Using the Accessories

1. Concentrator (Dry)

Use the concentrator to remove excess water from towel-dried hair before styling. It directs airflow for efficient initial drying.

CARE AND MAINTENANCE

1. Always unplug the device and allow it to cool completely before cleaning.
2. Wipe the main unit and accessories with a soft, damp cloth. Do not use abrasive cleaners or solvents.
3. Regularly remove any hair tangled in the brushes to maintain optimal performance.
4. Store the Air Wonder and its accessories in the provided beauty bag in a dry place.

TROUBLESHOOTING

If you encounter issues with your Bellissima Imetec Air Wonder, please refer to the following common solutions:

- **Device not turning on:** Ensure the power cord is securely plugged into a working electrical outlet. Check the power switch on the device.
- **Low airflow or heat:** Check if the air intake filter at the back of the main unit is clean and free from dust or hair. Clean if

necessary.

- **Accessories not staying attached:** Ensure the accessory is correctly aligned and twisted until it clicks firmly into place.
- **Hair getting tangled:** Ensure hair is detangled before styling. Work with smaller sections of hair.

If problems persist, please contact customer support.
