Hot Wheels HGK59 Mario Kart Basic Circuit Track Set Instruction Manual

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your Hot Wheels HGK59 Mario Kart Basic Circuit Track Set. Please read carefully before use to ensure proper function and enjoyment.

The Hot Wheels Mario Kart Basic Circuit Track Set brings the excitement of the Mario Kart video game to life. This set features a track designed for Mario Kart vehicles, including a launcher and an automatic lap counter.

SAFETY INFORMATION

No specific safety warnings are provided by the manufacturer for this product. However, please observe general toy safety guidelines:

- Not suitable for children under 3 years due to small parts.
- Adult supervision is recommended during assembly and play.
- Keep away from heat sources and open flames.
- Do not modify the product in any way.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- Hot Wheels Mario Kart Circuit Slam Track Set components
- One Mario Kart figure vehicle

This image displays all the individual parts included in the Hot Wheels Mario Kart Basic Circuit Track Set, such as the blue curved track sections, green base pieces, the white tower, the launcher mechanism, the finish line arch, and a Mario Kart vehicle.

SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all track pieces, accessories, and the vehicle from the packaging.
2. **Assemble Base Sections:** Connect the green base pieces together to form the foundation of the track. Ensure they click securely into place.
3. **Attach Track Pieces:** Connect the blue track sections to the green base, following the intended circuit design. The track should form a continuous loop with inclines and curves.
4. **Install Launcher:** Position the launcher mechanism at the designated start area on the track. Ensure it is firmly attached and the trigger mechanism moves freely.
5. **Place Finish Line/Lap Counter:** Attach the finish line arch and the tower with the automatic lap counter to their respective positions on the track. The tower allows for storage of additional vehicles.
6. **Prepare Vehicle:** Place the included Mario Kart vehicle onto the starting position of the launcher.

PLAYSET COME WITH ONE CAR. OTHER CARS SOLD SEPARATELY. SUBJECT TO AVAILABILITY.

This image illustrates the Hot Wheels Mario Kart Basic Circuit Track Set fully assembled and in use, demonstrating the complete track layout with its curves, launcher, and the white tower where vehicles can be stored or pass through.

This image focuses on the launcher component of the track set, showing a hand activating the trigger to send a Mario Kart

vehicle speeding along the track.

This image highlights the tower feature of the track set, where multiple Mario Kart vehicles can be stored or displayed within its vertical compartments.

OPERATING INSTRUCTIONS

1. **Place Vehicle:** Position a Hot Wheels Mario Kart vehicle onto the launcher platform at the start of the track.
2. **Launch Vehicle:** Press the launcher trigger firmly to propel the vehicle onto the track. The vehicle will race through the circuit.
3. **Lap Counting:** The automatic flow meter (lap counter) will register each completed round the vehicle makes. Observe the counter to track progress.
4. **Vehicle Storage:** When not in use, vehicles can be parked in the designated tower section of the track set.

MAINTENANCE

- **Cleaning:** Wipe track pieces and vehicles with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the track set in a cool, dry place away from direct sunlight to prevent material degradation. Disassemble if necessary for compact storage.
- **Inspection:** Periodically inspect all track connections and moving parts for wear or damage. Replace any broken components immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not complete the circuit.	Insufficient launch force.	Ensure the launcher trigger is pressed firmly and completely.
Vehicle derails on curves.	Track pieces not securely connected.	Check all track connections to ensure they are snapped together tightly.
Lap counter not registering.	Vehicle not passing through sensor correctly.	Ensure the vehicle passes directly over the lap counter sensor. Check for obstructions.
Track pieces do not fit together.	Incorrect orientation or debris in connectors.	Verify correct orientation of pieces. Clear any debris from connectors.

SPECIFICATIONS

- **Model Number:** HGK59
- **Product Dimensions:** 45.72 x 8.26 x 30.48 cm (18 x 3.25 x 12 inches)
- **Item Weight:** 1.15 kg (2.54 lbs)
- **Material:** Plastic
- **Recommended Age:** 5 - 99 years
- **Scale:** 1:64 Scale
- **Assembly Required:** Yes
- **Batteries Required:** No
- **Indoor/Outdoor Usage:** Indoor
- **Manufacturer:** Mattel
