## KMINA Shower Seat Cushion

### KMINA Shower Seat Cushion Instruction Manual

Model: Shower Seat Cushion (13.7" x 10.6" x 1.3" Grey)

Brand: KMINA

#### 1. PRODUCT OVERVIEW

---

This KMINA Shower Seat Cushion is designed to provide comfort and safety during bathing or other activities requiring kneeling or sitting on hard surfaces. It is made from lightweight, waterproof, and durable foam.

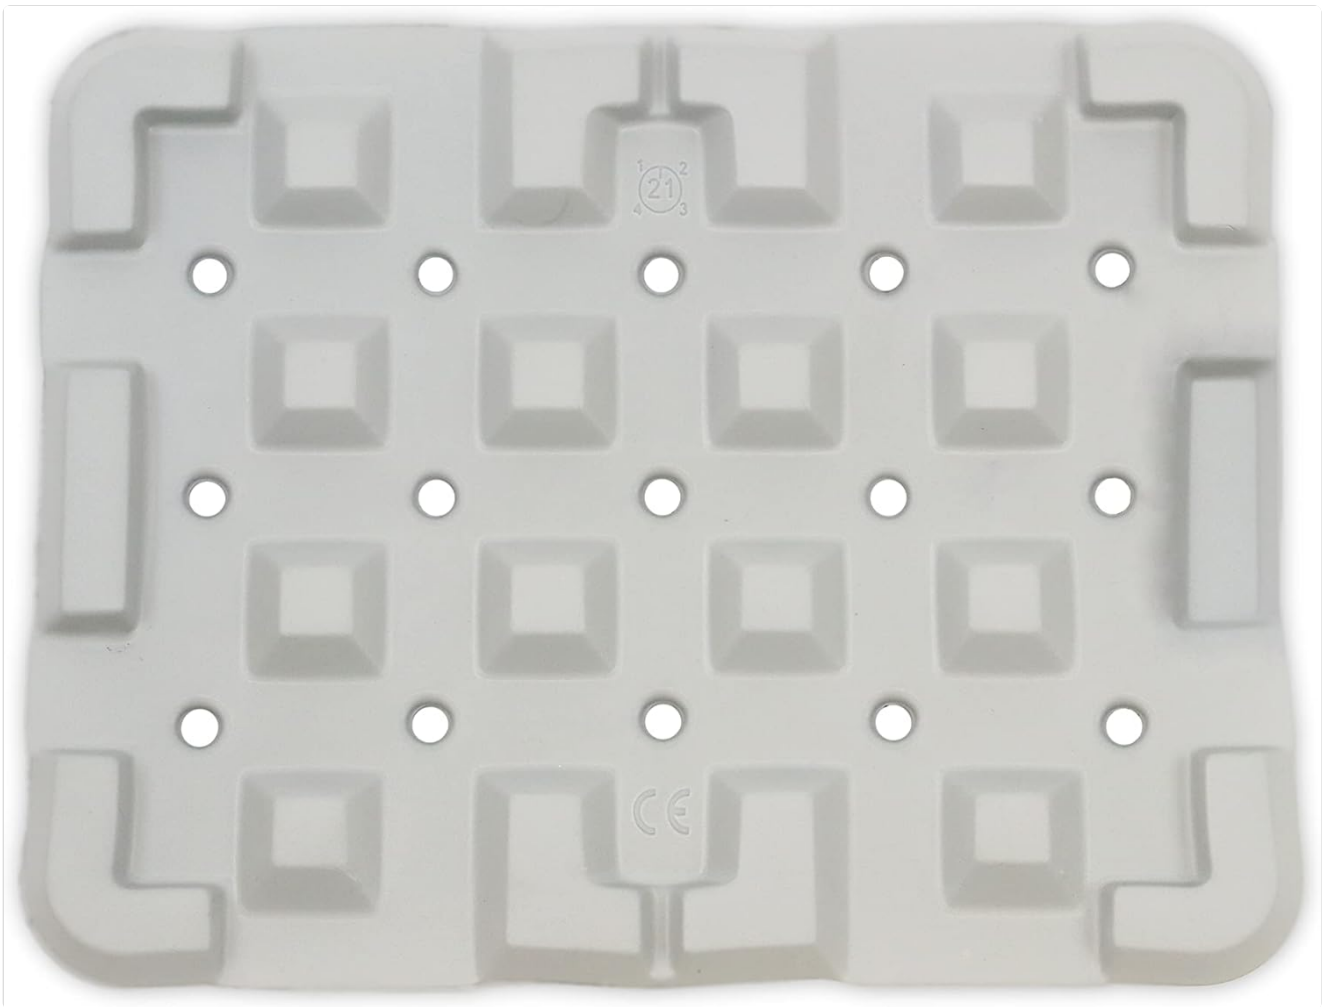

The KMINA Shower Seat Cushion, grey in color, placed on a white shower bench. The cushion features a textured surface with drainage holes.

## 2. KEY FEATURES

- **Comfort:** Designed with drain holes to allow airflow and prevent water accumulation, enhancing comfort during use.
- **Improved Posture:** Helps distribute user's weight, reducing pressure on the lower back.
- **Adaptable Design:** Suitable for shower chairs, stools, and transfer benches. Dimensions may vary slightly due to manufacturing process.
- **Waterproof and Durable:** Constructed from high-quality, lightweight (approx. 10 oz) foam that is damp-proof and waterproof.
- **Versatile Use:** Can also be used for yoga, stadium seating, or as a kneeling pad for gardening or bathing children.

### 4. OPERATING INSTRUCTIONS

The KMINA Shower Seat Cushion is designed for immediate use without complex operation.

- **For Shower/Bath:** Sit or kneel on the cushion. The integrated drainage holes will prevent water accumulation and allow for airflow.
- **For Kneeling:** Place the cushion on the ground with the drainage holes facing upwards to protect your knees during activities like gardening.
- **For Seating:** Use on hard surfaces for added comfort.

## 5. CARE AND MAINTENANCE

- **Cleaning:** The cushion is dishwasher safe. Alternatively, hand wash with mild soap and water.
- **Drying:** After use or cleaning, allow the cushion to air dry completely to prevent mildew. The drainage holes facilitate quick drying.
- **Storage:** Store in a dry place when not in use.
- **Inspection:** Periodically inspect the cushion for any signs of wear or damage. Discontinue use if significant damage is observed.

**STOOL  
NOT INCLUDED**

## 6. TROUBLESHOOTING

- **Cushion Slides:** Ensure the surface it is placed on is clean and dry. The cushion is designed to be slip-resistant, but extreme wetness or soapy residue can reduce grip.
- **Water Accumulation:** Verify that the drainage holes are not obstructed. Clean the holes if necessary.
- **Discomfort:** Re-adjust the cushion's position. If discomfort persists, ensure the cushion is appropriate for the user's specific needs and the surface it is placed on.
