ELYONA UP4100-ORB

ELYONA 8 Inch Pendant Light Fixture

Model: UP4100-ORB

PRODUCT OVERVIEW

The ELYONA 8 Inch Pendant Light Fixture is designed to provide ambient lighting with a vintage industrial aesthetic. It features a hand-blown bubble glass shade and an oil-rubbed bronze metal base, suitable for various indoor settings such as kitchen islands, dining rooms, and bars.

INCLUDED COMPONENTS

Please verify that all components are present before beginning installation:

- Pendant Light Fixture with Hand Blown Bubble Glass Shade
- Oil Rubbed Bronze Metal Base
- Mounting Hardware (including ceiling canopy and cords)

Note: Bulb is not included.

SETUP AND INSTALLATION

Professional installation is recommended. Ensure power is turned off at the circuit breaker before beginning. This fixture is designed for semi-flush mount installation and can be adjusted for various ceiling heights and bevels.

Tools Required (Not Included):

- Screwdriver (Phillips and Flathead)
- Wire Strippers
- Electrical Tape
- Ladder (if necessary)

Installation Steps:

1. **Turn off Power:** Locate the circuit breaker controlling the light fixture's location and turn off the power.
2. **Prepare Wiring:** Carefully remove the existing fixture (if any) and expose the electrical wires from the ceiling junction box.
3. **Mount Canopy:** Secure the mounting bracket to the junction box using the provided screws. Attach the ceiling canopy to the mounting bracket.
4. **Adjust Height:** Adjust the length of the hanging cord to your desired height. The maximum adjustable height is 56 inches.
5. **Connect Wires:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using wire nuts. Secure connections with electrical tape.
6. **Attach Fixture:** Carefully tuck the wires into the junction box and secure the fixture's base to the ceiling canopy.
7. **Install Bulb:** Screw in a compatible E26 base bulb (LED, CFL, Edison, or incandescent, less than 40W).
8. **Restore Power:** Turn the power back on at the circuit breaker.

Product Specification

(Bulb Not Included)

RECOMMEND BULBS (A15/A19)

VOLTAGE	110-220V
FREQUENCY	40W MAX
BASE	E26 Base
MATERIAL	Metal. Glass
COLOR	Bronze
CABLE LENGTH	1420mm /56in

Flat/Sloped Ceiling

Bulb Requirements:

- **Base Type:** E26
- **Maximum Wattage:** 40W
- **Compatible Bulb Types:** LED, CFL, Edison, Incandescent, Smart Bulbs

MAINTENANCE

Regular maintenance ensures the longevity and appearance of your pendant light fixture.

Cleaning:

- To clean the glass shade and metal base, simply rinse with water or wipe with a damp, soft cloth.
- Immediately dry the surfaces after cleaning to prevent water spots or corrosion.
- Avoid using abrasive cleaners or solvents, as these can damage the finish.

Bulb Replacement:

- Always turn off the power to the fixture at the circuit breaker before replacing a bulb.
- Allow the old bulb to cool completely before touching it.
- Unscrew the old bulb and screw in the new E26 base bulb, ensuring it does not exceed 40W.

TROUBLESHOOTING

If you encounter issues with your ELYONA pendant light, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on	No power to fixture Loose wiring connection Faulty bulb	Check circuit breaker and wall switch. Ensure all wire connections are secure (power off first). Replace bulb with a new, working one.
Light flickers	Loose bulb Incompatible dimmer/bulb Loose wiring	Tighten bulb. Ensure both dimmer and bulb are dimmable and compatible. Check wiring connections (power off first).
Dimming not working	Non-dimmable bulb No dimmer switch installed	Use a dimmable E26 base bulb. Install a compatible dimmer switch.

If the problem persists after attempting these solutions, please contact customer support.
