SETUP

The Oraimo Wired In-Ear Headphones E23N are designed for simple plug-and-play functionality.

- 1. Identify the Audio Jack:** Locate the 3.5mm audio jack on your smartphone, tablet, laptop, or computer.
- 2. Connect the Headphones:** Insert the 3.5mm plug of the Oraimo E23N headphones firmly into the audio jack of your device.
- 3. Adjust Volume:** Once connected, you can adjust the volume using your device's volume controls or the in-line remote control on the headphone cable.

OPERATING INSTRUCTIONS

The Oraimo E23N headphones feature a convenient 3-button in-line remote for easy control of audio playback and calls.

Image: Detailed diagram of the 3-button in-line remote control, illustrating its various functions for music and calls.

Music Control:

- **Play/Pause:** Press the center button once.
- **Next Track:** Press the center button twice quickly.
- **Previous Track:** Press the center button three times quickly.
- **Volume Up:** Press the '+' button.
- **Volume Down:** Press the '-' button.

Call Control:

- **Answer/End Call:** Press the center button once.
- **Reject Call:** Press and hold the center button for approximately 2 seconds.

KEY FEATURES

- **Pure Bass:** Engineered to deliver rich and deep bass for an enhanced audio experience.
- **Easy Control:** Integrated 3-button remote allows for convenient management of music playback and phone calls without accessing your device.
- **Comfort Eartips:** Lightweight and angled in-ear design with comfortable eartips ensures a steady and secure fit for extended listening sessions.
- **Sensitive Microphone:** Equipped with a microphone (42±3dB sensitivity) for clear voice transmission during calls and online meetings.
- **Lightweight Design:** Weighing only 12.5g, these headphones are designed for comfortable, long-term wear.

MAINTENANCE

To ensure the longevity and optimal performance of your Oraimo Wired In-Ear Headphones E23N, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the earbuds and cable with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headphones in a clean, dry place when not in use. Avoid tangling the cable to prevent damage.
- **Avoid Moisture:** Do not expose the headphones to water or excessive moisture.

- **Handle with Care:** Avoid pulling the cable forcefully or bending the 3.5mm jack at sharp angles.

TROUBLESHOOTING

If you encounter any issues with your Oraimo Wired In-Ear Headphones E23N, refer to the following common solutions:

Problem	Possible Solution
No sound or low volume	<p>Ensure the 3.5mm jack is fully inserted into your device.</p> <p>Check your device's volume settings and increase if necessary.</p> <p>Test the headphones with another device to rule out device-specific issues.</p> <p>Inspect the cable for any visible damage or kinks.</p>
Microphone not working	<p>Ensure the 3.5mm jack is fully inserted.</p> <p>Check your device's microphone settings and permissions for the application you are using.</p> <p>Test the microphone with another device or application.</p>
Sound distortion or crackling	<p>Ensure the 3.5mm jack is clean and free of debris.</p> <p>Try reducing the volume on your device.</p> <p>Test with another audio source or device.</p>
