

PELONIS PTH15A2BGB

PELONIS Space Heater Instruction Manual

MODEL: PTH15A2BGB

1. Important Safety Instructions

Please read all instructions carefully before using this space heater. Failure to follow these instructions may result in fire, electric shock, or injury.

- Always plug the heater directly into a wall outlet. Never use with an extension cord or relocatable power tap.
- Do not use the heater in bathrooms, laundry areas, or similar indoor locations where it may come into contact with water.
- Keep combustible materials, such as furniture, pillows, bedding, papers, clothes, and curtains at least 3 feet (0.9 m) from the front of the heater and away from the sides and rear.
- The heater is equipped with a tip-over safety switch that automatically shuts off the heater if it is tipped over.
- The heater features an overheat protection system that will shut off the heater if parts of it get excessively hot. If this occurs, unplug the heater and allow it to cool down for at least 30 minutes before restarting.
- Ensure the heater is placed on a stable, flat surface to prevent accidental tipping.
- Do not insert or allow foreign objects to enter any ventilation or exhaust opening as this may cause an electric shock or fire, or damage the heater.
- The exterior of the heater is made of cool-touch ABS UL94 V0 flame-resistant material, ensuring safety during operation.

2. Product Overview

The PELONIS PTH15A2BGB is a 1500W Fast Heating Space Heater designed for efficient and safe heating of small to medium rooms. Its tower design allows for widespread heat distribution.

Space Heater.

The heater provides instant and directional
warmth, ideal for personal use.

Compact design with dimensions of 17.76 inches (H) x 7.72 inches (W) x 7.72 inches (D).

Key Features:

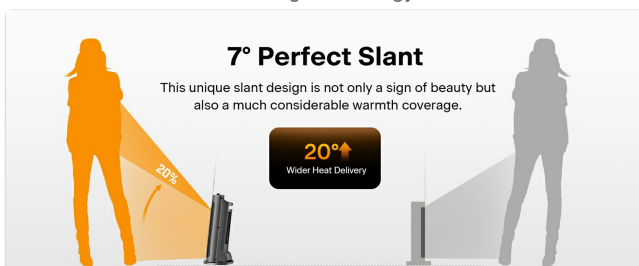

- **1500W Fast Heating:** Equipped with a ceramic heating element for quick heat-up.
- **Programmable Thermostat:** Adjustable thermostat for optimal temperature control.
- **Widespread Oscillation:** Rotates up to 83 degrees to distribute heat evenly across the room.
- **Easy Control:** User-friendly interface for simple operation.
- **Safety Protection:** Includes overheating protection and a tip-over switch for enhanced safety.
- **Quiet Operation:** Designed for low noise output, suitable for various environments.

The heater provides instant warmth and widespread heating for efficient room coverage.

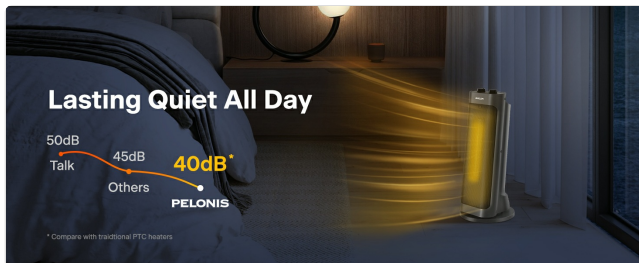

Experience warmth in as little as 3 seconds due to its rapid heating technology.

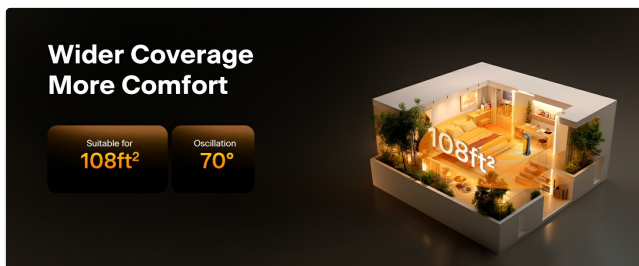

The unique 7-degree slant design increases heat dissipation area by 20%.

