Pemberly Row PR-4753-501508

Pemberly Row Full Size Wall Bed Instruction Manual

Model: PR-4753-501508

Introduction

Thank you for choosing the Pemberly Row Full Size Wall Bed. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new wall bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- **Wall Mounting is Mandatory:** This wall bed *must* be securely anchored to a wall stud or appropriate structural support. Failure to do so can result in serious injury or property damage. Consult a professional if unsure about wall type or mounting methods.
- **Weight Capacity:** Do not exceed the recommended weight capacity for the mattress and bedding.
- **Clearance:** Ensure adequate clearance around the bed when opening and closing to prevent obstruction or damage.
- **Children and Pets:** Keep children and pets away from the bed during operation to prevent pinching or injury.
- **Assembly:** Assembly requires at least two adults. Follow all steps precisely.

Package Contents

Before assembly, verify that all parts and hardware are present. Refer to the detailed parts list included in your packaging. If any components are missing or damaged, contact customer support immediately.

Setup

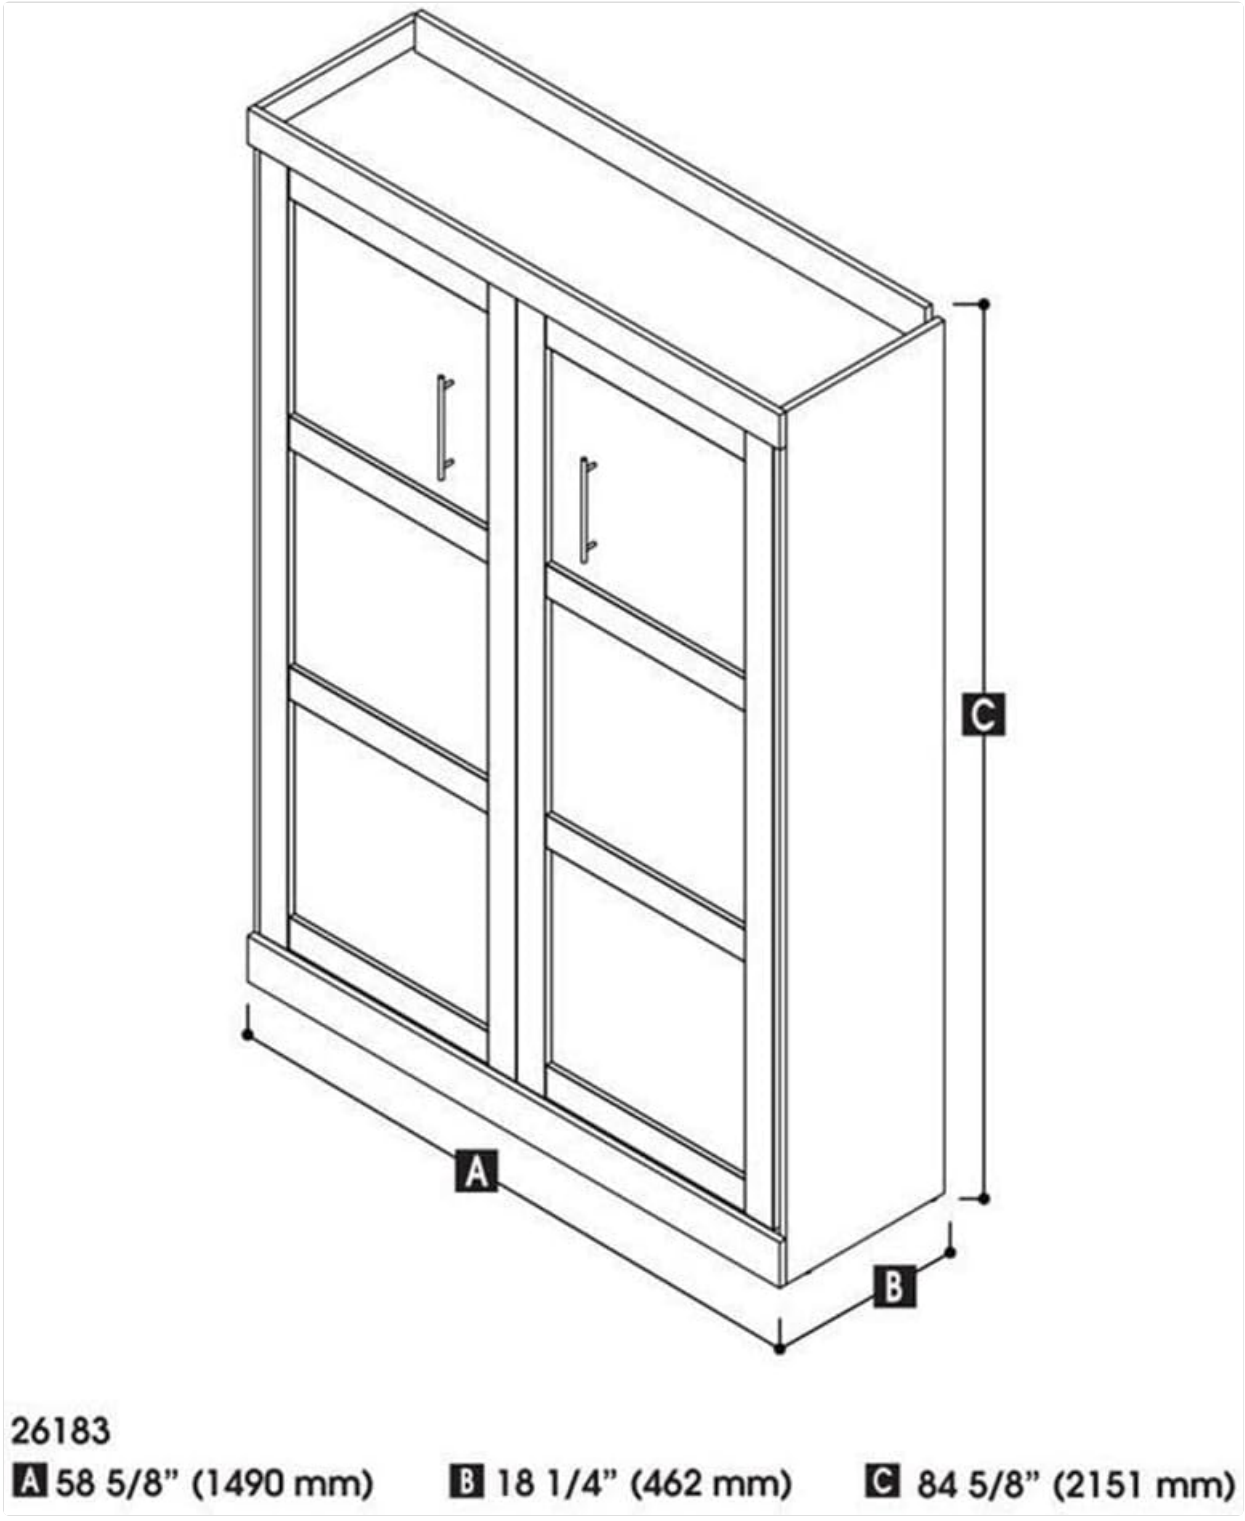

1. Assembly

Follow the step-by-step assembly instructions provided in the separate assembly guide included with your product. All necessary tools for assembly are included.

2. Wall Mounting

Securely mount the wall bed unit to a sturdy wall using the provided hardware. It is crucial to locate wall studs for proper anchoring. Use a stud finder to identify suitable mounting points. Ensure the unit is level and plumb before tightening all fasteners.

3. Mattress Placement

This wall bed is designed to support a full-size mattress without the need for a box spring. Place your latex, memory foam, or spring mattress directly onto the bed frame slats. Ensure the mattress fits snugly within the frame and does not interfere with the opening or closing mechanism.

