Oraimo OEB-E104D

Oraimo True Wireless Earbuds User Manual

Model: OEB-E104D | Brand: Oraimo

INTRODUCTION

Thank you for choosing Oraimo True Wireless Earbuds. This manual provides detailed instructions on how to set up, operate, and maintain your earbuds to ensure the best possible audio experience. Please read this manual carefully before use.

WHAT'S IN THE BOX

Your Oramo True Wireless Earbuds package includes the following items:

- Oramo True Wireless Earbuds (Left and Right)
- Charging Case
- USB Type-C Charging Cable
- Multiple Sizes of Eartips (S/M/L)
- User Manual (this document)

PRODUCT OVERVIEW

Earbud Components

- **Touch Control Area:** For playback, call management, and voice assistant activation.
- **LED Indicator:** Shows pairing status, battery level, and charging status.
- **Microphones (4 total):** Two on each earbud for clear calls and Environmental Noise Cancellation (ENC).
- **Charging Contacts:** Located at the bottom of the earbud stems.
- **Eartips:** Replaceable silicone tips for comfortable and secure fit.

Charging Case Components

- **Charging Indicators:** LEDs on the front of the case show battery status.
- **Type-C Charging Port:** Located at the back of the case for charging.
- **Earbud Charging Slots:** Securely hold and charge the earbuds.

SETUP

Charging the Earbuds and Case

Before first use, fully charge both the earbuds and the charging case.

1. Place the earbuds into the charging case. Ensure they are correctly seated.
2. Connect the provided USB Type-C cable to the charging port on the case and plug the other end into a

USB power source (e.g., wall adapter, computer).

3. The LED indicators on the case will light up to show charging progress. Once fully charged, the indicators will remain solid or turn off depending on the model.

The earbuds offer up to 8 hours of playtime on a single charge, and the charging case provides an additional 28 hours, totaling 36 hours of playtime. A quick 5-minute charge can provide up to 40 minutes of play time.

Pairing with Your Device

The Oraimo True Wireless Earbuds utilize Bluetooth 5.2 for a stable and efficient connection.

1. Open the charging case. The earbuds will automatically enter pairing mode, and their LED indicators will flash.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for "oraimo freepods 3" in the list of available Bluetooth devices and select it to connect.
4. Once connected, the earbud LEDs will stop flashing, indicating a successful pairing.

After the initial connection, the earbuds will automatically connect to your device when you open the charging case, provided Bluetooth is enabled on your device.

One Step Pairing

OPERATING

Wearing the Earbuds

The Oraimo FreePods 3 offer two wearing styles for different preferences: half-in-ear and in-ear. Choose the eartips (S/M/L) that provide the most comfortable and secure fit for you.

- **Half-in-ear:** More comfortable for extended wear.
- **In-ear:** Provides better noise isolation for an immersive listening experience.

Image: Diagram showing how eartips fit into the ear canal for sound isolation.

Touch Controls

The earbuds feature intuitive touch controls on either earbud. You can control various functions by tapping the touch control area.

Action	Function
Tap Twice	Play/Pause music
Tap Left Earbud for 1.5s	Previous Track
Tap Right Earbud for 1.5s	Next Track
Tap Twice	Answer/End Calls
Tap One Earbud for 2s	Reject Calls
Tap Triple	Activate Voice Assistant

Sound Quality and Call Performance

The Oraimo FreePods 3 feature 13mm massive drivers for authentic sound with deep bass. Equipped with 4 microphones and Environmental Noise Cancellation (ENC) technology, these earbuds significantly reduce background noise, ensuring crystal clear calls even in noisy environments.

Extra Heavy Bass

MAINTENANCE

Cleaning

Regular cleaning helps maintain optimal performance and hygiene.

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them with mild soap and water if necessary. Ensure they are completely dry before reattaching.
- Use a cotton swab or a small, soft brush to clean the charging contacts on both the earbuds and inside the case.

Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from extreme temperatures.

Water Resistance

The earbuds are IPX5 waterproof, meaning they are protected against low-pressure water jets from any direction. This makes them suitable for sports and workouts where sweat or light rain might be a factor. Do not submerge the earbuds in water.

Image: Diagram illustrating the IPX5 waterproof protection of the earbuds, showing water droplets.

TROUBLESHOOTING

Earbuds Not Pairing with Each Other (TWS Pairing)

If only one earbud is working or they are not pairing with each other, you may need to manually re-pair them.

1. Take both earbuds out of the charging case.
2. If the left and right earbuds are not automatically paired, their status indicators will flash red and green alternatively.
3. To manually enter TWS pairing mode, tap both earbuds simultaneously two times.
4. After successful TWS pairing, only one earbud will flash red and green alternatively, indicating it's ready to connect to your device.
5. Place the earbuds back into the charging case, then take them out again to connect to your device.

Video: A short instructional video demonstrating how to resolve issues when only one earbud is working by re-pairing them.

Other Common Issues

- **No Sound:** Ensure earbuds are charged, connected to your device, and volume is up.
- **Connection Drops:** Move closer to your device, ensure no strong interference sources are nearby.
- **Earbuds Not Charging:** Clean charging contacts on both earbuds and case. Ensure cable is properly connected.

SPECIFICATIONS

Feature	Detail
Model Name	OEB-E104D
Connectivity Technology	Wireless (Bluetooth 5.2)
Bluetooth Range	10 Meters
Battery Life (Earbuds)	Up to 8 Hours
Total Playtime with Case	Up to 36 Hours
Quick Charge	5-minute charge for 40 minutes play
Audio Driver Type	13mm Dynamic Driver
Microphones	4 (with ENC Noise Cancelling)
