## PETLIBRO PLAF103

# PETLIBRO Automatic Pet Feeder User Manual

Brand: PETLIBRO | Model: PLAF103

## INTRODUCTION

The PETLIBRO Automatic Pet Feeder (Model PLAF103) is designed to provide convenient and reliable feeding for your cats and dogs. Featuring 5GHz and 2.4GHz Wi-Fi connectivity, smart app control, and freshness preservation, this 5L capacity feeder ensures your pet receives timely and portion-controlled meals. This manual provides essential information for setting up, operating, and maintaining your feeder.

## WHAT'S IN THE Box

Please ensure all components are present before proceeding with setup:

- Wi-Fi Automatic Pet Feeder (1 unit)
- User Manual (1 copy)
- Quick Guide (1 copy)
- Charger (1 unit)
- Desiccant Bag (1 unit)

## PRODUCT FEATURES

- **Smart APP Control:** The feeder is 5GHz and 2.4GHz Wi-Fi-enabled, allowing you to program your pet's meals remotely via the PETLIBRO App on your iOS or Android smartphone.

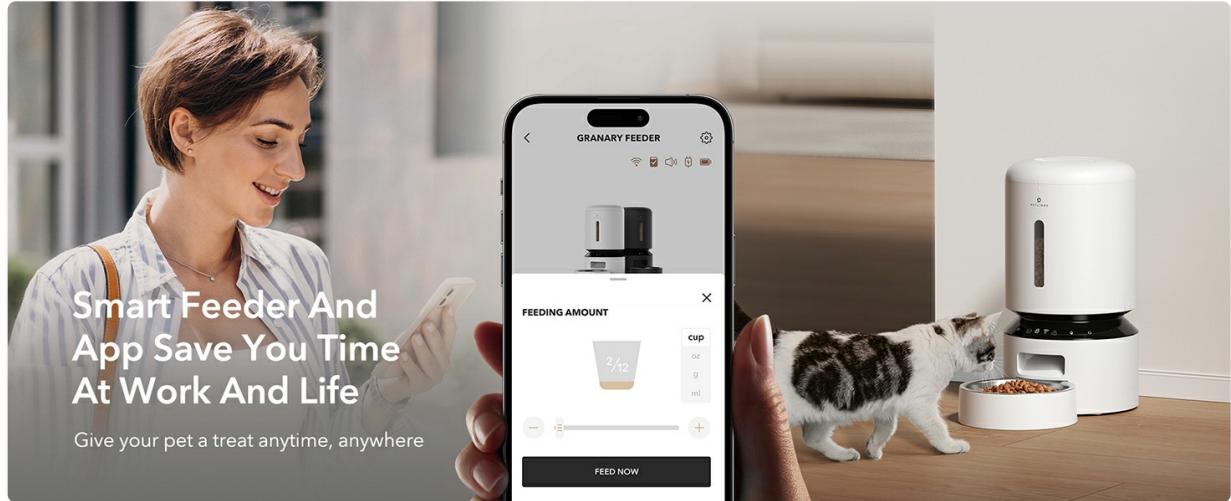

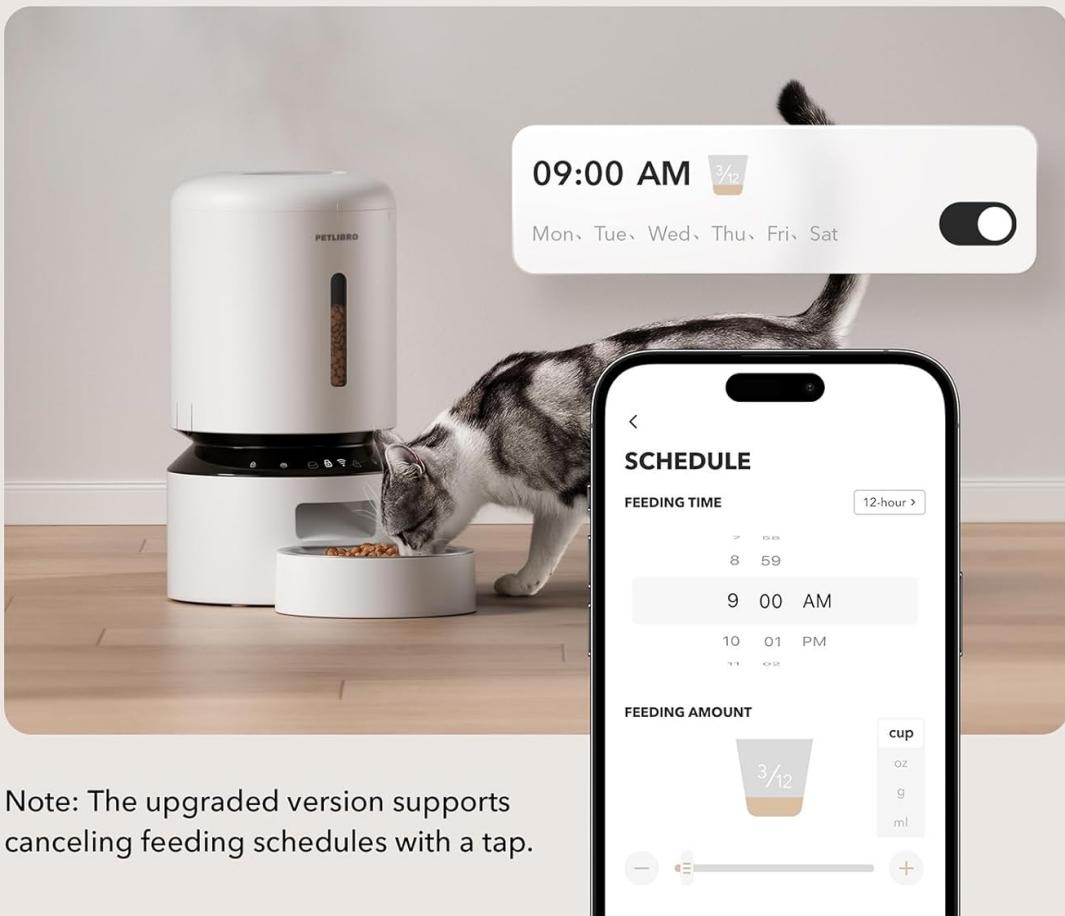

Image: A woman interacting with the PETLIBRO app on her smartphone, with the pet feeder visible in the background, demonstrating smart app control.

- **Scheduled Feeding:** Easily schedule up to 10 meals per day with 1-48 portions per meal (1/12 cup each portion). The app allows customization of feeding plans and review of feeding records.

# Remote Customized Feeding Times & Amount

Help pets eat regularly and maintain gut health

Note: The upgraded version supports canceling feeding schedules with a tap.

