## SETUP

### Included Components:

- 70 PLUS PLUS pieces
- Step-by-step instructions for building the Santa Claus model

### Initial Preparation:

1. Carefully open the packaging tube and remove all PLUS PLUS pieces and the instruction sheet.
2. Sort the pieces by color to facilitate easier assembly, if desired.
3. Review the provided step-by-step instructions before beginning construction.

*The PLUS PLUS Santa Claus set comes in a convenient, travel-friendly tube.*

## **OPERATING INSTRUCTIONS**

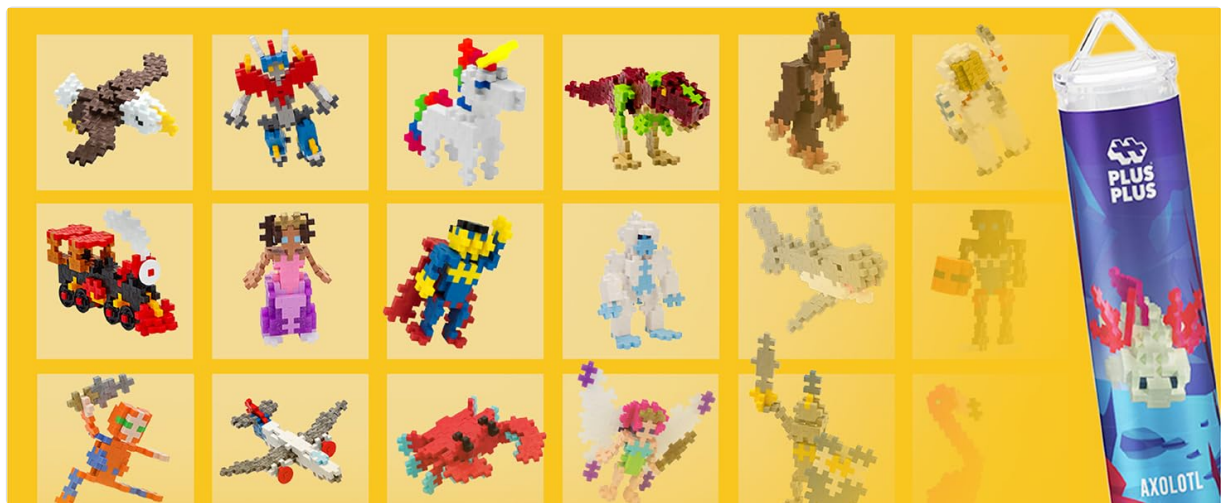

## Building the Santa Claus Model:

Follow the detailed step-by-step instructions included in your package to construct the Santa Claus figure. Each PLUS PLUS piece is designed to interlock with others, allowing for flexible and creative building.

1. Identify the colors and quantities of pieces required for the first step as indicated in the instructions.
2. Connect the pieces by sliding them together. The unique shape allows for connections on all sides.
3. Continue following the instructions, building layer by layer, to form the 3D Santa Claus model.
4. Once the model is complete, it can be displayed or disassembled to create new designs.

## Creative Building:

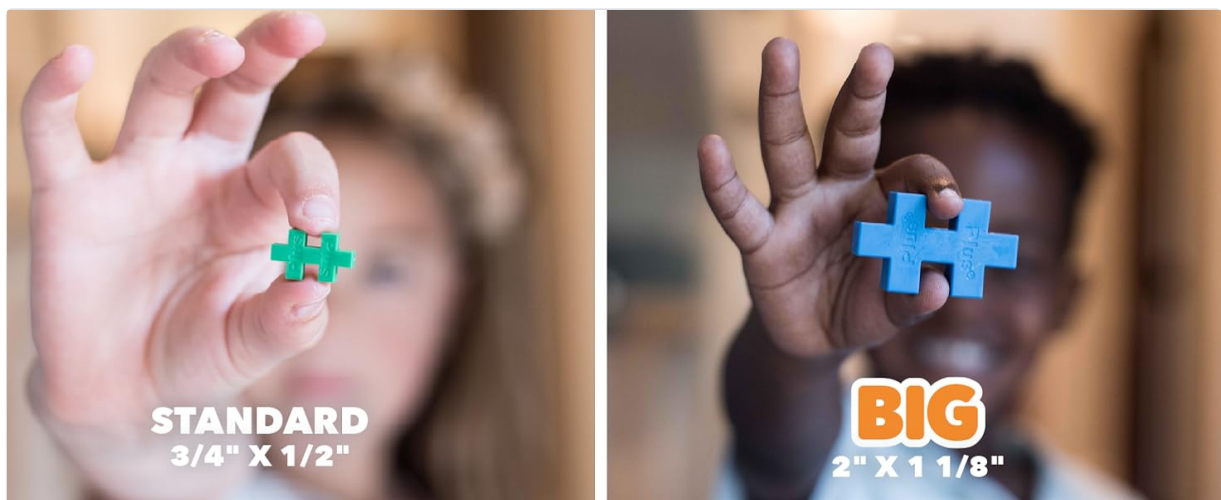

Beyond the guided model, PLUS PLUS blocks encourage open-ended play. Experiment with connecting pieces in different orientations to create unique 2D patterns or entirely new 3D figures. The possibilities are endless!

## MAINTENANCE

### Cleaning:

To clean your PLUS PLUS pieces, gently wash them with mild soap and water. Rinse thoroughly and allow them to air dry completely before storing. Avoid using harsh chemicals or abrasive materials, as these may damage the plastic.

### Storage:

Store the PLUS PLUS pieces in their original tube or a similar container to keep them organized and prevent loss. Keep the pieces away from direct sunlight and extreme temperatures to maintain their quality and color.

## TROUBLESHOOTING

### Pieces Not Connecting Properly:

- Ensure pieces are aligned correctly. PLUS PLUS pieces interlock by sliding one into the other.
- Apply gentle, even pressure. Excessive force is not required and may damage the pieces.
- Check for any debris or damage on the pieces that might prevent proper connection.

### Missing Pieces:

While all sets are carefully checked, small pieces can sometimes be misplaced. Since all PLUS PLUS pieces are the same shape, pieces from other sets can be used interchangeably. If you believe there is a manufacturing defect or significant shortage, please contact customer support.
