1. INTRODUCTION

Thank you for choosing the SHARDOR Adjustable Electric Coffee Grinder. This appliance is designed for grinding coffee beans, herbs, and various dry spices to your desired consistency. Please read this manual thoroughly before first use to ensure safe and optimal operation.

2. IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or injury, always follow these basic safety precautions:

- Read all instructions before using the appliance.
- Do not immerse the motor base in water or other liquids.
- Unplug from outlet when not in use, before assembling or disassembling parts, and before cleaning.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- The use of attachments not recommended or sold by the manufacturer may cause fire, electric shock, or injury.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Always operate the grinder with the lid securely in place.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or

mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

- Children should be supervised to ensure that they do not play with the appliance.

3. PACKAGE CONTENTS

Your SHARDOR Electric Coffee Grinder package includes:

- 1 x SHARDOR Electric Coffee Grinder Base
- 1 x Removable Stainless Steel Grinding Bowl
- 1 x Transparent Lid
- 1 x Cleaning Brush/Spoon

4. PRODUCT FEATURES

4.1 Adjustable Grinding Precision

The grinder features a timing knob with seconds marks, allowing you to select grinding durations from coarse to fine. This provides control over the powder's precision to suit your specific needs, whether for espresso, drip coffee, French press, or cold brew.

10 GRIND SELECTORS

Timing 5s-30s, 10 grind selectors from coarse to fine.

4.2 Removable Grinding Cup

The stainless steel grinding cup is removable for easy filling and cleaning. It has a capacity to grind up to 2.5 ounces of coffee beans, sufficient for approximately 10 cups of coffee.

EVENLY GRINDING

With 25000 rpm, it grinds rapidly and evenly.

Image: The SHARDOR coffee grinder shown alongside a coffee pot and two cups, emphasizing its large capacity to yield up to 10 cups of coffee.

4.3 Multi-functional Use

This electric grinder is versatile and can be used for grinding various dry ingredients beyond coffee beans. It is suitable for spices such as pepper, cumin, fenugreek, parsley, cinnamon, star anise, peppermint, and grains like soya, quinoa, sorghum, rice, and crystal sugar.

VERSATILITY

For grinding dry ingredients.

Image: The grinder displayed with an assortment of dry ingredients like spices and herbs, highlighting its multi-functional capability.

4.4 Quieter Operation

Designed for minimal noise, the grinder operates at an average of 63 dB. This allows for grinding coffee beans in the morning without causing significant disturbance.

LOWER NOISE

Only 63 dB in average.

Image: A hand operating the SHARDOR coffee grinder in a home environment, with a blurred background showing people relaxing, indicating its low noise level.

4.5 Even Grinding

Equipped with a powerful motor, the grinder achieves 25,000 RPM, ensuring rapid and even grinding of ingredients.

GOOD HELPER IN YOUR KITCHEN

Whether coffee bean or herb, spices and grains, the SHARDOR coffee grinder can handle it with ease

Image: An internal view of the grinder's motor, highlighting its 25,000 RPM for efficient and even grinding.

4.6 Food-Grade Material

The grinding bowls are made from stainless steel and are BPA-free, ensuring safety for grinding food items for your family or baby.

STABLE QUALITY BRINGS PEACE OF MIND

SHARDOR coffee grinders are made with high quality motors, superior components and tens of thousands of adjustments to create this excellent grinder that is recognized by many users today.

5. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Clean:** Before first use, wash the removable stainless steel grinding bowl and the transparent lid with warm, soapy water. Rinse thoroughly and dry completely. Wipe the motor base with a damp cloth.
3. **Placement:** Place the grinder on a stable, flat, and dry surface.

6. OPERATING INSTRUCTIONS

1. **Insert Grinding Bowl:** Place the clean, dry stainless steel grinding bowl into the motor base unit. Ensure it is seated correctly.
2. **Add Ingredients:** Add the desired amount of coffee beans, herbs, or dry spices into the grinding bowl. Do not exceed the 'MAX' fill line indicated inside the bowl.
3. **Secure Lid:** Place the transparent lid onto the grinding bowl. Rotate the lid clockwise until it securely

locks into place. The grinder will not operate if the lid is not properly locked, serving as a safety feature.

4. **Select Grind Time:** Rotate the timing knob on the front of the grinder to select your desired grinding duration. The knob features settings from 5 to 30 seconds, corresponding to different fineness levels (coarse to fine).
5. **Start Grinding:** Press the start button once. The grinder will begin operation and automatically stop after the selected time has elapsed. You do not need to hold the button down.
6. **Remove Grounds:** Once the grinder stops, unlock and remove the transparent lid, then carefully lift out the grinding bowl.
7. **Serve:** Use the included cleaning brush/spoon to transfer the freshly ground ingredients from the bowl.

7. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the life of your grinder.

1. **Unplug:** Always unplug the grinder from the power outlet before cleaning.
2. **Wash Removable Parts:** The stainless steel grinding bowl and transparent lid are dishwasher safe or can be washed by hand with warm, soapy water. Rinse thoroughly and dry completely before reassembling or storing.
3. **Clean Motor Base:** Wipe the exterior of the motor base with a soft, damp cloth. Do not immerse the motor base in water or any other liquid.
4. **Remove Residue:** Use the provided cleaning brush to remove any residual grounds from the grinding blades and inside the motor base cavity.
5. **Storage:** Store the grinder in a dry place when not in use.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Grinder does not start	Lid not securely locked. Power cord not plugged in.	Ensure the transparent lid is fully locked into place. Check that the power cord is firmly plugged into a working electrical outlet.
Uneven grinding results	Overfilling the grinding bowl. Ingredients are not dry.	Do not exceed the MAX fill line. Ensure all ingredients are completely dry before grinding.
Grinder stops unexpectedly	Overheating protection activated.	Unplug the grinder and allow it to cool down for at least 10-15 minutes before attempting to use it again.
