INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your Good Earth Lighting Jordan 11-inch LED Flush Mount fixture. Please read all instructions carefully before beginning installation and retain this manual for future reference. This fixture is designed for indoor use in damp locations such as bathrooms, bedrooms, hallways, or kitchens.

SAFETY INFORMATION

WARNING: RISK OF ELECTRIC SHOCK.

- Always turn off power at the circuit breaker or fuse panel before installing or servicing the fixture.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections are made in accordance with local codes and ordinances.
- Do not attempt to alter the fixture in any way.
- This fixture is designed for 120V operation.
- Do not use with dimmers not specified as compatible.

PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- LED Flush Mount Fixture (with integrated LED lights)
- Diffuser
- Decorative Ring
- Mounting Bracket
- Post Caps (3)
- Wire Nuts
- Box Screws

INSTALLATION INSTRUCTIONS

Follow these steps for proper installation of your LED flush mount fixture:

1. **Turn Off Power:** Before starting any electrical work, shut off power to the electrical box at the circuit breaker or fuse panel.
2. **Disassemble Fixture:** Carefully remove the three post caps, then lift off the diffuser and the decorative ring. Set these components aside in a safe place.
3. **Attach Mounting Bracket:** Secure the mounting bracket to the electrical box using the two provided box screws. Ensure it is firmly attached.
4. **Wire Connections:**
 - Connect the J-box ground wire (green or copper) with the fixture ground wire using a wire nut.
 - Connect the black supply lead to the black fixture wire using a wire nut.
 - Connect the white supply lead to the white fixture wire using a wire nut.
5. **Push Excess Wire:** Gently push any excess wire up into the J-box.
6. **Mount Fixture:** Lift the fixture up to the ceiling. Carefully guide the threaded tube on the fixture through the center hole of the mounting bracket.
7. **Secure Fixture:** Secure the fixture to the electrical box by tightening down the cap nut and washer onto the threaded tube. Do not overtighten.
8. **Reassemble Diffuser and Ring:** Align the three holes in the decorative ring with the three posts on the fixture pan. Place the diffuser inside the decorative ring.
9. **Secure with Post Caps:** Secure the diffuser and decorative ring by screwing the three post caps back onto the posts.
10. **Restore Power:** Restore power to the electrical box and test the fixture to ensure it is working properly.

OPERATING INSTRUCTIONS

The Good Earth Lighting Jordan 11-inch LED Flush Mount fixture is designed for simple operation.

- **Power On/Off:** Use a standard wall switch to turn the fixture on or off.
- **Dimmable Functionality:** This fixture is dimmable between 15% to 100% brightness. It is compatible with most existing and new wall forward phase electronic (TRIAC) dimmers. Compatible dimmers include Lutron Diva CL (DVWCL-153P or DVCL-153P), Lumea CL (LGCL-153P), and Toggler CL (TGCL-153P8). Note that this list is not exhaustive, and compatibility with other dimmers is not guaranteed.

MAINTENANCE

To ensure the longevity and optimal performance of your fixture, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry, or slightly damp cloth to wipe the exterior surfaces of the fixture. Avoid using abrasive cleaners, solvents, or polishes as they may damage the finish or electrical components.
- **LED Care:** The integrated LED lights are designed for long-lasting performance and do not require replacement. Do not attempt to open the sealed LED module.

TROUBLESHOOTING

If your fixture is not operating correctly, refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power to fixture	Check circuit breaker or fuse. Ensure wall switch is ON.
Light flickers or dims improperly	Incompatible dimmer switch	Ensure a compatible forward phase electronic (TRIAC) dimmer is used. Refer to the 'Operating Instructions' section for compatible models.
Loose wire connections	Turn off power and check all wire connections for tightness.	
Light output is low	Dimmer setting too low	Adjust dimmer to a higher setting.

If the problem persists after trying these solutions, contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	Good Earth Lighting
Model Number	FL1060-NK3-11LF0
Size	11 inches
Finish	Satin Nickel
Light Source	Integrated LED
Brightness	1100 Lumens
Color Temperature	3000K (Bright White)
Wattage	20.73 watts
Voltage	120 Volts
Dimmable	Yes (with compatible TRIAC dimmers)
Rated Lamp Life	50,000 hours
Certification	ETL Listed
Indoor/Outdoor Usage	Indoor (Damp Location Rated)
