## 4. SETUP

---

### 4.1 Initial Charge

Before first use, fully charge your KEMEI KM-1102 shaver. Connect the provided USB charge cable to the shaver's charging port and plug the other end into a compatible USB power source (e.g., computer, wall adapter - not included). A full charge takes approximately 1.5 hours and provides up to 60 minutes of continuous use.

### 4.2 Attaching the Foil Guard

For protection during storage or travel, place the clear foil guard over the shaver head when not in use.

## 5. OPERATION

---

### 5.1 General Shaving

1. Ensure your shaver is charged.
2. For optimal results, ensure your skin is clean and dry before dry shaving. The shaver also supports wet shaving with shaving cream or in the shower.
3. Turn on the shaver using the On/Off switch.
4. Gently press the shaver head against your skin and move it in short, circular motions or straight strokes against the direction of hair growth.
5. For longer beard or mustache hair that the main foil shaver cannot cut, use the reverse blade (trimmer) located on the back of the unit to pre-trim the hair to a shorter length before using the main shaver for a close finish.
6. After shaving, turn off the shaver.

## 6. MAINTENANCE AND CLEANING

---

Regular cleaning ensures optimal performance and extends the life of your shaver.

1. **Daily Cleaning:** After each use, turn off the shaver. Gently pull the shaver head directly upwards to remove it from the body. Tap out any accumulated hair clippings.
2. **Deep Cleaning:** Use the provided cleaning brush to remove fine hair particles from the shaver head and blades. You can also rinse the shaver head and blades under running water, as the shaver is waterproof. Ensure the shaver is completely dry before reattaching the head or storing.
3. **Blade Replacement:** The package includes a replacement shaver head and blades. Replace them when you notice a decrease in shaving performance or if the blades become dull. To replace, simply remove the old head and snap the new one into place.

## 7. SAFETY INFORMATION

---

- Use with care to avoid cuts.
- Keep away from water while charging.
- Follow manufacturer guidelines for cleaning and maintenance to prevent bacterial growth.
- Be cautious when handling the device while charging.
- Do not disassemble the shaver beyond routine cleaning as described in this manual.
- Keep out of reach of children.

## 8. TROUBLESHOOTING

---

If you encounter any issues with your KEMEI KM-1102 shaver, please refer to the following common solutions:

- **Shaver not turning on:** Ensure the battery is fully charged. If the issue persists, try charging with a different USB port or cable.
- **Poor shaving performance:** Clean the shaver head and blades thoroughly. If performance does not improve, consider replacing the shaver head and blades.

- **Unusual noise or vibration:** Turn off the shaver and check if the shaver head is properly attached and free from any obstructions.

For issues not covered here, please contact KEMEI customer support.
