Philips Hue 4100448U9

Philips Hue Being Ceiling Light User Manual

Model: 4100448U9 | Brand: Philips Hue

INTRODUCTION

The Philips Hue Being Ceiling Light is a contemporary smart lighting solution designed to enhance your living space. Featuring a circular aluminum design and a diffused light effect, this fixture provides 50,000 shades of warm-to-cool white light. It offers flexible control options, allowing instant management via Bluetooth in a single room or expanded functionality when paired with a Philips Hue Bridge for whole-home smart lighting features.

WHAT'S IN THE Box

Your Philips Hue Being Ceiling Light package includes:

- One (1) Philips Hue Being Ceiling Light fixture (Black with Silver finish)
- Integrated White Ambiance Smart LED Light

Please inspect all components for any damage before installation.

SETUP INSTRUCTIONS

Step 1: Install Your Lighting

Ensure power is off at the circuit breaker before beginning installation. Follow standard electrical wiring procedures for flush-mount ceiling fixtures. Professional installation is recommended if you are unfamiliar with electrical work.

Step 2: Connect to the Philips Hue App (Bluetooth)

The Philips Hue Being Ceiling Light can be controlled directly via Bluetooth using the Philips Hue Bluetooth app. Download the

app from your device's app store. Once installed, open the app and follow the on-screen instructions to discover and connect to your new light fixture.

Step 3: Optional - Connect to Philips Hue Bridge for Advanced Features

For full home control, automations, and remote access, connect your light to a Philips Hue Bridge (sold separately). The Bridge creates a fast, stable network independent of your Wi-Fi. Once the Bridge is connected to your home network, open the Philips Hue app and add your light fixture through the Bridge setup process.

Image: A diagram outlining the second step of connecting the Philips Hue Bridge to your lighting system.

Step 4: Download the Philips Hue App

The Philips Hue app is essential for controlling your light. Download it from the App Store (iOS) or Google Play Store (Android).

OPERATING INSTRUCTIONS

Controlling Your Light

- **Via Philips Hue App:** Use the intuitive app interface to turn lights on/off, adjust brightness, change color temperature (warm-to-cool white), and apply preset scenes.
- **Voice Control:** Integrate with Amazon Alexa, Google Assistant, or Apple HomeKit (requires Hue Bridge) to control your lights using simple voice commands.
- **Smart Switches:** Pair with Philips Hue smart switches (sold separately) for convenient physical control.

Light Recipes and Ambiance

The Philips Hue Being light offers preset light recipes to support your daily activities:

- **Energize:** Bright, cool white light to start your day or boost focus.
- **Concentrate:** Optimized white light for tasks requiring focus.
- **Read:** Ideal light setting for comfortable reading.
- **Relax:** Soft, warm white light for unwinding.

Adjust the shades of warm-to-cool white light to create the perfect ambiance for any occasion, enhancing your room decor and mood.

MAINTENANCE

To maintain the appearance and performance of your Philips Hue Being Ceiling Light:

- **Cleaning:** Ensure the power is off before cleaning. Wipe the fixture with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Bulb Replacement:** The LED light source is integrated and not user-replaceable. If the light source fails, the entire fixture may need to be replaced.
- **Software Updates:** Regularly check the Philips Hue app for firmware updates to ensure optimal performance and access to new features.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power, loose wiring, or app/switch issue.	Check circuit breaker. Ensure wiring is secure. Verify app control or smart switch functionality.
Cannot connect via Bluetooth.	Light is out of range, Bluetooth is off, or interference.	Move closer to the light. Ensure Bluetooth is enabled on your device. Restart the light and your device.
Cannot connect to Hue Bridge.	Bridge not powered, network issue, or light already paired.	Check Bridge power and network connection. Ensure the light is within Bridge range. Reset the light if necessary.
Light is not bright enough.	Brightness setting is low, or room size/fixture placement.	Adjust brightness in the app. Consider additional lighting if the room is large or requires more illumination.

SPECIFICATIONS

Detailed product specifications for the Philips Hue Being Ceiling Light (Model 4100448U9):

- **Brand:** Philips Hue
- **Model Name:** Philips Hue Being
- **Item Model Number:** 4100448U9
- **Color:** Black with Silver finish
- **Material:** Aluminum
- **Style:** Being Ceiling Lamp
- **Light Fixture Form:** Ceiling (Flush Mount)
- **Product Dimensions:** 15.19" L x 3.46" W x 15.78" H (Approx. 38.6cm L x 8.8cm W x 40.1cm H)
- **Size:** 13.7 x 2 Inches (Approx. 34.8cm x 5.1cm)
- **Indoor/Outdoor Usage:** Indoor
- **Special Feature:** Dimmable
- **Control Method:** App, Remote, Touch, Voice
- **Light Source Type:** LED (Integrated)
- **Finish Type:** Brushed
- **Number of Light Sources:** 10
- **Voltage:** 24 Volts
- **Light Color:** Warm-to-cool white
- **Included Components:** 1x Ceiling light
- **Item Weight:** 5.2 Pounds (Approx. 2.36 kg)

- **Wattage:** 20 watts
- **Bulb Base:** E26 (Note: Integrated LED, not a replaceable bulb)
- **Controller Type:** Google Assistant (Compatible with Alexa, Apple HomeKit)
- **Switch Type:** Touch (via app/smart switch)
- **Water Resistance Level:** Not Water Resistant
- **Brightness:** 2350 lumen
- **Assembly Required:** No (Installation required)
- **Batteries Required?:** No
