

HUBBLE CONNECTED B09B92ZGGV

Hubble Connected Touch Twin 5-inch Smart Baby Monitor (Model: B09B92ZGGV) Instruction Manual

Your comprehensive guide to setup, operation, and maintenance.

1. INTRODUCTION

Welcome to the Hubble Connected Touch Twin 5-inch Smart Baby Monitor. This device is designed to provide reliable monitoring of your child with advanced features including a 5-inch interactive touchscreen viewer, two portable camera units, Wi-Fi connectivity for smartphone access, remote pan, tilt, and zoom, two-way talk, room temperature display, infrared night vision, and preloaded lullabies. This manual will guide you through the setup, operation, and maintenance of your new baby monitor system.

2. IMPORTANT SAFETY INFORMATION

- **Strangulation Hazard:** Keep all cords out of reach of children. Never place camera or cords within 3 feet (1 meter) of the crib or playpen. Secure cords to a wall or floor using cable clips.
- **Choking Hazard:** This product contains small parts. Keep out of reach of children.
- **Overheating:** Do not cover the monitor or camera with blankets or towels. Ensure proper ventilation.
- **Water and Moisture:** Do not expose the product to water or moisture. Use only in dry indoor environments.
- **Power Source:** Use only the provided power adapters. Using unauthorized adapters may damage the product and void the warranty.
- **Interference:** Keep the monitor away from other electronic devices that may cause interference.
- **Adult Supervision:** This product is intended to assist in monitoring your child and should not be used as a substitute for responsible adult supervision.

3. PACKAGE CONTENTS

Your Hubble Connect Touch Twin 5-inch Smart Baby Monitor package includes:

- 2 x Baby Camera Units

- 1 x Parent Monitor (5-inch Interactive Touchscreen Viewer)
- 2 x Power Adapters
- 1 x Quick Start Guide
- 2 x Hubble Grip flexible mounts

Image: Complete package contents of the Hubble Connect Touch Twin 5-inch Smart Baby Monitor system.

4. SETUP

4.1 Charging the Parent Unit and Camera Units

Before initial use, fully charge the Parent Monitor and both Camera Units using the provided power adapters. A full charge ensures optimal performance and portability.

4.2 Camera Placement

Position the camera units in locations that provide a clear view of your child. Ensure the camera is at least 3 feet (1 meter) away from the crib or playpen to prevent strangulation hazards from the power cord. The flexible Hubble Grip mounts allow for versatile placement on crib rails or other surfaces.

Full Feature Baby Camera

Portable, Wireless Camera 

Remote Pan, Tilt and Zoom 

Flexible Grip for Multi-Purpose Mounting 

High Sensitivity Microphone 

Privacy Mode 

Image: A portable camera unit mounted on a wall, demonstrating flexible mounting options.

The camera features remote pan, tilt, and zoom capabilities, allowing you to adjust the viewing angle from the parent unit or smartphone app.

Your browser does not support the video tag.

Video: Official product video demonstrating the Nursery Pal Connect Touch features, including remote pan, tilt, and zoom.

4.3 Pairing the Camera Units (if not pre-paired)

Your camera units should be pre-paired with the parent unit. If re-pairing is needed, consult the Quick Start Guide for specific instructions. Generally, this involves accessing the pairing menu on the parent unit and pressing a pairing button on the camera unit.

4.4 Connecting to Wi-Fi and Smartphone App

For advanced features and remote viewing, download the HubbleClub app on your smartphone or tablet. Follow the in-app instructions to connect your monitor system to your home Wi-Fi network.

Download the HubbleClub app for even more incredible features

-  Stream on Your Smart Device with 24-Hour Recording
-  BabyZone, Personalized Audio Recordings, Routine Management and more

