Brori BR-N970 Electric Razor Replacement Shaver Head Instruction Manual

Model: BR-N970

INTRODUCTION

This manual provides essential instructions for the proper installation, use, and maintenance of your Brori BR-N970 Electric Razor Replacement Shaver Head. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

SAFETY INFORMATION

Important: Always ensure the electric razor is turned off and disconnected from any power source before attempting to replace the shaver head. Handle the shaver head with care to avoid injury from the blades. Keep out of reach of children. It is highly recommended to watch the official operation video carefully before replacing the shaver head to ensure correct procedure and prevent damage.

PACKAGE CONTENTS

- Replacement Shaver Head x 1

INSTALLATION GUIDE

The Brori BR-N970 replacement shaver head is designed for easy installation. Follow these steps carefully:

1. **Remove the Old Shaver Head:** Hold the razor body firmly. With your other hand, grasp the old shaver head and gently but firmly push it away from the razor body until it detaches. Some models may require pressing a release button.
2. **Prepare the New Shaver Head:** Unpack the new replacement shaver head. Ensure it is clean and free from any debris.
3. **Install the New Shaver Head:** Align the new shaver head with the razor body. Gently push the shaver head onto the body until you hear a click, indicating it is securely in place. Ensure the connection is firm and stable.

Installation Video Guide

Official video demonstrating the correct procedure for replacing the shaver head on the Brori BR-N970 electric razor. This video guides users through each step of the installation process.

OPERATING INSTRUCTIONS

Once the replacement shaver head is securely installed, your Brori BR-N970 electric razor will function as usual. Refer to your original Brori BR-N970 electric razor manual for detailed operating instructions, including power on/off, charging, and shaving techniques.

The advanced 3D floating foil and hypo-allergenic stainless steel blade are designed to provide a close yet safe shaving

experience across various body areas, including legs, arms, face, facial hair, and bikini line.

MAINTENANCE

Regular cleaning of your shaver head is essential for hygiene and optimal performance. After each use:

1. Turn off the electric razor and detach the shaver head.
2. Use the provided cleaning brush to remove any trapped hairs or debris from the blades and foil.
3. Rinse the shaver head under running water if your razor model supports wet cleaning. Ensure it is completely dry before reattaching or storing.
4. Do not use harsh chemicals or abrasive materials to clean the shaver head, as this may damage the blades or foil.

TROUBLESHOOTING

If you encounter issues after replacing the shaver head, consider the following:

- **Shaver Head Not Secure:** Ensure the shaver head is correctly aligned and fully clicked into place. Re-attempt installation if necessary.
- **Reduced Shaving Performance:** Verify that the shaver head is clean and free from hair buildup. If performance remains poor, the shaver head may need replacement due to wear over time.
- **Razor Not Turning On:** This issue is typically related to the main razor unit, not the replacement head. Check the razor's battery charge and refer to its original manual for troubleshooting power issues.

SPECIFICATIONS

Brand	brori