Equipped with V-0 flame retardant material, tip-over protection, and overheating protection.

Enjoy lasting quiet operation with a maximum noise level of 52 dB.

Provides wider coverage suitable for areas up to 107 sq.ft with 70-degree oscillation.

3. Setup

1. **Unpacking:** Carefully remove the heater from its packaging. Retain packaging for future storage or transport.
2. **Placement:** Place the heater on a firm, level surface. Ensure there are no obstructions to the air intake or exhaust openings. Maintain a minimum distance of 3 feet (0.9 m) from walls, furniture, and other combustible materials.
3. **Power Connection:** Plug the heater directly into a standard 110V AC electrical outlet. Do not use extension cords, power strips, or surge protectors.

4. Operating Instructions

Controls:

The heater features intuitive controls located on the top panel. These include power, mode selection (High/Low heat), oscillation, and thermostat adjustment.

- **Power On/Off:** Use the power button to turn the unit on or off.
- **Heat Settings:** Select between High (1500 Watts) or Low (900 Watts) heating modes.
- **Oscillation Function:** Activate the oscillation feature for widespread heat distribution across an 83-degree angle.
- **Programmable Thermostat:** Adjust the desired room temperature using the thermostat controls. The heater will cycle on and off to maintain the set temperature.

Operational Video:

This video demonstrates the PELONIS Space Heater's features, including its overheating and tip-over protection mechanisms, providing a visual guide to its safe operation.

5. Maintenance

Regular maintenance ensures optimal performance and longevity of your heater.

- **Cleaning:** Always unplug the heater from the power outlet and allow it to cool completely before cleaning. Use a soft, damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners or solvents.
- **Air Intake/Outlet:** Periodically clean the air intake and exhaust grilles with a vacuum cleaner brush attachment to remove dust and lint buildup.
- **Storage:** When not in use, store the heater in a cool, dry place. It is recommended to store it in its original packaging to protect it from dust and damage.

6. Troubleshooting

If your heater is not operating correctly, refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Heater does not turn on.	No power to the unit, unit tipped over, or overheat protection activated.	Check power outlet. Ensure heater is upright. Unplug and let cool for 30 mins if overheated.
Heater blows cold air.	Thermostat set too low, or heating element malfunction.	Increase thermostat setting. If problem persists, contact customer support.
Oscillation not working.	Oscillation function not activated, or mechanical issue.	Ensure oscillation button is pressed. If problem persists, contact customer support.
Heater makes unusual noise.	Dust buildup on fan, or internal component issue.	Clean air intake/exhaust. If noise continues, discontinue use and contact support.

7. Specifications

Feature	Detail
Brand	PELONIS
Model	PTH15A2BGB
Heat Output	1500 Watts (High), 900 Watts (Low)
Voltage	110V
Product Dimensions	7.72"D x 7.72"W x 17.76"H
Item Weight	5.44 pounds
Heating Coverage	Up to 107 square feet

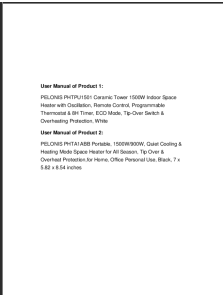

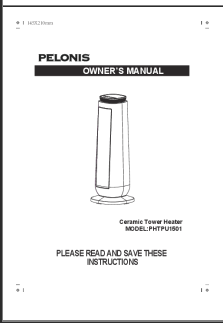

Feature	Detail
Oscillating Angle	83 degrees
Max Noise Level	52 dB
Safety Features	Overheating Protection, Tip-over Switch, Flame Resistant Material

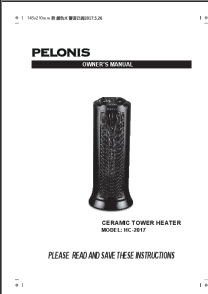

8. Warranty and Support

For warranty information or technical support, please refer to the warranty card included with your product or contact PELONIS customer service. Keep your purchase receipt as proof of purchase.