Image: A cat looking at the pet feeder, with a smartphone overlay showing the app's interface for setting customized feeding times and amounts.

- **Personalized Meal Call:** Record a voice message up to 10 seconds that plays for each feeding. You can set the number of times the meal call plays and adjust the volume.

## Personalized Meal Calls For Pet

Record a voice message for up to 10 seconds  
and easily adjust the volume in the app

Image: A puppy looking towards the pet feeder, with a graphic overlay of a speech bubble indicating a personalized meal call.

- **Freshness Preservation:** Features a patent rotor in the tank base and a twist-lock lid to prevent pets from accessing extra food. A built-in desiccant bag and sealing strip maintain food freshness and crunchiness. The food-grade stainless steel bowl promotes healthy and hygienic feeding.

## Seal From The Inside Out

Every meal is delicious when the food tank is securely sealed to prevent air and moisture from entering

Image: An exploded view diagram of the pet feeder highlighting the secure twist-lock lid, desiccant bag, silicone sealing strip, and patent rotor design for freshness.

- **Smart Notifications:** Receive phone notifications and visual indicators (red lights) for low food, food jams, low battery, or other issues. An infrared sensor prevents food dispensing if the outlet is blocked.

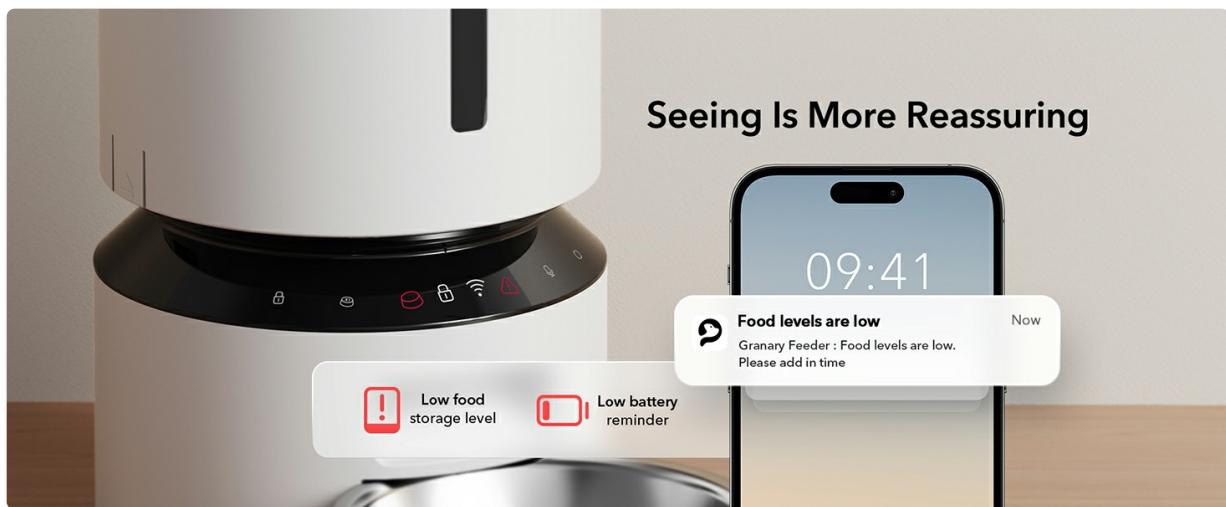

Image: The pet feeder displaying indicator lights, with a smartphone overlay showing notifications for low food storage level and low battery reminder.

