## SETUP

---

### What's in the Box

Your OPPO Reno6 5G package includes:

- Smartphone
- Charger
- USB-C Cable
- Important Information + Warranty Card
- Quick Start Guide
- Screen Protector
- Case
- SIM Ejector Tool

# Contenido incluido

Guía de Seguridad | Guía Rápida | Funda protectora |  
Reno6 Pro | Cable USB | Cargador | Extractor de SIM

Image: The image displays the contents of the OPPO Reno6 5G box, including the smartphone, charger, USB-C cable, protective case, and SIM ejector tool.

## SIM Card Installation

The OPPO Reno6 5G supports Dual-SIM functionality.

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM cards into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the tray into the phone.

**Important Note for USA Buyers: This smartphone is not compatible with CDMA networks, including VERIZON, SPRINT, and US CELLULAR. Please verify network compatibility with your provider before use.**

## Initial Power On

Press and hold the Power button (located on the right side) until the OPPO logo appears. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

## OPERATING YOUR DEVICE

---

### Display and Interaction

The OPPO Reno6 5G features a vibrant 6.43-inch AMOLED display with a 90Hz refresh rate, offering smooth visuals and rich colors.

# 16.7 Millones de colores tasa de refresco 90Hz

Image: The display of the OPPO Reno6 5G, highlighting its capability to show 16.7 million colors and its 90Hz refresh rate for a smooth visual experience.

### Camera System

Capture stunning photos and videos with the advanced camera system.

- Main Camera: 64MP
- Ultra-Wide Angle Camera: 8MP
- Macro Camera: 2MP
- Front Camera: 32MP

Image: A detailed view of the OPPO Reno6 5G's rear camera module, indicating the 32MP front camera, 8MP ultra-wide, 64MP main, and 2MP macro lenses.

## Charging and Battery

The device is equipped with a 4300 mAh battery and supports SUPER VOOC 2.0 fast charging. A 5-minute charge can provide up to 4 hours of video playback.

## MAINTENANCE

---

### General Care

- Keep your device dry. Moisture can damage electronic components.
- Avoid extreme temperatures.
- Clean the screen and body with a soft, lint-free cloth. Avoid harsh chemicals.
- Protect the screen with the provided screen protector and use the protective case to prevent scratches and impacts.

### Software Updates

Regularly check for and install system updates to ensure optimal performance, security, and access to new features. You can usually find this option in *Settings > About phone > Software update*

## TROUBLESHOOTING

### Common Issues and Solutions

| Problem                   | Solution                                                                                                                  |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Device won't turn on      | Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.            |
| Poor network signal       | Check SIM card insertion. Move to an area with better network coverage. Restart the device.                               |
| Apps crashing or freezing | Close background apps. Clear app cache/data. Update the app or system software.                                           |
| Battery drains quickly    | Reduce screen brightness. Disable unnecessary features like GPS, Wi-Fi, Bluetooth when not in use. Close background apps. |

If issues persist, consider performing a factory reset (back up your data first) or contacting customer support.
