open Control Center, then tap "Screen Mirroring" and select the projector from the list.
4. On your Android device, enable "Wireless Projection" or "Smart View" (names may vary by device) and select the projector.

Image: Visual guide for connecting iOS and Android devices to the TOPTRO X3 Projector via wireless screen mirroring.

### 4.4 Bluetooth Audio Connection

The TOPTRO X3 is equipped with Bluetooth 5.1 for connecting external audio devices.

1. Navigate to the Bluetooth settings on the projector.
2. Enable Bluetooth on your external speaker or headphones and set it to pairing mode.
3. Select your audio device from the list on the projector to connect.

#### 4.5 Digital Zoom Function

The projector includes a 50% - 100% digital zoom function. This allows you to adjust the projected image size without physically moving the projector, providing flexibility in various room setups.

Image: Diagram showing the digital zoom feature of the TOPTRO X3 Projector, adjusting image size from 50% to 100%.

## 5. MAINTENANCE

### 5.1 Cleaning

Regularly clean the projector lens and vents using the provided cleaning cloth or a soft, lint-free cloth. Ensure the projector is powered off and unplugged before cleaning. Avoid using liquid cleaners directly on the lens.

### 5.2 Lamp Life and Heat Dissipation

The TOPTRO X3 projector utilizes upgraded intelligent temperature control and heat dissipation technology to maximize lamp life, rated at up to 200,000 hours. To ensure optimal performance and longevity, always ensure the projector has proper ventilation and avoid blocking the air vents.

## 6. TROUBLESHOOTING

If you encounter any issues with your TOPTRO X3 Projector, please refer to the following general troubleshooting tips:

- **No Power:** Check if the power cord is securely connected and the power outlet is functional.
- **No Image:** Ensure the correct input source is selected. Check all cable connections (HDMI, AV). Adjust focus and keystone.
- **Blurry Image:** Adjust the focus ring on the lens. Ensure the projection surface is flat.
- **No Sound:** Check volume settings on both the projector and the connected device. If using Bluetooth, ensure it's properly paired. For Fire Stick, ensure PCM audio output is selected in Fire Stick settings.
- **Screen Mirroring Issues:** Verify both devices are on the same Wi-Fi network. Restart both devices.

For more detailed troubleshooting or persistent issues, please contact TOPTRO customer support.

## 7. SPECIFICATIONS
