SETUP

Assembly Instructions

1. **Unpack Components:** Carefully remove all items from the packaging. Ensure all listed components are present.
2. **Assemble the Batcave Structure:** Connect the two stair sections to the central archway piece. Ensure they click securely into place to form the elevated platform.
3. **Position the Batcycle Platform:** Place the circular Batcycle platform in the desired location beneath the central archway.
4. **Arrange Accessories:** Place the computer console and workbench in their designated areas within the Batcave playset.
5. **Prepare Figures and Batcycle:** Place the Batman and Penguin figures, along with the Batcycle, into the playset. The Batcycle can be positioned on the circular platform.

OPERATING INSTRUCTIONS

Playing with the Batcave

- **Action Figures:** Both Batman and The Penguin figures feature 11 points of articulation, allowing for dynamic posing and action sequences.
- **Batcycle Action:** Place Batman on the Batcycle and roll it into action. The Batcycle fits perfectly on the central platform for display or launch.
- **Interactive Batcave Features:** Utilize the computer console to monitor Gotham City. The playset includes a breaking bridge feature, allowing for dramatic confrontations between Batman and his foes.
- **Accessory Play:** Equip Batman with the included Batarang and other accessories for enhanced play. The Penguin's umbrella also features a hidden sword.
