Lamshaw Magnetic USB Replacement Charging Cable

Lamshaw Smartwatch Charger User Manual

Model: Magnetic USB Replacement Charging Cable

Compatible with Motast 1.69" Smartwatch, MuGo P36 Smartwatch 1.69", Motast P98, P99 Smartwatch

INTRODUCTION

This manual provides essential information for the safe and effective use of your Lamshaw Magnetic USB Replacement Charging Cable. This charger is specifically designed for Mu-Go P36 Smartwatch 1.69" and Mo-tast 1.69" Smartwatch models, including P98 and P99. It features a magnetic interface for easy connection and built-in short-circuit protection for enhanced safety.

The package includes two (2) charging cables.

Image: A pair of Lamshaw magnetic smartwatch charging cables, illustrating the design of both the USB-A plug and the magnetic charging head. One cable is shown from the front, and the other from a side angle, highlighting the compact and functional design.

PRODUCT FEATURES

- **Compatibility:** Designed for Mu-Go P36 Smartwatch 1.69" and Mo-tast 1.69" Smartwatch (P98, P99), and AGPTEK Smartwatch LW11.
- **Safety Protection:** Features a built-in Short-circuit protection IC to prevent overvoltage and overcurrent. This IC automatically cuts off the circuit in case of a short-circuit and maintains safety if the charger is left plugged in after charging.
- **Portability:** Easy to carry and store, suitable for use at home, office, car, or during travel.
- **Magnetic Interface:** Ensures a secure and convenient connection to your smartwatch.
- **Durable Construction:** Made with ABS+PC materials and a flexible PVC cable for longevity and ease of storage.

SETUP

Follow these steps to set up your Lamshaw Smartwatch Charger:

1. **Unpack the Charger:** Carefully remove the charging cable from its packaging.
2. **Connect to Power Source:** Insert the USB-A end of the charging cable into a compatible USB power adapter

(e.g., wall charger, computer USB port, power bank). Ensure the power source provides 5 watts of power.

3. **Prepare Smartwatch:** Ensure your smartwatch is clean and free of debris around its charging contacts.
4. **Attach to Smartwatch:** Align the magnetic charging interface of the cable with the charging contacts on the back of your smartwatch. The magnets will automatically pull the connector into the correct position.

Image: The Lamshaw magnetic smartwatch charger features a standard USB-A connector on one end and a magnetic charging puck with two gold pins on the other, designed for easy and secure attachment to compatible smartwatches.

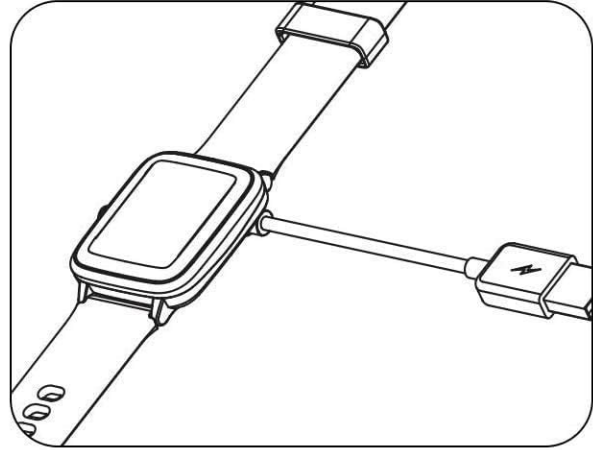

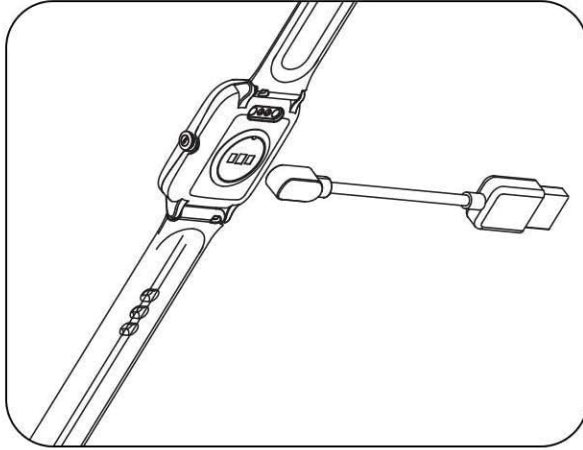

OPERATING INSTRUCTIONS

Once set up, charging your smartwatch is straightforward:

