4. SETUP AND ASSEMBLY

Assembly typically takes 15-20 minutes. Follow these steps for proper setup:

- 1. Attach Casters to Base:** Insert each of the five casters into the holes at the end of the chair base arms until they click securely into place.
- 2. Insert Gas Lift:** Place the gas lift cylinder into the central hole of the assembled base.
- 3. Attach Armrests to Backrest:** Secure the armrests to the chair backrest using the designated screws from the hardware kit. Ensure they are firmly tightened.
- 4. Attach Backrest/Armrest Assembly to Seat:** Connect the backrest with attached armrests to the seat cushion using the appropriate screws.
- 5. Attach Mechanism Plate to Seat:** Secure the mechanism plate to the underside of the seat cushion using the specified screws. Ensure the control levers face the front of the chair.
- 6. Connect Seat to Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder, ensuring it is centered and stable. Apply gentle downward pressure to secure.
- 7. Install Decorative Caps:** Cover any visible screw heads with the provided decorative caps for a finished look.

5. OPERATING INSTRUCTIONS

Your Sytas Ergonomic Desk Chair offers several adjustable features to customize your seating experience:

- Height Adjustment:** To adjust the chair height, pull the lever located under the seat upwards. While holding the lever, raise or lower your body to the desired height. Release the lever to lock the height.
- Tilt Function:** The chair features a 90°-120° tilt tension. Pull out the adjustment lever (usually on the side) to enable tilting. Push it back in to lock the chair in an upright position.
- Armrest Adjustment:** The padded armrests can be flipped up 90° to save space or accommodate different desk heights. Simply lift them upwards until they lock into position, or push them down to return to the standard position.

6. MAINTENANCE

To maintain the longevity and appearance of your chair:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals that may damage the mesh or fabric.
- **Regular Checks:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to prevent loosening over time.

7. IMPORTANT SAFETY INFORMATION

Please observe the following safety guidelines:

- **Maximum Weight Limit:** The chair has a maximum weight limit of 300 lbs (113 kg). Do not exceed this limit.
- **Proper Use:** Ensure the chair is used within its weight limit and follow all assembly and usage instructions for safe operation.
- **Stability:** Always sit properly in the chair with both feet on the floor or a footrest to maintain stability. Avoid standing on the chair.
