Yaheetech 46-inch Cat Tree Instruction Manual

Model: YT-00107395

INTRODUCTION

This manual provides detailed instructions for the assembly, usage, and maintenance of your Yaheetech 46-inch Cat Tree. Please read all instructions carefully before assembly and retain this manual for future reference. This cat tree is designed to provide a multi-level activity center for indoor cats, featuring various platforms, scratching posts, and resting areas.

Safety Warning:

- Ensure all parts are securely fastened before allowing pets to use the product.
- Regularly check for loose parts and tighten as necessary.
- Use the provided anti-toppling kit to secure the cat tree to a wall for enhanced stability, especially if you have active or multiple cats.
- Keep small children away from the cat tree during assembly and use.

PACKAGE CONTENTS

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Baseboard
- Various platforms and perches
- Cat condo enclosure
- Sisal rope scratching posts
- Plush covering material
- Hardware kit (screws, bolts, Allen wrench)
- Anti-toppling strap and wall anchor
- Dangling toy(s)

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required. Follow these general steps for installation. Refer to the included diagram for specific part identification.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the package contents list and the assembly diagram to ensure all pieces are present.

2. **Assemble the Base:** Attach the lowest support posts to the baseboard using the provided hardware. Ensure they are tightened securely.

3. **Construct the Condo:** Assemble the cat condo walls and roof, then attach it to the base structure.

4. **Add Platforms and Posts:** Continue adding platforms, perches, and scratching posts in a sequential manner, working upwards. Ensure each connection is firm.

5. **Attach Top Perch and Basket:** Secure the wider top perch and the comfy basket to their designated posts.

6. **Install Dangling Toys:** Attach any included dangling toys to the designated points on the cat tree.

7. **Secure with Anti-Toppling Kit:** Locate a suitable wall stud or use appropriate wall anchors. Attach the anti-toppling strap to the cat tree and then to the wall. This step is crucial for stability and safety.

OPERATING INSTRUCTIONS / USAGE

The Yaheetech 46-inch Cat Tree is designed to provide a stimulating and comfortable environment for your cats. Its multi-level design encourages climbing, scratching, and resting.

- **Spacious Condo:** The enlarged condo offers a private, enclosed space for your cat to rest and feel secure. It features two openings for easy access.
- **Wider Top Perch:** The generously sized top perch (20x12.6 inches) provides an elevated spot for your cat to observe its surroundings or nap comfortably, complete with a soft cushion and raised edges.
- **Comfy Basket:** A soft, hammock-like basket offers another cozy spot for lounging.
- **Scratching Posts:** Multiple posts wrapped with sisal rope allow cats to satisfy their natural scratching instincts, helping to protect your furniture.
- **Bottom Platform:** This lower platform serves as an additional resting area and a stepping stone for cats to access higher levels.
- **Dangling Toy:** The included dangling toy provides an interactive element for play and entertainment. It is replaceable and removable.

MAINTENANCE

Proper maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Cleaning:** The plush surfaces can be spot cleaned with a damp cloth and mild detergent. For deeper cleaning, **hand wash only**. Do not machine wash or tumble dry.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Inspection:** Periodically inspect all connections and hardware. Tighten any loose screws or bolts to maintain stability.
- **Scratching Post Care:** While sisal rope is durable, it will wear over time. Monitor the condition of the scratching posts and consider replacing the cat tree if the posts become excessively frayed and no longer effective.

TROUBLESHOOTING

If you encounter any issues with your Yaheetech Cat Tree, refer to the following common solutions:

- **Wobbling/Instability:** Ensure all screws and bolts are fully tightened. Verify that the cat tree is placed on a flat, level surface. If wobbling persists, ensure the anti-toppling kit is correctly installed and secured to a wall stud or appropriate anchor.
- **Parts Not Fitting:** Double-check the assembly diagram to ensure you are using the correct parts for each step. Sometimes similar-looking parts have slight differences. Do not force parts together.
- **Cat Not Using Tree:** Introduce your cat to the tree gradually. Place treats or familiar toys on different levels. Catnip can also be used to encourage exploration.

SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
Model Number	YT-00107395
Overall Dimensions (LxWxH)	17.5" x 17.5" x 46"
Item Weight	20.9 Pounds
