### Philips Hue 4090431U9

# Philips Hue Flourish Smart Table Lamp User Manual

MODEL: 4090431U9

Brand: Philips Hue

## 1. PRODUCT OVERVIEW

---

The Philips Hue Flourish Smart Table Lamp provides versatile lighting for any occasion. It offers warm light for relaxation, cool light for focus, and millions of colors to create the perfect ambiance. This lamp can be controlled instantly via Bluetooth for single-room use or paired with a Philips Hue Bridge to unlock advanced smart lighting features for your entire home.

### Key Features:

- **White and Color Ambiance LED:** Offers a full spectrum of white light (warm to cool) and 16 million colors.
- **Bluetooth Control:** Instant control of up to 10 lights in one room without a Hue Bridge.
- **Hue Bridge Compatibility:** Unlocks advanced features like automations, control from anywhere, and integration with other smart home devices (Matter, Apple HomeKit, Google Assistant, Alexa).
- **Voice Control:** Compatible with Amazon Alexa and Google Assistant for hands-free operation.
- **Personalized Lighting:** Create dynamic light effects and customize scenes via the Hue app.

## 2. SETUP AND INSTALLATION

---

Follow these steps to set up your Philips Hue Flourish Smart Table Lamp.

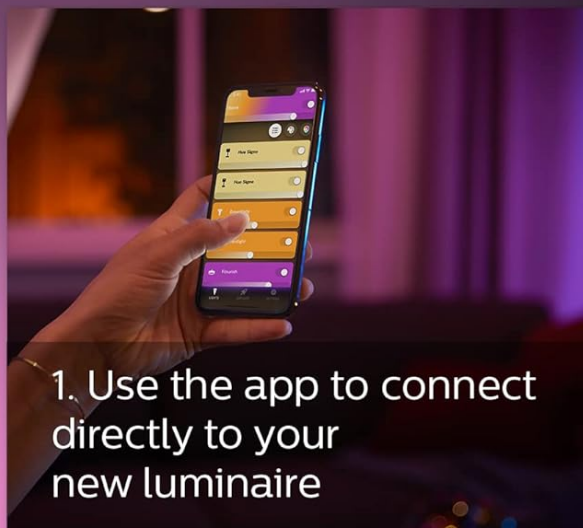

### 2.1 Initial Setup (Bluetooth)

1. **Install the Lamp:** Place your Philips Hue Flourish table lamp in your desired location and plug it into a power outlet.
2. **Download the Philips Hue App:** Download the official Philips Hue app from the App Store (for iOS) or Google Play Store (for Android).  
[Download on the App Store](#) | [Get it on Google Play](#)
3. **Connect via Bluetooth:** Open the Hue app, navigate to the "Settings" tab, and select "Lights." The app will search for new Bluetooth-enabled lights. Once found, you can add and control your lamp directly.
4. **Voice Assistant Setup (Optional):** If using Amazon Alexa or Google Assistant, enable the Philips Hue skill/service in their respective apps and say "Alexa, discover devices" or "Hey Google, sync my devices."

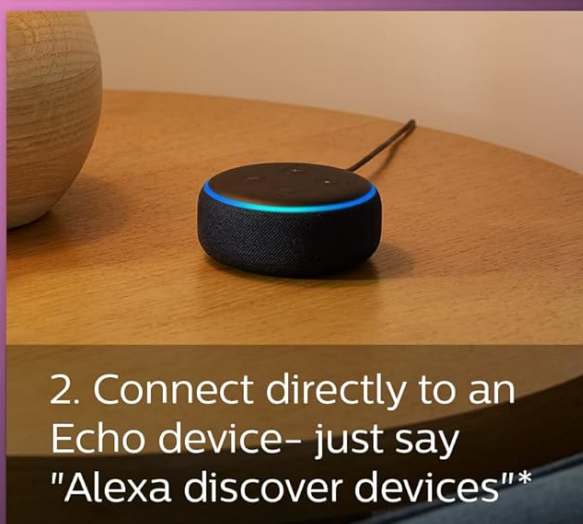

## Two options for easy setup

Install your new Philips Hue Flourish luminaire

1. Use the app to connect directly to your new luminaire

2. Connect directly to an Echo device- just say "Alexa discover devices"\*

\* Philips Hue Bluetooth smart lighting works directly with Amazon Echo Dot (3rd Gen), Echo Plus and Echo Show (2nd Gen)

Image: Illustration showing two setup options: direct connection via the Philips Hue app or connecting directly to an Echo device using voice command.

### 2.2 Connecting with a Philips Hue Bridge (Recommended for Full Features)

For advanced features, whole-home control, and integration with other smart home platforms, connect your lamp to a Philips Hue Bridge.

