1. PRODUCT OVERVIEW

The ETUDE Play 101 Stick Contour Duo is a versatile makeup product designed for easy contouring and highlighting. This dual-ended stick features a creamy shading color and a luminous highlighting color, allowing users to create a look of authentic dimensionality on the face. Its convenient stick format makes application straightforward for all skin types.

2. INITIAL SETUP

The ETUDE Play 101 Stick Contour Duo requires minimal setup before first use. It is ready for immediate application upon unboxing.

2.1 Unboxing and Inspection

1. Carefully remove the product from its packaging.
2. Inspect the stick for any signs of damage or tampering. Ensure both the highlighting and shading ends are intact and the caps are secure.
3. Remove the protective caps from both ends of the stick before use.

3. OPERATION AND APPLICATION

The ETUDE Play 101 Stick Contour Duo is designed for easy and precise application to enhance facial features.

3.1 Application Steps

1. **Highlighting:** Apply the lighter, highlighting color on the T-zone (forehead, bridge of nose), cheekbones, and cupid's bow. This brightens and brings forward these areas.
2. **Shading/Contouring:** Apply the darker, shading color on the sides of the nose, along the hairline, and below the jawline. This creates depth and definition.
3. **Blending:** Use a beauty blender, foundation sponge, or your fingertips to gently blend the applied product into your skin until seamless. The stick features a 24-degree diagonal cut for easier blending, fitting tightly against the curved surfaces of the face.

HOW TO USE

Easily blend on your face even on the curved area.
Dial the content that you will use at a time and apply on the area where you want.
After you use it, please store it with the cap closed.

Image: Visual guide demonstrating the application of the contour stick on the face, including highlighting the T-zone and cheekbones, and shading the nose and jawline for definition.

3.2 Key Features for Optimal Use

- **24-Degree Diagonal Cut:** The ergonomic design of the stick allows for precise application and easy blending, adapting to the contours of your face.

01

24-DEGREE DIAGONAL CUT FOR EASIER BLENDING !

It's an ergonomic **24-degree cutting container** that fits tightly against the surface of the curved face, making it easy to blend anywhere.

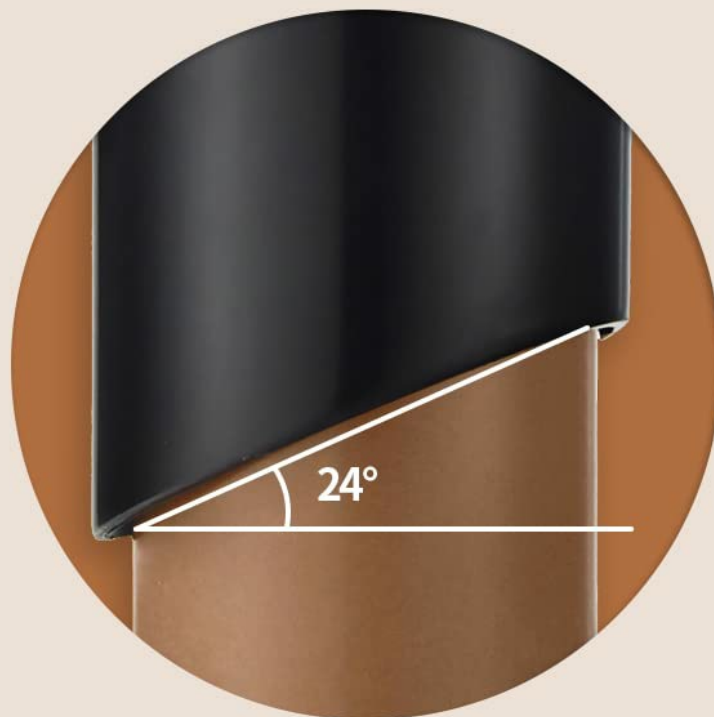

Image: Close-up of the 24-degree diagonal cut on the stick, illustrating its ergonomic design for precise application.

- **Powdery Fixing:** The stick formula provides a powdery finish that helps the contouring makeup last for a long time without caking.

POWDERY FIXING, WITHOUT CAKY TEXTURE!

A powdery stick formula that helps easy application but **powdery finish!**
It makes long lasting natural contouring make-up.

4. CARE AND MAINTENANCE

Proper care ensures the longevity and hygiene of your ETUDE Play 101 Stick Contour Duo.

- **Storage:** Always replace the caps securely after each use to prevent the product from drying out or becoming contaminated. Store the stick in a cool, dry place away from direct sunlight and extreme temperatures.
- **Hygiene:** To maintain hygiene, avoid sharing the product with others. If applying directly to the face, consider gently wiping the surface of the stick with a clean tissue after each use, especially if you have sensitive skin.
- **Cleaning:** The exterior of the stick can be wiped clean with a soft, damp cloth. Do not submerge the product in water.

5. TROUBLESHOOTING

Here are solutions to common issues you might encounter with your contour duo.

Problem	Possible Cause	Solution
Product is difficult to blend.	Skin not adequately prepped; too much product applied; incorrect blending tool.	Ensure skin is moisturized before application. Apply a smaller amount of product. Use a damp beauty blender or foundation sponge for smoother blending.
Product does not last long on skin.	Lack of setting product; oily skin type.	Set your makeup with a translucent setting powder or setting spray after application. For oily skin, consider using a mattifying primer beforehand.
Product stick appears loose or falls out.	Normal wear and tear; improper handling.	Handle the stick gently. Ensure the cap is always securely closed when not in use to keep the product protected.

6. PRODUCT SPECIFICATIONS

Attribute	Detail
Brand	ETUDE
Model Number	650003142
ASIN	B09BJKRTD2
Color	Intense
Item Form	Stick
Finish Type	Natural
Coverage	Full
