## Bumper Buddy Kids Car

# Bumper Buddy Ride On Electric Car User Manual

Model: Kids Car | Brand: Bumper Buddy

## 1. INTRODUCTION

Welcome to the Bumper Buddy experience! This electric ride-on car is designed for maximum fun, performance, and safety for toddlers and young children. Please read this manual thoroughly before assembly and operation to ensure safe and proper use of the product.

**Important Safety Notice: Adult supervision is required at all times. This product is intended for children aged 18 months to 8 years, with a maximum weight of 45 lbs.**

## 2. WHAT'S INCLUDED

Your Bumper Buddy package includes the following components:

- Bumper Buddy Electric Ride-On Car (Blue)
- Remote Control Unit
- 12V Rechargeable Battery (pre-installed or separate)
- Charging Cable
- Customizable Stickers
- User Guide (this manual)

### 3. SETUP AND ASSEMBLY

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Battery Connection:** Ensure the 12V battery is properly connected. Refer to the battery compartment for specific instructions if not pre-installed.
3. **Initial Charge:** Before first use, fully charge the battery for approximately 8-12 hours. Do not overcharge. The charging port is typically located near the control panel.
4. **Applying Stickers:** Personalize your Bumper Buddy with the included customizable stickers. Ensure the surface is clean and dry before application.

## 4. OPERATING INSTRUCTIONS

### 4.1. Vehicle Controls

- **Power Button:** Located on the main control panel. Press to turn the car ON/OFF.
- **Joystick Controls:** Two joysticks allow for 360-degree spin and movement in all directions. Push both forward to move forward, pull both back to move backward, or push one forward and one back to spin.
- **Speed Settings:** The Bumper Buddy features 2-speed settings (0.75-1.25 mph). Select the appropriate speed based on the child's age and skill level.
- **Lights & Music:** Buttons on the control panel activate blinking multi-colored lights and exciting music. A mute option is available for the music.

### 4.2. Remote Control Operation

The included remote control allows parents to fully control the vehicle, providing an optional parent-only mode for enhanced safety, especially for younger children.

- **Pairing:** Follow instructions in the remote control manual for initial pairing with the car.
- **Remote-Only Mode:** Activate this mode to lock the car's joysticks, allowing only remote control operation.
- **Movement:** Use the remote's directional buttons to control forward, backward, and 360-degree spin movements.

## 360° SPIN

Turn every  
direction easily

## LIGHTS

Dazzling multi-  
colored lights

## MUSIC

Exciting music  
+ mute option

### 5. SAFETY GUIDELINES

The Bumper Buddy is engineered with safety as a top priority. Adhere to the following guidelines to ensure a safe play environment:

- Always ensure the child is securely fastened with the 5-point safety harness before operation.
- Operate the car on flat, smooth surfaces. Avoid inclines, uneven terrain, or public roads.
- Maintain a safe distance from water, pools, and other hazards.
- Do not allow children to stand on or in the car while it is in motion.
- The car features cushioned rubber bumpers to protect walls and furniture during indoor use.
- Comply with all safety regulations (ASTM-certified).

# SAFETY FIRST

**5-POINT  
HARNES**

Adapts to fit your child's growing body for maximum protection

**REMOTE-ONLY  
MODE**

Lock car joysticks and control car only with the remote

### 6. MAINTENANCE

- **Cleaning:** Wipe the car's exterior with a damp cloth. Do not use abrasive cleaners or submerge any electrical components in water.
- **Battery Care:** Recharge the battery after each use. If storing for extended periods, charge the battery every 3 months to prolong its lifespan.
- **Storage:** Store the Bumper Buddy in a dry, cool place away from direct sunlight and moisture.
- **Inspections:** Periodically check all screws, connections, and the harness for tightness and wear.

Hours of fun

# INDOOR or OUTDOOR

## SOFT BUMPER

For shielded protection all around

## MULTI-SURFACE TERRAIN

Drives on all surfaces