1. **Install your lighting:** Ensure your Philips Hue Flourish lamp is plugged in and powered on.
2. **Connect the Philips Hue Bridge:** Plug your Hue Bridge into a power outlet and connect it to your Wi-Fi router using the provided Ethernet cable. Wait for all four lights on the Bridge to turn solid blue.
3. **Discover Lights in App:** Open the Philips Hue app. If you haven't already, pair the app with your Bridge. Then, go to "Settings" > "Lights" and tap "Add light." The app will search for and add your Flourish lamp.
4. **Explore Full Features:** Once connected to the Bridge, you can control your lamp from anywhere, set routines, use advanced scenes, and integrate with Apple HomeKit, Google Assistant, and Amazon Alexa for comprehensive smart home control.

### 3. OPERATING THE LAMP

The Philips Hue Flourish lamp offers various ways to control its lighting.

#### 3.1 Using the Philips Hue App

The Hue app is the primary interface for controlling your lamp's features.

- **On/Off and Dimming:** Tap the light icon to turn the lamp on or off. Use the slider to adjust brightness.
- **Color Selection:** Access the color palette to choose from 16 million colors or select from various shades of white light (warm to cool).
- **Scenes:** Apply pre-set scenes (e.g., Relax, Read, Concentrate, Energize) or create your own custom scenes to instantly change the ambiance.
- **Routines and Automations:** Set schedules for your lamp to turn on/off, change colors, or dim at specific times or based on events (requires Hue Bridge).

# Set the mood with 16 million colors

# Four preset light recipes for your daily routines

Image: The Philips Hue app interface showcasing four distinct preset light recipes designed for daily routines: Relax, Read, Concentrate, and Energize.

## 3.2 Voice Control

Control your lamp using voice commands with compatible smart assistants.

- **Amazon Alexa:** "Alexa, turn on Flourish lamp," "Alexa, set Flourish lamp to blue," "Alexa, dim Flourish lamp to 50%."
- **Google Assistant:** "Hey Google, turn off Flourish lamp," "Hey Google, change Flourish lamp to red," "Hey Google, brighten Flourish lamp."
- **Apple HomeKit (requires Hue Bridge):** "Hey Siri, turn on the lamp," "Hey Siri, set the lamp to warm white."

# Simple to set up and use with Amazon Alexa and Google Assistant

Enable Siri control via Apple HomeKit with a Hue Hub

## 4. MAINTENANCE AND CARE

Proper care will ensure the longevity and optimal performance of your Philips Hue Flourish Smart Table Lamp.

- **Cleaning:** Disconnect the lamp from power before cleaning. Use a soft, dry, or slightly damp cloth to wipe the surface. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Bulb Replacement:** The lamp includes an integrated LED bulb. Do not attempt to replace the LED light source yourself. If the light source fails, the entire luminaire should be replaced.
- **Placement:** Place the lamp on a stable, flat surface. Avoid placing it in direct sunlight or near heat sources, as this can affect performance and lifespan.
- **Indoor Use Only:** This product is designed for indoor use only and is not waterproof. Avoid exposure to moisture or extreme temperatures.

## 5. TROUBLESHOOTING

---

If you encounter issues with your Philips Hue Flourish Smart Table Lamp, try the following troubleshooting steps:

- **Lamp Not Turning On:**
  - Ensure the lamp is securely plugged into a working power outlet.
  - Check if the power outlet itself is functional by plugging in another device.
- **Cannot Connect via Bluetooth:**
  - Ensure Bluetooth is enabled on your smartphone or tablet.
  - Make sure the lamp is within Bluetooth range (typically 30 feet or 10 meters).
  - Restart the Philips Hue app.
  - Try power cycling the lamp (unplug and plug back in).
- **Cannot Connect to Hue Bridge:**
  - Verify that your Hue Bridge is powered on and connected to your router, with all four indicator lights solid blue.
  - Ensure your smartphone/tablet is connected to the same Wi-Fi network as the Hue Bridge.
  - Try restarting the Hue Bridge and then the lamp.
- **Voice Control Not Working:**
  - Confirm that your voice assistant device (Alexa, Google Home) is online and properly linked to your Philips Hue account.
  - Ensure the Philips Hue skill/service is enabled in your voice assistant app.
  - Try re-discovering devices through your voice assistant ("Alexa, discover devices" or "Hey Google, sync my devices").
- **Light Flickering or Unresponsive:**
  - Power cycle the lamp by unplugging it for 10 seconds and then plugging it back in.
  - Ensure the lamp's firmware is up to date via the Philips Hue app.

## 6. PRODUCT SPECIFICATIONS

---

Feature	Specification
Model Name	Flourish
Item Model Number	4090431U9
Brand	Philips Hue
Lamp Type	Table Lamp
