CG MOBILE GUA24GSMP

Instruction Manual

Guess Case for AirPods 1 & 2

Model: GUA24GSMP

Product Overview

This protective hard case, designed by CG Mobile for Guess, is compatible with Apple AirPods 1 and AirPods 2. It features a durable PU leather construction, shockproof design, and supports wireless charging. The case includes a carabiner for portability and is adorned with the signature Guess printed logo.

Image: The Guess AirPods case in pink, featuring a textured pattern and a prominent gold Guess logo. A gold carabiner is attached to the side for convenient carrying.

Setup

1. **Opening the Case:** Gently open the top lid of the Guess protective case.
2. **Inserting AirPods:** Carefully place your AirPods charging case (compatible with AirPods 1 or 2) into the protective case, ensuring it is seated correctly. The precise cutouts are designed for a snug fit.
3. **Closing the Case:** Close the lid of the protective case, ensuring it aligns properly with the bottom section.
4. **Attaching Carabiner:** If desired, attach the provided carabiner to the designated loop on the side of the case for easy attachment to bags, belts, or keys.

Operating Instructions

- **Protection:** The hard case provides 360-degree protection against drops, impacts, and scratches, safeguarding your AirPods charging case.
- **Wireless Charging:** The case is designed to support wireless charging. Simply place your AirPods case (inside the Guess protective case) on a compatible wireless charging pad. The precise charging port allows for direct cable charging without removing the case.
- **Portability:** Utilize the attached carabiner to securely carry your AirPods case, preventing loss and ensuring easy access.

Maintenance

- **Cleaning:** To clean the case, gently wipe it with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, which may damage the PU leather finish.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures to preserve its material integrity.
- **Avoid Overfilling:** Do not attempt to store items other than the AirPods charging case inside the protective case, as this may cause damage or deformation.

Troubleshooting

- **Case Not Fitting:** Ensure you are using the case with compatible AirPods models (AirPods 1 or AirPods 2). Verify the AirPods charging case is inserted correctly and fully seated.
- **Wireless Charging Issues:** Confirm your wireless charging pad is functional and properly aligned with the AirPods case. Ensure no foreign objects are between the case and the charging pad.
- **Carabiner Malfunction:** Check the spring mechanism of the carabiner. If it becomes stiff, ensure no debris is obstructing its movement.