Operating Instructions

1. Opening the Bed

1. Ensure the area in front of the wall bed is clear of obstructions.
2. Gently pull the handles on the front panel downwards. The piston mechanism will assist in lowering the bed frame smoothly.
3. Continue to guide the bed frame until it is fully extended and resting on its support legs.

2. Closing the Bed

1. Remove all bedding and pillows that might obstruct the closing mechanism.
2. Lift the bed frame from the foot end. The piston mechanism will assist in raising the bed.
3. Guide the bed frame upwards until it is fully vertical and the front panel is flush with the wall unit. Ensure it latches securely.

Maintenance

- **Cleaning:** Wipe the wood surfaces with a dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Hardware Inspection:** Periodically check all screws, bolts, and fasteners to ensure they are tight. Retighten as necessary.
- **Piston Mechanism:** The lift-assist piston mechanism is designed for long-term use. If you notice any change in operation (e.g., increased resistance, uneven lifting), contact customer support. Do not attempt to lubricate or disassemble the pistons yourself.

Troubleshooting

Problem	Possible Cause	Solution
Bed does not open/close smoothly.	Obstruction, loose hardware, or piston issue.	Check for obstructions. Ensure all hardware is tight. If issue persists, contact customer support.

Problem	Possible Cause	Solution
Bed feels unstable.	Improper wall mounting or loose fasteners.	Verify wall mounting is secure and all fasteners are tightened. Ensure the unit is level.
Noises during operation.	Loose hardware or friction.	Check and tighten all hardware. If noises persist, contact customer support.

Specifications

Model Number: PR-4753-501508

Dimensions (Closed): 83.7" H x 58.6" W x 18.2" D

Material: Wood

Color: White

Weight: Approximately 320 pounds

Mattress Compatibility: Full Size (no box spring required)

Care Instructions: Wipe with Dry Cloth

UPC: 195493040913