1. **Verify Connection:** Ensure the magnetic connector is firmly attached to your smartwatch. The magnets should attract, not repel. If the magnets repel, the connection is incorrect, and the device will not charge.
2. **Charging Indicator:** Your smartwatch display will typically show a charging indicator (e.g., a battery icon with a lightning bolt or a percentage) once charging begins.

3. **Charging Time:** Charging time will vary depending on the smartwatch model and its current battery level.
4. **Safety Feature:** The built-in protection IC will manage the charging process and prevent overcharging or damage from short circuits.

Magnetic Charging Interface

If the charging magnets repel, the device will not charge.

You can charge correctly if the magnets attract whilst charging,

While charging

Image: This illustration demonstrates the proper magnetic charging interface. It highlights that if the charging magnets repel, the device will not charge. Conversely, if the magnets attract, the smartwatch will charge correctly, as indicated by the charging icon on the device screen.

MAINTENANCE

To ensure the longevity and optimal performance of your charging cable:

- **Keep Clean:** Regularly wipe the magnetic charging contacts on both the cable and your smartwatch with a dry, soft cloth to remove dust or debris.
- **Avoid Liquid Exposure:** Do not expose the charger to water or other liquids.
- **Proper Storage:** When not in use, store the cable in a cool, dry place. The flexible PVC cable is designed for easy rolling and convenient storage.
- **Handle with Care:** Avoid bending the cable sharply or pulling it by the cord when disconnecting. Always grasp the plug.

Image: This diagram illustrates the robust construction of the charging cable, featuring a Pure Copper Probe for efficient and stable conduction, an ABS+PC housing for durability, and a Flexible PVC Cable that is easy to roll and convenient for storage. The cable measures 3.3 feet (1 meter) in length.

TROUBLESHOOTING

If you encounter issues with your charger, refer to the following common problems and solutions:

- **Smartwatch Not Charging:**

- Ensure the USB-A end is fully inserted into a working power source.
- Check if the magnetic connector is correctly aligned and attracting to the smartwatch contacts. If the magnets repel, flip the connector 180 degrees.
- Clean the charging contacts on both the cable and the smartwatch.
- Try a different USB power adapter or USB port.

- **Slow Charging:**

- Ensure your power adapter provides sufficient power (e.g., 5 watts). Low-power USB ports (like some

older computer ports) may charge slower.

- Check for any debris on the charging contacts that might impede efficient power transfer.

- **Cable Damage:**

- If the cable or connector appears physically damaged, discontinue use immediately and replace it.

SPECIFICATIONS

Brand	Lamshaw
Model	Magnetic USB Replacement Charging Cable
Connector Type	USB-A (Male) to Magnetic (Male)
Cable Type	USB
Compatible Devices	Mu-Go P36 Smartwatch 1.69", Mo-tast 1.69" Smartwatch, Mo-tast P98, P99 Smartwatch, AGPTEK Smartwatch LW11
Special Features	Travel-friendly, Magnetic connection, Built-in Short-circuit protection IC
Color	Black
Cable Length	3.3 feet / 1 meter
Item Weight	0.03 Kilograms (approx. 1.16 ounces)
Wattage	5 watts
Package Quantity	2 cables
Manufacturer	Lamshaw
Date First Available	August 4, 2021

WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the seller's policy or contact Lamshaw directly through their official channels. Specific warranty details are not provided in this manual.

For further assistance or inquiries, please contact the manufacturer or your point of purchase.

ASK A QUESTION ABOUT THIS MANUAL
