Image: The Lenovo IdeaPad Flex 5 demonstrating its 2-in-1 capability, shown in both traditional laptop and tablet orientations.

- 2 x USB 3.2 Gen 1 ports
- 1 x USB Type-C 3.2 Gen 1 port with Power Delivery
- 1 x HDMI 1.4b port
- 1 x 4-in-1 card reader
- 1 x Headphone/microphone combo jack

3. SETUP

3.1 Initial Power On

1. Unpack your laptop and all accessories.
2. Connect the power adapter to the laptop's power port and then to an electrical outlet.
3. Open the laptop lid and press the power button, typically located on the side or top right of the keyboard deck.
4. Follow the on-screen instructions to complete the Windows 10 initial setup, including language selection, network connection, and user account creation.

3.2 Connecting to Wi-Fi

During initial setup or anytime thereafter, connect to a wireless network:

1. Click the Wi-Fi icon in the taskbar (bottom right of the screen).
2. Select your desired network from the list.
3. Enter the network security key (password) if prompted.
4. Click 'Connect'.

4. OPERATING INSTRUCTIONS

4.1 Convertible Modes

Your IdeaPad Flex 5 features a 360-degree hinge, allowing it to be used in various modes:

- **Laptop Mode:** Standard laptop configuration for typing and productivity.
- **Tent Mode:** Fold the screen back to form an inverted 'V' shape, ideal for watching videos or presentations in confined spaces.
- **Stand Mode:** Fold the keyboard back to act as a stand, positioning the screen for viewing.
- **Tablet Mode:** Fold the screen completely back against the base for a full tablet experience. The keyboard and touchpad are automatically disabled in this mode.

4.2 Touchscreen Usage

The 14-inch Full HD touchscreen supports multi-touch gestures for intuitive interaction with Windows 10.

TOP NOTCH FHD (1920 X 1080) IPS, GLOSSY, TOUCHSCREEN

4-Side Narrow Bezels give you more Screen Real Estate to focus your concentration and help you get the most out of the FHD display.

- **Tap:** Equivalent to a mouse click.
- **Tap and Hold:** Equivalent to a right-click.
- **Pinch to Zoom:** Use two fingers to zoom in or out.
- **Swipe:** Navigate through content or open system menus.

4.3 Keyboard and Touchpad

The integrated keyboard and touchpad provide traditional input methods. The keyboard may feature backlighting for use in low-light conditions.

4.4 Using the Included Pen Drive

Your laptop includes a 64GB TW Pen Drive for portable storage. Insert the pen drive into an available USB port to access its contents or store files.

Image: The included 64GB Tech Warehouse LLC USB Flash Drive, designed for convenient data transfer and storage.

4.5 Security Features

- **Physical Camera Shutter:** Slide the small cover over the webcam lens to ensure privacy when the camera is not in use.

Image: Close-up of the Lenovo IdeaPad Flex 5's webcam, showing the physical privacy shutter in place for user security.

- **Fingerprint Reader:** Configure Windows Hello to use the integrated fingerprint reader for secure and quick login.

5. MAINTENANCE

5.1 Cleaning Your Laptop

- Always power off and unplug the laptop before cleaning.
- Use a soft, lint-free cloth slightly dampened with water or a screen cleaner for the display.
- For the keyboard and chassis, use a soft, dry cloth. Avoid harsh chemicals or abrasive materials.

5.2 Battery Care

- Avoid fully discharging the battery frequently.
- Store the laptop in a cool, dry place if not used for extended periods.
- For optimal battery longevity, avoid exposing the laptop to extreme temperatures.

5.3 Software Updates

Regularly check for and install Windows updates and Lenovo driver updates to ensure optimal performance

and security.

6. TROUBLESHOOTING

6.1 Common Issues and Solutions

- **Laptop does not power on:** Ensure the power adapter is securely connected and the battery has sufficient charge. Try a different power outlet.
- **Screen is blank:** Check if the laptop is powered on. Press Fn + F2 (or the display toggle key) to ensure the display is not turned off. Reconnect external monitors if applicable.
- **Wi-Fi not connecting:** Verify Wi-Fi is enabled in Windows settings. Restart your router and laptop. Ensure you have the correct Wi-Fi password.
- **Slow performance:** Close unnecessary applications. Check for background updates. Ensure sufficient free storage space on the SSD.
- **Touchscreen unresponsive:** Restart the laptop. Ensure no physical obstructions are on the screen. Check for driver updates.

For more detailed troubleshooting, refer to the Lenovo support website or contact customer support.
