## Ricokids 1

# Ricokids Baby Play Arch and Activity Mat Instruction Manual

Model: 1

## 1. INTRODUCTION AND OVERVIEW

---

The Ricokids Baby Play Arch and Activity Mat is a versatile 3-in-1 product designed to support your baby's development from the first weeks of life. It offers a safe and stimulating environment for play and rest, adapting to your child's growth stages. This manual provides essential information for assembly, use, maintenance, and safety.

## 2. SAFETY INFORMATION

---

- Always supervise your child while they are using the play arch and activity mat.
- Ensure all components are securely assembled before placing your child on the mat.
- Do not leave your child unattended, especially when the sides are raised in playpen mode.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- This product complies with strict European standards EN 71.
- Regularly inspect the mat and toys for any signs of wear or damage. Discontinue use if any damage is found.

## 3. PACKAGE CONTENTS

---

Verify that all the following components are included in your package:

- 1 x Activity Mat
- 4 x Mat Walls (integrated or attachable sides)
- 2 x Play Arches
- 7 x Multifunctional Toys (e.g., mirror, crinkly ears, squeaky toy, sensory knots)
- 1 x Tummy Time Cushion

## 4. SETUP INSTRUCTIONS

1. **Unfold the Mat:** Lay the activity mat flat on a clean, stable surface. Ensure there is enough space around the mat for safe play.
2. **Attach the Arches:** Insert the two play arches into the designated loops or connectors on the mat. Secure them firmly to create the overhead play structure. The arches are designed for easy attachment and removal.
3. **Hang the Toys:** Attach the 7 multifunctional toys to the loops on the play arches. You can adjust their positions and height to suit your baby's reach and developmental stage. The tummy time cushion can also be positioned as desired.
4. **Configure the Mat (Optional):** The mat can be configured in three ways. For the playpen mode, raise the four sides of the mat and secure them using the intuitive handles and Velcro fasteners. This creates a safe, enclosed play area.

Image 3: The play arch fully assembled in its flat mat configuration, ready for use.

## 5. OPERATING MODES

The Ricokids Baby Play Arch offers three primary modes to support your child's development:

- **Flat Activity Mat:** In this mode, the mat lies completely flat, providing a large surface for your baby to lie on their back and interact with the hanging toys, or for older babies to sit and play.
- **Play Arch with Raised Sides (Playpen Mode):** By raising and securing the four sides of the mat, it transforms into a safe playpen. This mode is ideal for containing toys and providing a secure space for your baby to explore and play without rolling off.
- **Tummy Time:** Utilize the included soft cushion to support your baby during tummy time, which is crucial for developing neck and upper body strength. Position the cushion under your baby's chest, allowing them to engage with the mat's patterns and toys.

Image 4: The three versatile configurations of the play arch: flat mat, playpen with raised sides, and mat used independently without arches.

Image 5: A baby playing safely within the Ricokids Baby Play Arch configured as a playpen.