- **Anti-Stuck Structure:** Features a 45-degree angular design and wide food outlet to prevent kibble from getting stuck. The app also provides rotor stuck notifications.

# SETUP GUIDE

## 1. Unboxing and Assembly

Carefully remove all components from the packaging. Ensure the stainless steel bowl is properly seated in its holder.

## 2. Power Connection

Connect the provided charger to the feeder and a power outlet. For uninterrupted feeding during power outages, insert 3 D-cell batteries (not included) into the battery compartment at the bottom of the feeder.

## 3. App Download and Wi-Fi Connection

1. Download the PETLIBRO App from your smartphone's app store (iOS or Android).
2. Open the app and follow the on-screen instructions to create an account and add your feeder.
3. Ensure your Wi-Fi network is 5GHz or 2.4GHz compatible for successful connection.

# 2.4GHz And 5GHz Wi-Fi Networks? No Problem

Image: The pet feeder with a graphic indicating compatibility with both 2.4GHz and 5GHz Wi-Fi networks.

## 4. Filling the Food Tank

Open the twist-lock lid at the top of the feeder. Pour dry kibble into the food tank. Ensure the kibble size is between 2-15mm to prevent jams. Close the lid securely.

### No Worries About Food Safety

The bowl is made of high-quality 304 stainless steel, which can prevent grease accumulation and avoid chin acne. The BPA-free feeder is safe to store food

Note: The stainless bowl can be detached for cleaning.

Image: Visual guide showing recommended kibble sizes (2-15mm) and compatible food types (single shape, mixed shapes, freeze-dried).

## OPERATING INSTRUCTIONS

### 1. Scheduling Meals

Use the PETLIBRO App to set up a feeding schedule. You can program up to 10 meals per day, specifying the time and number of portions for each meal.

### 2. Manual Dispensing

To dispense food manually, use the 'Feed Now' option within the PETLIBRO App. You can select the desired number of portions to be dispensed immediately.

### 3. Recording Meal Calls

Within the app, navigate to the 'Meal Call' section. You can record a personalized voice message (up to 10 seconds) that will play when food is dispensed. This feature can help attract your pet to their meal.

## MAINTENANCE

### 1. Cleaning

The feeder's food tank and stainless steel bowl are detachable for easy cleaning. Hand wash these parts only. **Do not wash the feeder base** as it contains electronic components. Ensure all parts are completely dry before reassembly and use.

## Detachable Design For Thorough Cleaning

Cleaning is the first step for fresh and clean food

Note: Use the feeder after it's dry. The feeder base is not washable.

Image: The pet feeder disassembled into its washable components, including the food tank and stainless steel bowl, shown under running water.

## 2. Desiccant Bag Replacement

The built-in desiccant bag helps keep food fresh. It is recommended to replace the desiccant bag every two weeks to maintain optimal freshness.

## TROUBLESHOOTING

- Food Jam:** If food gets jammed, the infrared sensor will detect it, and dispensing will stop. You will receive a notification on the app. Clear the obstruction and ensure kibble size is within the recommended 2-15mm range.
- Low Food/Battery:** The feeder will send notifications to your phone and display red indicator lights when the food tank is empty or the battery is low. Refill food or replace batteries as needed.
- Wi-Fi Connectivity Issues:** Ensure your Wi-Fi network is stable and within range. The feeder supports both 2.4GHz and 5GHz networks. If issues persist, try restarting your router and the feeder, then attempt to

reconnect via the app.

## SPECIFICATIONS

Feature	Detail
Model Name	Automatic pet feeder
Item Model Number	PLAF103
Capacity	5 Liters (approx. 4.4 lbs / 2 kg of dry food)
Dimensions (LxWxH)	7.72 x 7.72 x 14.09 inches
Weight	4.4 pounds (2 Kilograms)
Material	Stainless Steel (bowl)
Connectivity	5GHz & 2.4GHz Wi-Fi
Power Source	Charger (included), 3 x D Batteries (not included)
Recommended Kibble Size	2-15 mm

Image: The PETLIBRO Automatic Pet Feeder with its dimensions (7.72" x 7.72" x 14.17") clearly marked.

## WARRANTY & SUPPORT

The PETLIBRO Automatic Pet Feeder comes with a **24 Months Warranty**. For any product inquiries, technical support, or warranty claims, please contact PETLIBRO customer service through their official website or the contact information provided in your product packaging.

## IMPORTANT INFORMATION

- Please use dry kibble with a diameter of 2-15mm.

- Replace the desiccant bag every half a month.
- Do not wash the feeder base.
- Wipe dry all parts thoroughly before use and reassembly.
