Exploding Kittens Recipes for Disaster Card Game Instruction Manual

Model: EKG-RFD-1

INTRODUCTION TO EXPLODING KITTENS: RECIPES FOR DISASTER

Exploding Kittens: Recipes for Disaster is a dynamic card game designed for 2-5 players, ages 7 and up. This edition combines 121 popular cards from the original game and its expansions, offering a variety of gameplay experiences. The core objective is to avoid drawing an Exploding Kitten card, which eliminates you from the game, unless you have a Defuse card. Players utilize various action cards to manipulate the deck, skip turns, or force opponents to draw multiple cards, adding layers of strategy and unpredictable fun.

This set introduces 13 unique Recipe Booklets, allowing players to customize their game with different rules and card combinations, from quick 2-minute rounds to more challenging scenarios. It also includes the "Cone of Shame" for players who forget whose turn it is, adding a humorous element to gameplay.

SETUP

1. **Choose a Game Mode:** Select one of the 13 Recipe Booklets to determine the specific cards and rules for your game. If playing for the first time, it is recommended to start with a basic recipe.
2. **Prepare the Deck:** According to the chosen Recipe Booklet, gather the specified cards from the 121-card collection. Remove any cards not listed in the recipe.
3. **Shuffle and Deal:** Thoroughly shuffle the selected cards. Each player receives a starting hand as indicated by the Recipe Booklet (typically 7 cards plus 1 Defuse card).
4. **Form the Draw Pile:** Place the remaining cards face down in the center of the playing area to form the Draw Pile.
5. **Discard Pile:** Designate an area for a Discard Pile, where played cards will be placed face up.
6. **First Player:** The player who most recently ate a burrito starts the game.

How to PLAY

The game proceeds clockwise. On your turn, you may play any number of cards from your hand, or none at all. After playing cards (or choosing not to), you must draw one card from the Draw Pile. If the card you draw is an Exploding Kitten, you are eliminated from the game unless you can play a Defuse card.

- **Playing Cards:** Action cards allow you to perform various actions such as skipping your turn, attacking another player, peeking at the top cards of the Draw Pile, or shuffling the deck.
- **Exploding Kittens:** If you draw an Exploding Kitten and do not have a Defuse card, you are out of the game.
- **Defuse Cards:** These cards allow you to defuse an Exploding Kitten. After defusing, you secretly reinsert the Exploding Kitten anywhere into the Draw Pile.
- **Winning the Game:** The last player remaining in the game wins.

THE CONE OF SHAME

The Cone of Shame is a unique, wearable accessory included in this edition. Its purpose is to playfully penalize any player who forgets whose turn it is during the game. The player must wear the cone, with the arrow pointing in the direction of play, for the remainder of the game or until another player makes the same mistake.