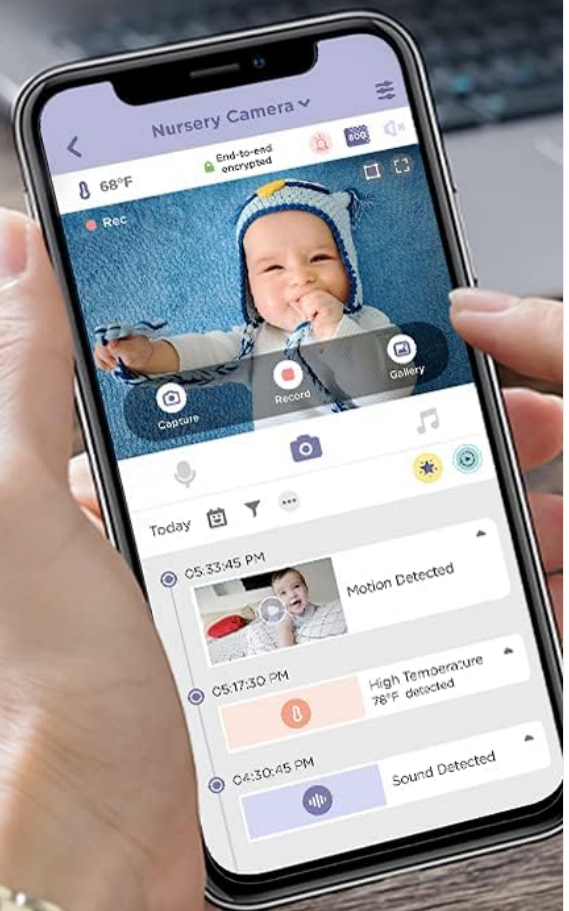

Image: The HubbleClub app interface on a smartphone, showing live streaming and feature access.

5. OPERATING YOUR MONITOR

5.1 Basic Viewing and Navigation

Turn on the Parent Monitor. The screen will display the live video feed from one of your camera units. Use the directional buttons on the parent unit to pan and tilt the camera remotely. Pinch-to-zoom functionality may be available on the touchscreen for closer views.

Multiple Ways to View

**Split-Screen Monitoring on
your 5" Touch Screen with
Hubble Baby Mode**

**WiFi Viewing with
your Smart Device**

Image: Multiple viewing options, including split-screen on the parent unit and Wi-Fi viewing on a smart device.

5.2 Two-Way Talk

Press and hold the microphone button on the parent unit to speak to your child through the camera's speaker. Release the button to listen.

5.3 Night Vision

The camera automatically switches to infrared night vision in low-light conditions, providing a clear black-and-white image of your child.

Image: Key features including infrared night vision and room temperature monitoring.

5.4 Lullabies and Soothing Sounds

Access the menu on the parent unit to select and play preloaded lullabies, audiobooks, or soothing sounds to help your child relax.

5.5 Room Temperature Monitoring

The parent unit displays the room temperature detected by the camera unit, allowing you to ensure a comfortable environment for your child.

5.6 Privacy Mode

For enhanced privacy, manually close the camera lens cover. This physically blocks the camera's view.

Image: The camera unit demonstrating the manual privacy mode by closing the lens cover.

5.7 Hubble Baby Mode

The 5-inch interactive touchscreen viewer can switch to "Hubble Baby Mode," offering educational videos, games, and audiobooks for your child's entertainment and learning as they grow.

NEW Hubble Baby Mode

Educational Videos, Games and Audiobooks.
Available on the Touch Screen Viewer.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the monitor and camera units. Do not use abrasive cleaners or solvents.
- **Battery Care:** To prolong battery life, avoid extreme temperatures and fully discharge and recharge the battery periodically.
- **Storage:** If storing the product for an extended period, ensure it is fully charged and stored in a cool, dry place.

7. TROUBLESHOOTING

Problem	Solution
No video/audio on parent unit.	Ensure both parent unit and camera are powered on and charged. Check if they are within range. Re-pair the units if necessary (refer to Quick Start Guide).

Problem	Solution
Poor video quality or interference.	Move the camera or parent unit closer. Ensure no large metal objects or other electronic devices are causing interference. Check Wi-Fi signal strength if using the app.
Parent unit battery drains quickly.	Reduce screen brightness. Enable ECO mode (if available). Ensure the unit is fully charged before use. Battery life can vary with usage.
Cannot connect to HubbleClub app.	Ensure your home Wi-Fi is active and the camera is within range. Restart the camera and your router. Verify correct Wi-Fi password in the app.
Camera not responding to pan/tilt/zoom.	Check connection between parent unit/app and camera. Restart both devices. Ensure no physical obstructions are blocking camera movement.
