

UT888

## Portable Bluetooth Speaker User Manual

MODEL: UT888

Generic Brand

### PRODUCT OVERVIEW

---

This Portable Bluetooth Speaker (Model UT888) features a durable aluminum body and delivers strong bass sound. It supports True Wireless Stereo (TWS) functionality, allowing two speakers to connect automatically for a 2-channel stereo audio experience. Designed for both home and outdoor use, this rechargeable speaker offers portability and value.

#### Key Features:

- TWS Bluetooth auto-pairing for stereo sound.
- Anti-scratch aluminum body for durability.
- Soft lights that synchronize with music.
- Built-in microphone for hands-free calling.
- Integrated FM radio function.

### SETUP GUIDE

---

#### 1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB charging cable to the speaker's charging port and the other end to a USB power adapter (not included) or a computer's USB port.

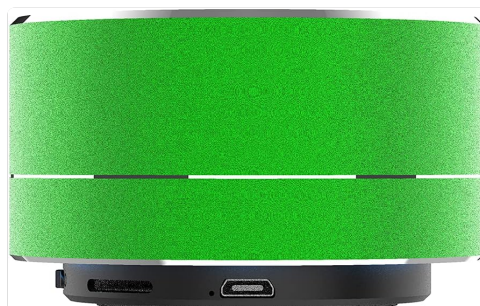

Image: Side view of the speaker showing the USB charging port.

- The charging indicator light will illuminate during charging.

- The light will turn off or change color once charging is complete.

## 2. Powering On/Off

Locate the power button on the speaker. Press and hold the power button for a few seconds to turn the speaker on or off. A voice prompt or indicator light will confirm the status.

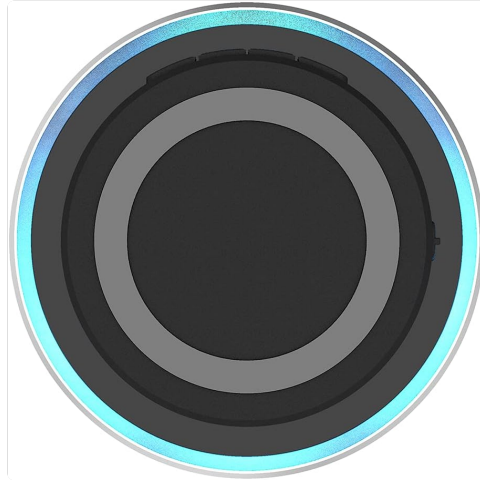

Image: Bottom view of the speaker, highlighting the power button and other controls.

## 3. Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing blue light or voice prompt).
2. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
3. Select "UT888" (or similar product name) from the list of found devices.
4. Once connected, the speaker will provide an audible confirmation, and the indicator light will become solid blue.

## 4. True Wireless Stereo (TWS) Pairing (Optional)

To achieve a stereo sound experience, you can pair two UT888 speakers together:

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one of the speakers, double-press the power button or a dedicated TWS button (if available, refer to specific button layout). The speakers will attempt to connect to each other.
3. Once successfully paired, one speaker will act as the master (left channel) and the other as the slave (right channel).
4. Now, connect your device to the master speaker via Bluetooth as described in step 3.

## OPERATING INSTRUCTIONS

---

### 1. Music Playback

Once connected via Bluetooth, you can control music playback from your connected device or directly from the speaker's controls.

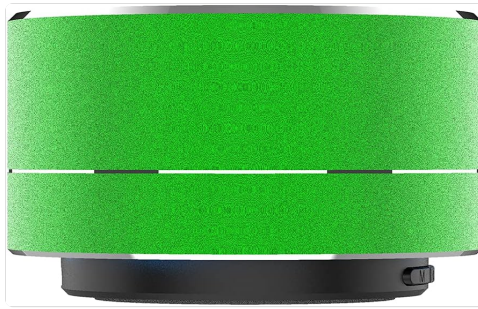

Image: Side view of the speaker showing the playback control buttons.

- **Play/Pause:** Press the Play/Pause button (often marked with a triangle or circle).
- **Volume Up/Down:** Press the '+' or '-' buttons. Hold to adjust volume continuously.
- **Next Track:** Press and hold the '+' button (or a dedicated next track button).
- **Previous Track:** Press and hold the '-' button (or a dedicated previous track button).

## 2. Hands-Free Calling

With the built-in microphone, you can answer calls directly through the speaker when connected to your phone.

Image: Side view of the speaker, indicating the location of the microphone.

- **Answer Call:** Press the Play/Pause button once when a call comes in.
- **End Call:** Press the Play/Pause button once during a call.
- **Reject Call:** Press and hold the Play/Pause button when a call comes in.

## 3. FM Radio Function

To use the FM radio, switch the speaker to FM mode (if applicable, usually by pressing a 'Mode' button). The speaker may automatically scan and save available stations. Use the track skip buttons to navigate between stations.

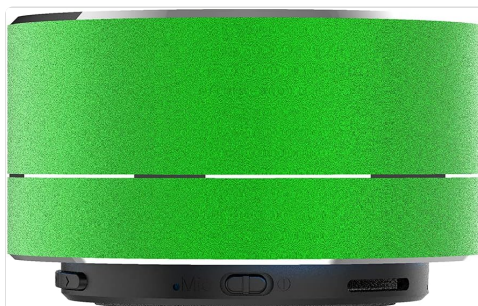

Image: Side view of the speaker, potentially showing a mode selection button.

## MAINTENANCE

---

- **Cleaning:** Use a soft, dry cloth to wipe the speaker's surface. Do not use abrasive cleaners, alcohol, or chemical solvents, as these may damage the finish.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** To prolong battery life, avoid fully discharging the speaker frequently. Recharge the speaker regularly, even if not in use for extended periods.
- **Water Resistance:** The speaker is indicated as waterproof. However, avoid submerging it in water or exposing it to strong jets of water to prevent damage.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker won't turn on.	Low battery; Power button not pressed correctly.	Charge the speaker; Press and hold the power button for 3-5 seconds.
Cannot pair with Bluetooth device.	Speaker not in pairing mode; Device Bluetooth off; Too far from speaker.	Ensure speaker is flashing blue; Turn on device Bluetooth; Move device closer (within 10 meters).
No sound or distorted sound.	Volume too low; Speaker not connected; Audio source issue.	Increase volume on speaker and device; Reconnect Bluetooth; Check audio source.
TWS pairing fails.	Speakers already connected to other devices; Incorrect pairing procedure.	Disconnect speakers from all devices; Follow TWS pairing steps precisely.
