LAVIEVERT 1000 Piece Jigsaw Puzzle - Beach, Happy Vacation

Model: WGPT1000Pieces

INTRODUCTION

Thank you for choosing the LAVIEVERT 1000 Piece Jigsaw Puzzle, featuring the vibrant "Beach, Happy Vacation" scene. This manual provides essential information for setting up, assembling, and maintaining your puzzle to ensure an enjoyable experience. Our puzzles are crafted from premium, thickened cardboard, designed for durability and a perfect fit.

PRODUCT FEATURES

- **Premium Material:** Crafted from thickened, non-toxic cardboard, ensuring durability, wear-resistance, and corrosion-resistance. Pieces can be assembled and disassembled multiple times without damage.
- **Vivid Colors:** The surface is specially treated to maintain bright and vivid colors even after prolonged use or storage.
- **Unique Piece Design:** Each puzzle piece is uniquely cut, preventing false fits and ensuring a precise match with neighboring pieces.
- **Reference Poster:** Includes a full-sized poster of the puzzle image to assist with assembly.
- **Letter-Partitioned Back:** The backside of the puzzle pieces is divided into zones marked with alphabets (A, B, C, etc.) to help categorize and sort pieces efficiently.
- **Finished Dimensions:** The completed puzzle measures approximately 29.52 x 19.68 inches (75 x 50 cm).

SETUP

1. **Choose a Suitable Workspace:** Select a flat, clean, and spacious surface large enough to accommodate the finished puzzle (29.52 x 19.68 inches). A puzzle mat or board is recommended for easy storage and movement.
2. **Unpack the Puzzle:** Carefully open the puzzle box. The puzzle pieces are typically sealed in a bag to prevent loss.
3. **Review the Reference Poster:** Unfold the included full-sized poster. This poster serves as your guide for the complete image.
4. **Sort the Pieces:**
 - Separate all edge pieces to form the border first.
 - Utilize the letter partitions on the back of the pieces to sort them into different sections. This can significantly reduce assembly time.
 - Group pieces by color, pattern, or distinct features from the reference poster.

OPERATING (ASSEMBLY)

Assembling your jigsaw puzzle is a rewarding process. Follow these steps and tips for an optimal experience:

1. **Build the Border:** Start by finding all the straight-edged pieces and assemble the outer frame of the puzzle. This provides a clear boundary and initial structure.
2. **Work by Sections:** Using the sorted pieces (by color, pattern, or letter zones), begin assembling smaller sections of the puzzle. Refer frequently to the large reference poster.
3. **Connect Sections:** Once several smaller sections are complete, gradually connect them to form larger parts of the puzzle.
4. **Focus on Distinct Details:** Areas with unique colors, patterns, or recognizable objects are often easier to assemble first.
5. **Enjoy the Challenge:** Jigsaw puzzles are designed to be challenging. Take breaks if you feel stuck, and return with fresh eyes. The unique cut of each piece ensures that a piece will only fit in its correct spot.

MAINTENANCE

- **Storage:** When not in use, store the puzzle pieces in their original box or a dedicated puzzle storage solution to prevent loss or damage. Keep away from moisture and direct sunlight.
- **Cleaning:** If pieces become dusty, gently wipe them with a dry, soft cloth. Avoid using water or cleaning solutions, as this may damage the cardboard or fade the colors.
- **Handling:** Handle pieces carefully to avoid bending or tearing. The thickened cardboard is designed for durability, but excessive force can still cause damage.

TROUBLESHOOTING

Problem	Solution
Missing Piece	Thoroughly check your workspace, under furniture, and within the puzzle box. If a piece is genuinely missing, contact Lavievert customer support.
Pieces Don't Fit	Ensure the piece matches the image and shape exactly. Due to unique cuts, false fits are unlikely. Re-examine the reference poster and surrounding pieces.
Difficulty with a Section	Take a break and return later. Try sorting pieces by the letter zones on the back, or focus on a different section of the puzzle.