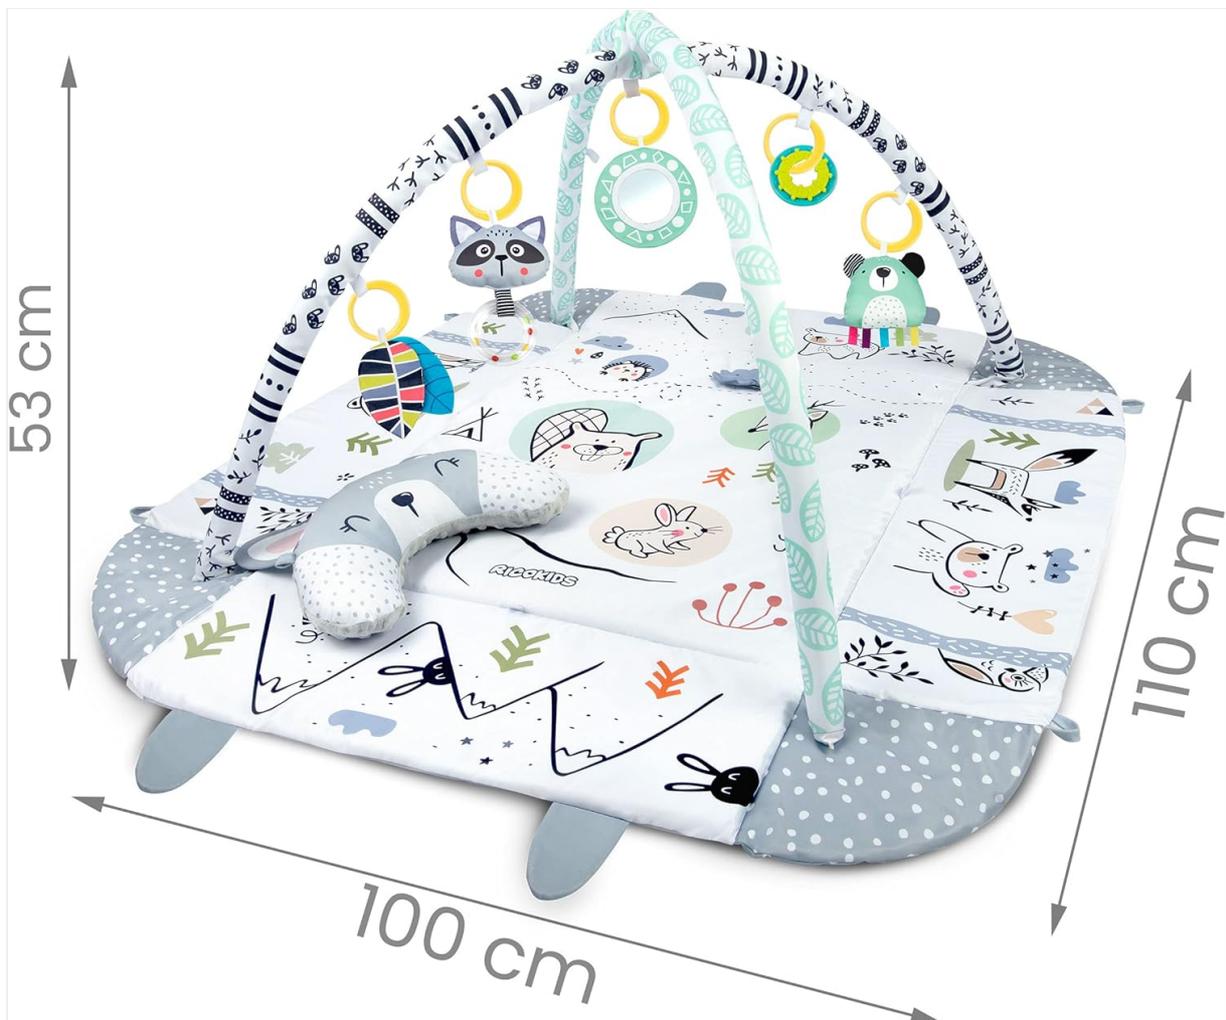

Image 6: A baby engaging in tummy time on the activity mat, interacting with the mat's features.

## 6. MAINTENANCE AND CLEANING

- **Mat Cleaning:** The activity mat is made from easy-to-clean, soft, and durable material. For best results, hand wash the mat only. Do not machine wash, bleach, tumble dry, iron, or dry clean.
- **Spot Cleaning:** For minor spills, wipe with a damp cloth and mild soap. Allow to air dry completely.

- **Toy Cleaning:** Wipe the multifunctional toys with a damp cloth and mild soap. Ensure they are completely dry before returning them to your child.
- **Storage:** When not in use, the mat can be easily folded for compact storage. Store in a clean, dry place away from direct sunlight.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your Ricokids Baby Play Arch and Activity Mat, please refer to the following common solutions:

- **Arches not staying upright:** Ensure the arches are fully inserted into their designated slots and secured. Check for any obstructions or damage to the connectors.
- **Mat sides not staying raised:** Verify that the Velcro fasteners and intuitive handles are properly engaged and secured. Ensure the mat is on a flat surface.
- **Toys not attaching securely:** Check the loops on the arches and the attachment mechanisms on the toys for any damage. Ensure toys are properly hooked.

If the problem persists, please contact Ricokids customer support for further assistance.
